

The Williams Companies, Inc.

On March 28, 2019, The Williams Companies, Inc. (the “Company”) filed with the Securities and Exchange Commission a definitive proxy statement (the “Proxy Statement”) for the Company’s 2019 Annual Meeting of Stockholders to be held on May 9, 2019. This additional proxy material is being filed to replace the chart appearing on page 40 of the Proxy Statement, in which the row with the total stockholder return for the Company was incorrectly labeled as the row with the total stockholder return for the S&P 500 Index and vice versa. All other information in the original chart, including the graphical depiction of the returns for both the Company and the S&P 500 Index, was correct.

The correctly labeled chart is set forth below in its entirety.

Except as specifically revised by the information contained herein, this additional proxy material does not modify, amend or otherwise affect any of the other information set forth in the Proxy Statement. This additional proxy material should be read with the Proxy Statement, and, from and after the date of this additional proxy material, any references to the “Proxy Statement” shall be deemed to include the Proxy Statement as revised hereby.
