Part II Organizational Action Attach additional statements if needed. See back of form for additional questions.

14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ▶ The Williams Companies, Inc. (WMB) distributed cash to holders of its Series B preferred stock on March 27, 2023 (\$18.13 per share), June 26, 2023 (\$18.13 per share), September 25, 2023 (\$18.13 per share), and December 26, 2023 (\$18.13 per share).
WMB also distributed cash to holders of its common stock on March 27, 2023 (\$0.4475 per share), June 26, 2023 (\$0.4475 per share), September 25, 2023 (\$0.4475 per share), and December 26, 2023 (\$0.4475 per share).

WMB estimates that its earnings and profits will be insufficient to characterize all of the 2023 distributions as dividends. WMB estimates:

- 1) all of the preferred distributions will be characterized as dividends and
- 2) a portion of the common distributions will be characterized as non-dividend distributions treated as a return of capital.

Pursuant to the applicable Treasury Regulations under Section 6045B, if these assumptions turn out to be incorrect, WMB will file a corrected Form 8937 within 45 days of such determination.

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ▶ Based on reasonable assumptions regarding information available at the time of this posting:
1) all of the preferred distributions made during 2023 are expected to be characterized as dividends
2) a portion of the common distributions made during 2023 are expected to be characterized as non-dividend distributions treated as a non-taxable return of capital to the extent of a common shareholder's tax basis in each common share

Any non-dividend distribution exceeding a shareholder's tax basis in preferred or common shares is taxable as a capital gain.

See details attached.

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ▶ The calculation of the change in basis relates to The Williams Companies, Inc.'s estimate of current and accumulated earnings and profits for the tax year 2023 and the reasonable assumptions related thereto.

Part II Organizational Action *(continued)*
