WE MAKE CLEAN ENERGY HAPPEN®

Alan S. Armstrong
Executive Board Chair

Chad J. Zamarin
President and Chief Executive Officer

FELLOW STOCKHOLDERS,

In 2025, Williams delivered another year of strong performance. Our teams executed major projects across our system, advanced our long-term strategy, and positioned the company to meet the next generation of energy demand. None of this would be possible without the dedicated men and women who operate our assets every day — often across vast geographies and extreme conditions — to ensure the energy Americans rely on remains abundant, affordable, and reliable. Their commitment is the foundation of our success.

Alongside this performance, we completed a thoughtfully planned, multi-year transition in executive leadership, reinforcing continuity and stability as the nation's leading natural gas infrastructure provider. Alan Armstrong was appointed executive Board Chair following a successful 14-year tenure as President and CEO. Chad Zamarin became President and CEO and joined the Board, while Stephen Bergstrom assumed the role of independent Lead Director. Together, these changes reflect our long-term approach to governance and our commitment to disciplined execution and value creation.

Financial Results Underscore Business Strength

In 2025, we delivered GAAP net income of \$2.615 billion and record Adjusted EBITDA of \$7.75 billion,* achieving the midpoint of guidance that we raised three times by a total of \$350 million. This performance reflects disciplined execution and the enduring value of our irreplaceable natural gas infrastructure — some of the nation's most critical assets that are strategically located to serve growing domestic demand, expanding LNG exports, and a rapidly evolving power generation landscape.

Our strategy is grounded in a simple reality: the world needs more energy, and natural gas is one of the cleanest, most efficient solutions. Not only has U.S. natural gas demand increased by more than 73% since 2010, it is expected to grow by nearly 35% over the next decade, according to Wood Mackenzie. Natural gas remains the most reliable, dispatchable fuel supporting the grid and has driven more than 60% of U.S. emissions reductions over the past 15 years by displacing coal.

** A reconciliation of all non-GAAP financial measures to their nearest GAAP comparable financial measures is included in Appendix A.*

A Legacy of Solving Big Energy Challenges

Natural gas demand is accelerating, yet infrastructure has not kept pace. Constraints in pipeline capacity have increased costs for consumers, as seen during winter storms in the Northeast, when prices spiked despite abundant supply and record storage levels. Those challenges are not supply-driven — they are infrastructure-driven. That is why we continue to advocate for meaningful permitting reform to modernize regulatory processes and enable the timely development of critical energy infrastructure.

Williams' history has prepared us well for this moment. From building global pipeline networks in the mid-20th century to constructing the War Emergency Pipelines during World War II, our legacy is defined by innovation, scale, and problem-solving. That legacy continues today as we expand our strategic focus beyond traditional midstream.

Power Innovation: Serving Data Centers and Next-Gen Load

Through our power innovation platform, we are addressing unprecedented power demand driven by data centers, advanced computing, and AI development. Customers need reliable generation quickly, and Williams is uniquely positioned to deliver fully integrated, behind-the-meter natural gas generation by leveraging our pipeline footprint, turbine expertise, construction capabilities, and proven reliability.

In just one year, we have commercialized multiple large-scale projects and now have more than \$7 billion in power innovation projects under execution.

At full run rate, these projects are expected to generate approximately \$1.4 billion of annual EBITDA by 2029 under long-term, take-or-pay contracts.

Raising Our Long-term Growth Outlook

Looking ahead, we are raising our long-term growth outlook to 10%-plus Adjusted EBITDA CAGR through 2030, supported by contracted, high-return projects already underway across our pipeline, storage, gathering, and power innovation portfolios. We remain committed to maintaining our investment-grade balance sheet, sustaining our more than 50-year record of dividend payments, and delivering attractive, growing returns to stockholders.

Williams is built for resilience, positioned for growth, and guided by a commitment to doing what we say we will do. We believe natural gas and our infrastructure will continue to play a central role in delivering a cleaner, more affordable energy future for decades to come.

Thank you for your investment, trust, and continued support of Williams.

Board Refreshment Timeline

↑

2025  **Chad J. Zamarin**
Our newest director has already left his mark on Williams, facilitating multiple successful acquisitions. As CEO, Mr. Zamarin will work with the Board to continue bringing long-term value to our stockholders.

2023  **Carri A. Lockhart**
A current CEO and a previous Chief Technology Officer for international energy companies in the upstream sector, Ms. Lockhart capitalizes on both experiences to enhance our Board oversight.

2022  **Richard E. Muncrief**
Mr. Muncrief served as CEO of two oil and gas exploration companies, guiding both through significant mergers and acquisitions. He uses his strong operational background to strengthen our Board discussions.

2020  **Jesse J. Tyson**
Mr. Tyson draws from his lifelong career at Exxon Mobil Corporation to bring us market perspective from a large integrated oil and gas company.

2020  **Rose M. Robeson**
Ms. Robeson, our Audit Committee Chair, brings a wealth of financial experience to our Board, both from serving on other public company board audit committees and from previously serving as CFO at a midstream energy company.

Our Board Skills Matrix, which is summarized to the left, outlines the skills and experience of the current nominees to our Board. As shown in the matrix, the Board believes director candidates can better contribute to Board oversight and discussions if they have prior energy industry experience, which is why 100% of our director candidates have such experience.

Our Board Refreshment Timeline above demonstrates the Board's thoughtful efforts to find quality candidates that are a good fit for our Board, which is a process managed by the Board's Governance and Sustainability Committee. As detailed in the "Building an Effective Board" section, the Board seeks candidates with energy experience and that have a variety of backgrounds and perspectives.

Our Governance Best Practices

DIRECTOR INDEPENDENCE AND BOARD LEADERSHIP

- Prioritize Board independence. 9 of 11 director nominees are independent.
- Allow only independent directors to serve on the Audit, Compensation and Management Development, and Governance and Sustainability Board committees.
- Conduct regular executive sessions without management.
- Elect a lead independent director to facilitate oversight by independent directors.

GOVERNANCE PRACTICES

- Review corporate governance documents annually, including Board committee charters.
- Prohibit pledging, hedging, short sales, and derivative transactions in Company securities by directors, officers, and employees.
- Maintain stock ownership guidelines for directors.
- Prohibit director overboarding to prevent a director from serving on more than four public company boards (including our Board) and an Audit Committee member from serving on the audit committee of more than three public companies (including our Audit Committee) without Board approval.
- Present directors with comprehensive director onboarding programs and continuing education opportunities.

ROBUST REFRESHMENT

- Seek highly qualified candidates that offer a wide variety of skills, experience, and perspectives.
- Maintain a policy that provides for retirement at the annual meeting after a director turns 75 years old, unless the Board approves an exception.
- Conduct annual performance self-evaluations, including assessing the size, structure, composition, and function of the Board and its committees.

STOCKHOLDER RIGHTS AND ENGAGEMENT

- Elect all directors annually by a majority vote for uncontested director elections (plurality voting in contested elections).
- Provide for an annual stockholder advisory vote on executive compensation.
- Allow proxy access, so that holders of 3% of our stock for at least three years may include the greater of two nominees or nominees representing 20% of our Board in our proxy statement if they meet the eligibility and notice requirements in our bylaws and charter.
- Provide for the removal of directors with a majority vote, with or without cause.
- Pursue robust year-round stockholder engagement.

BOARD AND COMMITTEE OVERSIGHT

- Engage in comprehensive senior management succession planning.
- Evaluate, at least annually, our long-term strategy, risks, and opportunities.
- Exercise strategic oversight over Company risk, including sustainability, cybersecurity, political contributions, human capital management, environmental, health and safety (“EH&S”) matters, and our Ethics and Compliance Program.

Recent Changes

- In 2025, we amended our Corporate Governance Guidelines to address the change in our Board leadership structure.
- In 2025, we amended (1) the Code of Conduct for Suppliers and Contractors to address sustainable procurement, habitat protection, and water stewardship; and (2) the Policy on Securities Trading to provide for an electronic pre-clearance process.
- In 2024, we amended the Audit Committee Charter to clarify that the Audit Committee will annually review our Delegation of Authority Policy and make recommendations to the Board as needed.

OUR EXECUTIVE COMPENSATION

Proposal 2: Approve, on an Advisory Basis, the Compensation of Our Named Executive Officers

THE BOARD UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE “FOR” THE PROPOSAL TO APPROVE, ON AN ADVISORY BASIS, THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

2025 Compensation Snapshot

Our executive compensation program reflects our pay philosophy, utilized throughout the entire organization, to pay for performance and execution of our corporate strategy on an annual and long-term basis. The key components of our 2025 executive compensation program and how each supports our compensation objectives are summarized below, and our entire executive compensation program is described in detail in the “**Compensation Discussion and Analysis**” section. For 2025, we made only minor changes to our performance-based restricted stock unit performance criteria, reflecting the strong stockholder support of the executive compensation program design in our annual “say-on-pay” vote.

* Beginning in 2025, CROIC replaced Return on Capital Employed (ROCE) as a performance metric. AFFO per Share and Relative TSR were retained as performance criteria for the PSUs awarded in 2023, 2024, and 2025.

Our Compensation Best Practices

Our Board and the Compensation and Management Development Committee (“Compensation Committee”) oversee the design and administration of the executive compensation program for our CEO and other named executive officers (“NEOs”). The process includes, among other things, an annual review of the compensation program structure, reflection on stockholder feedback received as well as the prior year say-on-pay results, input from an independent compensation consultant, peer comparisons, and performance evaluations. The tables below highlight select best practices utilized in our compensation process.

What We Do

✔ **INDEPENDENT ADMINISTRATION**

The Compensation Committee, which is comprised of only independent directors, oversees CEO and NEO pay, including retention of an independent compensation consultant.

✔ **COMPENSATION BENCHMARKS**

With the assistance of our independent compensation consultant, we annually benchmark our compensation program against a compensation peer group determined based on several factors, including total assets, market capitalization, and enterprise value.

✔ **PRE-ESTABLISHED PERFORMANCE GOALS**

We align our incentive-compensation to both short-term and long-term Company performance with pre-established performance targets.

✔ **STOCKHOLDER ENGAGEMENT**

We provide an annual opportunity for stockholders to vote on an advisory basis to approve our NEO compensation and regularly discuss executive compensation with our stockholders.

✔ **MINIMUM THRESHOLDS AND MAXIMUM AWARD CAPS**

All of our variable compensation plans have minimum thresholds that must be met prior to any payment and have caps on the total amount that we can pay out. Our AIP awards and our performance-based equity awards cap payout at 200% of target.

✔ **STOCK AWARD VESTING PERIODS**

RSU awards provided to our NEOs generally vest three years from grant date.

✔ **“DOUBLE TRIGGERS” FOR EQUITY OR SEVERANCE PAYMENTS FOR A CHANGE IN CONTROL**

Severance payments and accelerated vesting of equity awards in the event of a change in control require both a change in control and a termination under certain circumstances without cause (“double trigger”), unless the acquiring company does not assume or replace the awards.

✔ **CLAWBACKS OF EXECUTIVE COMPENSATION**

The Board may recoup incentive compensation in certain circumstances including for fraud or intentional misconduct and as required by the New York Stock Exchange.

✔ **ROBUST EQUITY OWNERSHIP GUIDELINES**

We have established stock ownership guidelines to appropriately align the interests of our executive officers and directors with our stockholders:

MULTIPLE OF BASE SALARY/ANNUAL CASH RETAINER	
Directors	5x
CEO	6x
Executive and Senior Vice Presidents	3x

What We Don't Do

⊗ **NO EMPLOYMENT AGREEMENTS WITH OUR NEOS EXCEPT STANDARD CHANGE IN CONTROL AGREEMENTS**

⊗ **NO CASH DIVIDEND EQUIVALENTS ON RSUS UNTIL ELIGIBLE RSUS VEST AND ARE DISTRIBUTED**

⊗ **NO EXCISE TAX GROSS UP PAYMENTS PROVIDED FOR IN OUR CHANGE IN CONTROL AGREEMENTS**

⊗ **NO EXCESSIVE PERQUISITES**

⊗ **NO REPRICING OR REPLACING UNDERWATER STOCK OPTIONS**

⊗ **NO PRICING STOCK OPTIONS BELOW GRANT DATE FAIR MARKET VALUE**

⊗ **NO SHARE RECYCLING FOR STOCK OPTIONS**

⊗ **NO HEDGING OR PLEDGING OF COMPANY STOCK**

Our Policy on Securities Trading prohibits our directors, officers, and employees from engaging in hedging activities related to our securities or from pledging our securities as collateral for a loan.

ELECTION OF DIRECTORS

PROPOSAL 1:

Elect 11 Director Nominees for a One-Year Term.

THE BOARD UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE “FOR” EACH OF THE LISTED DIRECTOR NOMINEES.

The Board has nominated 11 director nominees to each serve as directors of the Company for a one-year fixed term expiring at the 2027 annual meeting of stockholders as follows: Alan S. Armstrong, Stephen W. Bergstrom, Michael A. Creel, Carri A. Lockhart, Richard E. Muncrief, Peter A. Ragauss, Rose M. Robeson, Scott D. Sheffield, William H. Spence, Jesse J. Tyson, and Chad J. Zamarin. Each nominee was previously elected to our Board at our annual meeting of stockholders on April 29, 2025 except for Mr. Zamarin, who was appointed on July 1, 2025 simultaneously with his appointment as the Company’s President and CEO.

The By-Laws of The Williams Companies, Inc. (the “By-laws”) provide for a majority voting standard in uncontested director elections. In other words, assuming the presence of a quorum, a director nominee will be elected to our Board if the votes cast for such nominee’s election exceed the votes cast against such nominee’s election. Each of our directors execute an irrevocable resignation that will become effective if (1) he or she fails to receive a majority of the votes cast in an uncontested election and (2) the Board accepts such resignation. If a director fails to receive the required votes for election, the Governance and Sustainability Committee will make a recommendation to the Board, and the Board will determine whether to accept the resignation. To make the determination, the Governance and Sustainability Committee and the Board may consider any factors they deem relevant. The director whose tendered resignation is under consideration abstains from participating. The Board will publicly disclose its decision within 90 days of the date the election results are certified. If the Board accepts a director’s resignation, the Governance and Sustainability Committee will recommend, and the Board will determine, whether to fill such vacancy or reduce the Board size.

Unless otherwise instructed, the individuals designated by the Board as proxies will vote the proxies received for the director candidates nominated by the Board. Each of the director nominees has consented to serve on the Board, and the Board has no reason to believe any nominees will be unable or unwilling to serve if elected. If a nominee is unable to or unwilling to stand for election as a director, either the designated proxies will vote to elect another nominee recommended by the Board, or the Board may choose to reduce its size.

Director Independence

Our Corporate Governance Guidelines require that all members of the Board, except our President and CEO and Board Chair, if the Chair is a part of management, be “independent” as defined by the NYSE Listed Company Manual, and that the Board assess director independence annually. The NYSE’s Listed Company Manual defines independence by providing that the Board affirmatively determine that a director has no material relationship with the Company, either directly or as a partner, stockholder, or officer of an organization that has a relationship with the Company. Material relationships can include commercial, industrial, banking, consulting, legal, accounting, charitable, and familial relationships. In evaluating independence, the NYSE Listed Company Manual provides that a board should broadly consider all relevant facts and circumstances and further provides that a director is not independent if he or she meets certain criteria, including specified dollar and percentage threshold amounts.

Our Governance and Sustainability Committee oversees our director nomination process and conducts a review of director independence to make recommendations to the Board. Our Board makes the final determination of independence. Based on the evaluations performed and recommendations made by the Governance and Sustainability Committee, in January 2026, the Board affirmatively determined that each of Mr. Bergstrom, Mr. Creel, Ms. Doré, Ms. Lockhart, Mr. Muncrief, Mr. Ragauss, Ms. Robeson, Mr. Sheffield, Mr. Spence, and Mr. Tyson are independent as defined by the NYSE’s Listed Company Manual. Mr. Armstrong is not independent because of his role as Executive Board Chair, and Mr. Zamarin is not independent because of his role as the Company’s President and CEO.

As part of the independence evaluation and determination, the Governance and Sustainability Committee considered the below matters. The Board determined the matters described below occurred in the ordinary course of business, and, where applicable, fell below the relevant thresholds for independence as set forth in the NYSE’s Listed Company Manual. Additionally, none of these matters qualified as related party transactions as defined in Item 404(a) of Regulation S-K under the Securities Act of 1933, as amended, (the “Securities Act”) and the Securities Exchange Act of 1934, as amended (the “Exchange Act”).

Director Compensation

All non-employee directors receive both an annual cash retainer and an annual grant of time-based RSUs for their service on the Board totaling \$305,000. The below table sets forth the breakdown of payments to our non-employee directors as follows:

TYPE OF PAYMENT	AMOUNT PAID	TERMS OF PAYMENT
Annual Cash Retainer	\$ 120,000	Paid in quarterly installments.
Annual Equity Retainer (RSU)	\$ 185,000	Paid annually on the date of the annual meeting and deferred until the director's retirement from the Board. Dividend equivalents on the RSUs are reinvested until distribution.

Directors who perform additional leadership roles receive the following compensation:

LEADERSHIP ROLE	TYPE OF PAYMENT	AMOUNT PAID	TERMS OF PAYMENT
Independent Lead Director	Annual Equity Retainer (RSU)	\$ 200,000	Paid annually on the date of the annual meeting and deferred until the director's retirement from the Board. Dividend equivalents on the RSUs are reinvested until distribution.
Audit Committee Chair	Annual Cash Retainer	\$ 30,000	Paid in quarterly installments.
Compensation & Management Development Committee Chair	Annual Cash Retainer	\$ 20,000	Paid in quarterly installments.
Environmental, Health & Safety Committee Chair	Annual Cash Retainer	\$ 20,000	Paid in quarterly installments.
Governance and Sustainability Committee Chair	Annual Cash Retainer	\$ 20,000	Paid in quarterly installments.

The annual retainer increased from \$290,000 to \$305,000 for the 2024-2025 fiscal year to align to market. The annual cash retainer was increased from \$115,000 to \$120,000, and the annual equity retainer was increased from \$175,000 to \$185,000.

Our Board maintains minimum share-ownership guidelines requiring each non-employee director to hold WMB shares with a value equal to at least five times the annual cash retainer. Under these guidelines, directors must retain 60 percent of distributed vested equity awards until their ownership guidelines are met. All non-employee directors were in compliance with these guidelines in 2025.

The annual equity retainer, prior to the 2026 equity award, is deferred until the director's retirement from the Board. Beginning with the 2026 equity awards, there is a mandatory one-year deferral from grant date. Beginning with the 2027 and subsequent equity awards, Board members may, in the year prior to the year of grant, make an election to defer awards either one year from grant date or until the director leaves the Board.

Non-employee directors generally receive their compensation for a fiscal year beginning on the date of the annual stockholders meeting. The following table shows how compensation is paid to individuals who become non-employee directors after the annual meeting. In this case, the equity retainer would be paid the first of the month following appointment, and the cash retainers will be paid on the scheduled quarterly payment dates.

AN INDIVIDUAL WHO BECAME A NON-EMPLOYEE DIRECTOR	BUT BEFORE	WILL RECEIVE
after the annual meeting	August 1	full compensation
on or after August 1	the next annual meeting	pro-rated compensation

Non-employee directors are reimbursed for expenses (including costs of travel, food, and lodging) incurred in attending Board, committee, and stockholder meetings. Directors are also reimbursed for reasonable expenses associated with other business activities, including participation in director education programs. In addition, Williams pays premiums on directors' and officers' liability insurance policies.

Like all Williams employees, directors are eligible to participate in the Williams Matching Grant Program for eligible charitable organizations and the United Way Program. The maximum matching contribution in any calendar year is \$10,000 for a participant in the Matching Grant Program and \$25,000 for a participant in the United Way Program.

CORPORATE GOVERNANCE

Overview

Our Board helps establish the foundation needed for running our business with integrity, honesty, and accountability, ensuring that the Company's actions align with the long-term interests of our stockholders. Below is a roadmap for how our Board facilitates strong corporate governance at Williams.

1 Building an Effective Board SEE PAGES 28-31

Strong corporate governance starts with building an effective Board. The Board identifies and nominates director candidates that are a good fit for the Company's evolving needs and strategy. This section details the process, which begins with an annual evaluation of Board performance and needs and ends with the annual election of our directors by majority stockholder vote. Our director retirement policy and our consideration of director candidates with a diversity of race, ethnicity, and gender help us maintain an effective mix of institutional knowledge and fresh perspectives and a well-rounded pool of skills, experience, and perspectives.

2 Creating an Effective Board Structure SEE PAGES 32-33

Our Board leadership and organizational design, including the delegation of tasks to Board committees, ensures the Board exercises strategic oversight over the Company's organizational planning, strategy, and risk management, focusing on the major risks inherent in our business. This section explains the Board's structure and why the Board believes this structure is effective for corporate governance at Williams, including the election of an independent lead director and the importance of having only independent directors serve on the Audit, Compensation, and Governance and Sustainability Board committees.

3 Executing on Effective Corporate Governance SEE PAGES 34-50

The execution of effective corporate governance at Williams includes written policies that are annually reviewed to maintain best practices, regularly scheduled meetings of directors with and without management, work performed by the Board committees to oversee specific subject matters, and the solicitation and integration of feedback from stockholders. Specific details regarding the Board's oversight of CEO succession planning, Company strategy, cybersecurity, political engagement, human capital management and environmental stewardship are in this section, as well as a discussion of stockholder engagement.

BUILDING AN EFFECTIVE BOARD

1 EVALUATE BOARD PERFORMANCE AND DEVELOP DIRECTOR NOMINEE CRITERIA

The Governance and Sustainability Committee is responsible for developing and recommending to the Board the qualifications and criteria that we look for in directors who serve on our Board.

The minimum qualifications the Governance and Sustainability Committee believes a director must possess include the following:

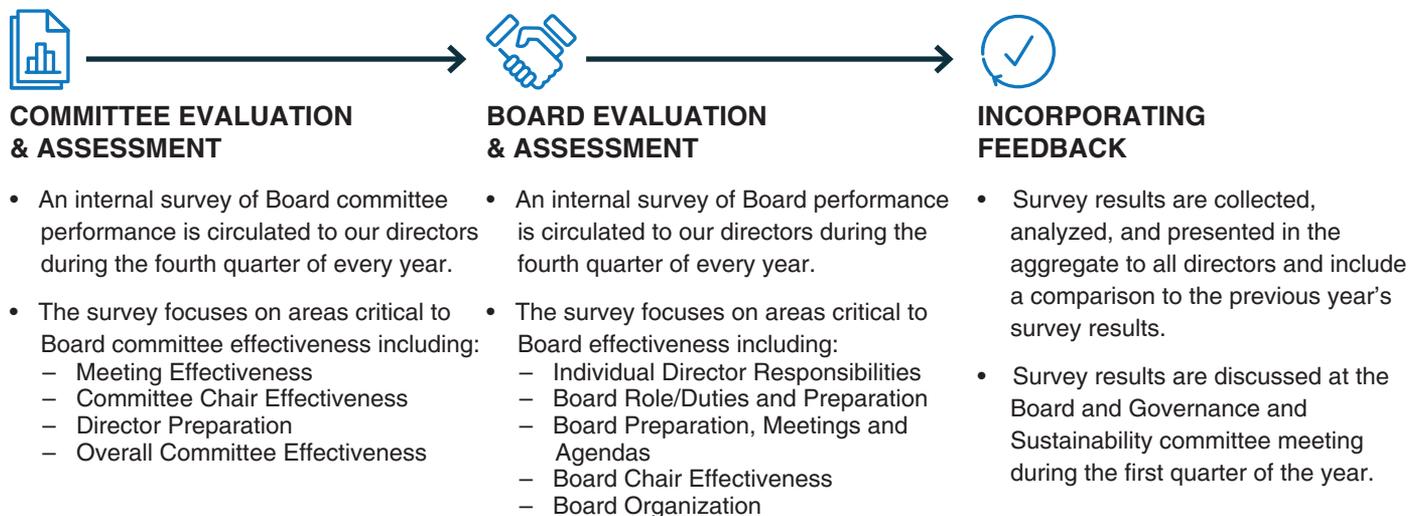

- an understanding of business and financial affairs and the complexities of a business organization;
- a genuine interest in Williams and in representing all our stockholders;
- a willingness and ability to spend the time required to function effectively as a director;
- an open-minded approach, and the resolve to make independent decisions on matters presented for consideration;
- a reputation for honesty and integrity beyond question;
- independence as defined by the NYSE Listed Company Manual and qualifications otherwise required in accordance with applicable law or regulation;
- strong intellectual capital, performance enhancing ideas, and strong networks that could contribute to stockholder value;
- the ability to enhance the decision-making process by bringing relevant knowledge, rigorous analysis, and a desire for constructive engagement; and
- demonstrated, seasoned judgment for decisions involving broad and multi-faceted issues.

Additionally, our Board seeks energy-experienced directors with a variety of occupational and personal backgrounds to obtain a range of viewpoints and perspectives. The Board believes that diversity of experience, geography, race or ethnicity, gender, and age, among other items, enhances the Board's effectiveness and oversight with deeper and more insightful discussions.

The Governance and Sustainability Committee reviews the skills, experience, and perspectives that are currently represented on the Board by each individual director, as well as the skills, experience, and perspectives that the Board will find valuable in the future, given the Company's current situation and strategic plans. For a detailed list of the skills, experience, and perspectives of the current nominees to our Board, see the "**Election of Directors**" section, which contains our Board Skills Matrix.

The Governance and Sustainability Committee also oversees our annual board evaluation process, which includes reviewing the evaluation process effectiveness. In addition, the Governance and Sustainability Committee routinely evaluates the size, structure, composition, and function of the Board and its committees. These evaluations help the Governance and Sustainability Committee further refine criteria needed for service on our Board and plan for director succession and Board needs.

The evaluation process for the Board and each Board committee includes the following:

COMMITTEE EVALUATION & ASSESSMENT

- An internal survey of Board committee performance is circulated to our directors during the fourth quarter of every year.
- The survey focuses on areas critical to Board committee effectiveness including:
 - Meeting Effectiveness
 - Committee Chair Effectiveness
 - Director Preparation
 - Overall Committee Effectiveness

BOARD EVALUATION & ASSESSMENT

- An internal survey of Board performance is circulated to our directors during the fourth quarter of every year.
- The survey focuses on areas critical to Board effectiveness including:
 - Individual Director Responsibilities
 - Board Role/Duties and Preparation
 - Board Preparation, Meetings and Agendas
 - Board Chair Effectiveness
 - Board Organization

INCORPORATING FEEDBACK

- Survey results are collected, analyzed, and presented in the aggregate to all directors and include a comparison to the previous year's survey results.
- Survey results are discussed at the Board and Governance and Sustainability committee meeting during the first quarter of the year.

2

RECRUIT DIRECTORS WITH APPLICABLE SKILLS, EXPERIENCE, AND PERSPECTIVES

The Governance and Sustainability Committee and the Board recruit directors and receive recommendations for director candidates from a variety of different sources, including referrals from management or existing members of the Board, and the following:

Rooney Rule. In 2021, our Board added the Rooney Rule to our Corporate Governance Guidelines requiring consideration of candidates with a diversity of race, ethnicity, and gender each time the Governance and Sustainability Committee evaluates filling a vacancy or new position on the Board. The Board believes this will result in recruiting candidates from historically underrepresented groups.

Search Firms. The Governance and Sustainability Committee may source candidates through outside search firms, and, in such case, the Rooney Rule still applies to the candidate pool provided.

Stockholder Recommendations. Stockholders may recommend a candidate to the Governance and Sustainability Committee by sending the candidate's name and a detailed description of the candidate's qualifications, a document indicating the candidate's willingness to serve, and evidence of the stockholders' stock ownership to: The Williams Companies, Inc., One Williams Center, MD 47, Tulsa, Oklahoma 74172, Attn: Corporate Secretary.

Stockholder Nominations. Our By-laws also provide that a stockholder may nominate director candidates for election if the stockholder is a stockholder of record (1) when making a nomination, and (2) on the record date for the determination of the stockholders entitled to vote at such annual meeting of stockholders. The stockholder must also satisfy the procedures provided in the By-laws, including providing notice of a nomination in proper written form. Our corporate secretary must receive the notice at our principal executive offices not later than the close of business on the 90th calendar day, nor earlier than the close of business on the 120th calendar day, prior to the anniversary of the date of the immediately preceding annual meeting of stockholders. To be timely for our 2027 annual meeting of stockholders, our corporate secretary must receive notices not earlier than December 29, 2026, and not later than January 28, 2027.

Proxy Access. Our By-laws contain a “proxy access” provision allowing stockholders to include in our proxy materials information regarding director candidates nominated by stockholders in certain circumstances.

For the proxy access option, our corporate secretary must receive the notice at our principal executive offices not later than the close of business on the 120th calendar day, nor earlier than the close of business on the 150th calendar day, prior to the anniversary of the date (as stated in our proxy materials) the definitive proxy statement was first released to stockholders in connection with the preceding year’s annual meeting of stockholders. For our 2027 annual meeting of stockholders, our corporate secretary must receive such notice not earlier than October 19, 2026, and not later than November 18, 2026.

The above-described notice and procedures are summaries and are not complete. For further information, please refer to our By-laws, which are included as an exhibit to our annual report on Form 10-K filed with the SEC and available on our website at www.williams.com.

Universal Proxy Cards. In addition to satisfying the deadlines in the advance notice provisions of our By-laws for stockholder nominations, a stockholder who intends to solicit proxies in support of nominees submitted under these advance notice provisions must provide the other notices required under Rule 14a-19 of the Exchange Act to our corporate secretary no later than 60 days prior to the one-year anniversary of the previous annual meeting of stockholders. To be timely for our 2027 annual meeting of stockholders, our corporate secretary must receive such notice no later than March 1, 2027.

For information concerning submitting a proposal regarding matters other than the election of directors, please see the “**Questions and Answers About the Annual Meeting and Voting**” section.

3

ASSESS DIRECTOR NOMINEES AND MAKE RECOMMENDATIONS

For new director nominees, the Governance and Sustainability Committee conducts a preliminary assessment of each candidate’s resume, other biographical and background information, and willingness to serve. The Governance and Sustainability Committee considers a variety of factors, including each nominee’s independence, financial literacy, personal and professional accomplishments, and skills, experience, and attributes in light of the Company’s needs and priorities.

The Board Chair and the Governance and Sustainability Committee Chair then interview qualified candidates. Candidates also may meet with other directors and senior management. At the conclusion of this process, the Governance and Sustainability Committee makes a recommendation to the Board whether to appoint the candidate to the Board or recommend that our stockholders elect such person as a director at the next annual meeting. The Governance and Sustainability Committee uses the same process to evaluate all candidates regardless of the source of the nomination.

For incumbent director nominees, the Governance and Sustainability Committee also considers the following:

- **Attendance.** The Governance and Sustainability Committee receives a quarterly report on director attendance at Board and committee meetings.
- **Composition.** The Governance and Sustainability Committee receives a quarterly report on Board composition that includes information on director’s background experience, tenure, mandatory retirement schedules, and the Board Skills Matrix.

- **Participation and Preparedness.** The Governance and Sustainability Committee reviews the annual Board and Board committee evaluations.
- **Time Commitments.** The Governance and Sustainability Committee receives a quarterly report on director service on other company boards. Our Corporate Governance Guidelines prohibit directors that serve on our Board from serving on more than four public company boards (including our Board) without Board approval. Additionally, any directors who are executive officers of public companies should limit their service as directors to only two public company boards (including our Board). Similarly, our Corporate Governance Guidelines prohibit an Audit Committee member from serving on more than three Audit Committees (including our Board) without Board approval. Before accepting a position on another public company Board, directors must notify the CEO, Board Chair, and independent Lead Director, so that the Governance and Sustainability Committee can evaluate continued independence, any potential related party transactions, and overall time commitment.

4

APPOINT DIRECTORS AND RECOMMEND DIRECTORS FOR ELECTION

The Board may elect, by a majority vote, a director nominee recommended by the Governance and Sustainability Committee to our Board. Additionally, the Board, upon the recommendation of the Governance and Sustainability Committee, nominates director candidates for election at the annual meeting of stockholders. Stockholders also have certain rights to nominate director candidates for election as described on the preceding page.

5

ELECT DIRECTORS ANNUALLY BY MAJORITY STOCKHOLDER VOTE

Stockholders annually elect the directors who will serve on our Board at the annual meeting of stockholders. Such election is conducted by applying a majority voting standard in uncontested elections and a plurality voting standard for contested elections as described in further detail in the “**Election of Directors**” section.

Director Orientation and Onboarding

For any new directors, we conduct an orientation at our headquarters in Tulsa prior to the new director attending his or her first Board meeting. The orientation kicks off with a general overview of the Company from our President and CEO, which includes Williams’ Vision, Mission, and Core Values; our strategy, plan, and goal setting process; and an introduction to our executive management team. Throughout the orientation, the new director spends time with each member of our executive management team. Other members of management may participate in presentations as well. Topics covered include the following:

- an overview of our assets and operations, the drivers of profitability, and key risks and control systems, which includes a discussion of our cybersecurity program;
- an overview of financials, including historical performance/forecasts, key financial metrics, investor relations, and the company’s annual financial planning process;
- an overview of legal, government affairs, and compliance, including a report on current significant litigation matters and Federal Energy Regulatory Commission training;
- an overview of audit functions;
- an overview of environmental, safety, and health initiatives and emission reporting and reduction opportunities;
- an overview of our Company organizational structure and human capital management focusing on leadership development, succession planning, and talent recruitment, management, and retention; and
- an overview of the duties and responsibilities of each Board standing committee.

Creating an Effective Board Structure

While the Board is ultimately responsible for oversight, the Board delegates some of this responsibility to one of four standing Board committees. Management also plays an important role in implementing the processes and procedures designed to mitigate risk and assist the Board in the exercise of its oversight function.

Board Structure and Oversight

Board of Directors

- Oversees risk management, including the process for identifying, assessing, and managing risks.
- Shapes the Company’s corporate governance and the conduct of the Company’s business in accordance with the highest ethical standards and in compliance with laws, regulations, and other standards.
- Oversees the CEO by collaboratively setting performance goals and independently assessing performance.
- Oversees the Company’s strategic and financial plans and monitors implementation of those plans.
- Oversees succession planning for the CEO, the Board, and Board committees.

Standing Board Committees*

**As of March 18, 2026*

Each standing Board committee has a charter adopted by the Board outlining the committee’s duties and responsibilities. The Board appoints each committee’s members and chair. At each regular Board meeting, the Board receives reports on significant committee activities. The Board may additionally form ad hoc committees related to certain matters. The Board currently has one ad hoc advisory committee related to our share repurchase program.

AUDIT COMMITTEE

Oversees the engagement of our independent registered public accounting firm, our financial reporting and related internal controls, our internal audit department, the effectiveness of cybersecurity risk management protocols and other risk protocols related to financial matters, and compliance matters related to finance and accounting.

COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE

Oversees executive and equity-based compensation programs, management development and retention, independent director compensation, stock ownership requirements for directors and management, and elements of human capital management.

ENVIRONMENTAL, HEALTH AND SAFETY COMMITTEE

Oversees risk management relating to environmental, health, and safety matters, including oversight of management’s safety-related policies and procedures.

GOVERNANCE AND SUSTAINABILITY COMMITTEE

Oversees Board and Board committee membership, governing policies, officer appointments, ESG strategy and policies (including as related to climate change), and our Ethics and Compliance Program.

- Integrates risk management into our corporate strategy.
- Regularly reports to the Board or Board committees, as applicable, regarding risk management.
- Regularly communicates with the Board regarding the Company’s strategic and financial plans and execution of those plans.

Board Leadership

The Board reviews at least annually its leadership structure to evaluate whether it remains appropriate for the Company. Pursuant to our By-laws and Corporate Governance Guidelines, the positions of Board Chair and President and CEO may be held by the same or different persons. In 2011, the Board separated the offices of Board Chair and CEO and elected an independent director as Board Chair. Stephen Bergstrom served as our Non-Executive Board Chair from 2017 until July 2025.

Upon Mr. Armstrong's retirement as President and CEO in July 2025, the Board asked Mr. Armstrong to continue to serve on the Board as executive Board Chair. The Board believes Mr. Armstrong is currently in the best position to serve as executive Board Chair due to his proven leadership skills and deep understanding of the Company and the industry. Following this transition, Mr. Bergstrom continued his role of leading the independent directors as the independent Lead Director. The Board believes Mr. Bergstrom is currently in the best position to serve as independent Lead Director due to his successful tenure as non-executive Board Chair for the past 8 years and his broad industry knowledge. At this time, the Board believes that having an executive Board Chair and independent Lead Director is the most appropriate Board leadership structure. The Board retains the flexibility to revise the structure based upon its periodic assessment and thoughtful review of the Company's needs and leadership.

Corporate Governance Policies and Best Practices

Our Board has developed corporate governance policies and adopted best practices to guide our risk management and ensure that our core values (Collaborative, Courageous, Competitive, and Creative) are engrained in how we do our work every day on behalf of our stakeholders. Our governing documents are available through the Investors page of our website at www.williams.com. If you prefer to receive printed copies of these documents, please send a written request to our Corporate Secretary at The Williams Companies, Inc., One Williams Center, MD 47, Tulsa, Oklahoma 74172. COMMITTEE CHARTERS

Each standing Board committee has its own charter establishing the committee’s responsibilities, the process for self-evaluation and reporting to the full Board, and requiring members of the Audit, Compensation, and Governance and Sustainability Committees to be independent as defined by the NYSE Listed Company Manual. For information on each committee’s duties, see the committee descriptions later in this section.

- Requiring all directors except the CEO and Board Chair, if the Chair is a member of management, to be independent as defined by the NYSE Listed Company Manual, and requiring the independent directors to meet without management at each regularly scheduled meeting.
- Outlining the criteria important for director candidates.

OTHER POLICIES & STANDARDS

Our Board and management have developed several other policies to help ensure the Company complies with all laws and regulations and operates with the highest ethical standards. Those policies include the following:

- **Policy on Securities Trading.** Prohibits employees, including officers and directors, from engaging in short sales, hedging transactions, speculative transactions, pledging, or any transactions designed to hedge or offset any decrease in the market value of Company securities, including common stock, debt, stock options, and other derivative or non-derivative securities related to Company stock.
- **Policy and Procedures with Respect to Related Person Transactions.** Establishes the process and procedures governing transactions with related parties. Our written Policy and Procedures with Respect to Related Person Transactions covers any transaction or proposed transaction involving our Company and a related party that exceeds \$120,000, and in which the related party had or will have a direct or indirect material interest in the transaction. Related parties include directors and director nominees, executive officers, stockholders beneficially owning more than 5% of the Company's voting securities, and the immediate family members of directors, executive officers and beneficial stockholders owning more than 5% of the Company's voting securities. The Board, excluding the director involved directly or indirectly in the transaction, must review and approve any proposed related person transaction involving a director or the chief executive officer. The Governance and Sustainability Committee reviews proposed transactions with any other related persons that would otherwise require disclosure in our SEC filings. If convening a meeting before a related party transaction occurs is impractical, the Governance and Sustainability Committee Chair may review the transaction alone. The Governance and Sustainability Committee, its Chair, or the Board, as applicable, may approve, in good faith, only those related person transactions that are in, or not inconsistent with, the Company's best interests and the best interests of our stockholders. For this review, considerations include the benefits of the transaction to the Company, the impact on a director's independence where applicable, the availability of comparable products or services, the transaction terms, the terms available to unrelated third parties and employees generally, and the nature of the relationship between the Company and the related party. No related party transactions required review or approval by the Governance and Sustainability Committee, its Chair, or the Board in 2025.

Stockholder Engagement

We proactively seek year-round engagement with stockholders as a cornerstone of our corporate governance practices. Ongoing and constructive dialogue helps us provide the transparency necessary to build relationships and keeps us informed on emerging issues important to our stockholders. The valuable feedback we receive also helps us to better align our strategy with stockholder expectations. We seek out many ways to foster this collaborative relationship, such as through ESG non-deal roadshows, conferences, and quarterly calls. For more information on our engagement with all stakeholders, please see our Sustainability Report published on our website, www.williams.com, which is not incorporated herein.

Board Oversight of Certain Areas

Enterprise Risk and Financial Oversight

At each regularly scheduled Board meeting, the directors meet with management to discuss and approve strategic plans, financial goals, capital spending, and other factors critical to successful performance. The Board also participates in an annual strategy session to evaluate our long-term strategy, which is developed by executive management and incorporates the top risks that could affect the execution of our strategy.

Our risk framework is based on the Enterprise Risk Management Integrated Framework developed by the Committee of Sponsoring Organizations of the Treadway Commission. Our risk taxonomy consists of 20 risks consolidated into four classifications: Strategic, Financial, Operational, and Legal & Compliance.

Through our strategic risk assessment process, which includes various leaders from across the organization, we identify the top risks that could have the largest impact on our strategy from the list of 20 risks. For each top risk, management distinguishes a risk tolerance and assigns a risk alignment rating, and a member of our executive management team is responsible for oversight. Management presents the details of the Strategic Risk Assessment process to the Audit Committee, and executive management discusses top risks, tolerance, and alignment rating with the Board as a part of our long-term strategy. Each Board committee also reviews risks that are in the committee's subject matter expertise through various Board reports and management discussions, which may incorporate top risks identified through the Strategic Risk Assessment process.

are used to test our long-term strategy under a range of potential outcomes using a variety of external inputs and internal analysis.

Cybersecurity

The Board and the Audit Committee are responsible for oversight of our cybersecurity risk. The Board oversees cybersecurity-related policy and strategy. As part of this oversight, our Board reviews a cybersecurity dashboard, which includes key performance indicators for cybersecurity process maturity, operational performance, and enterprise performance toward Transportation Security Administration compliance. Additionally, our Chief Information Officer (“CIO”) and/or our Chief Information Security Officer (“CISO”), present to the Board annually regarding our cybersecurity risks and strategies. The Audit Committee reviews the implementation and effectiveness of cybersecurity risk management protocols and reviews the effectiveness of information technology security as part of the Company’s accounting and internal control policies. As part of this oversight, our CIO and/or CISO present to the Audit Committee bi-annually, as well as periodically in conjunction with any internal audits related to cybersecurity.

We have implemented a comprehensive risk-based Cybersecurity Program that is aligned with the National Institute for Standards and Technology’s (“NIST”) Cybersecurity Framework. Our CISO collaborates with internal stakeholders to develop, implement, and maintain the Cybersecurity Program, ensuring that the program addresses the evolving cybersecurity risk landscape. The CISO also engages with executive leadership to ensure that cybersecurity remains integrated with our overall risk management and strategic objectives. The Cybersecurity Program incorporates best practices and industry standards from multiple sources and includes, but is not limited to, the following elements: risk assessment, policies and procedures, contract management, training and awareness, auditing, compliance monitoring and testing, table-top exercises, and incident response. We further engage with third-party assessors, consultants, auditors, and other experts to review, validate, and enhance our cybersecurity practices. Additionally, we maintain industry-standard cybersecurity insurance to provide further protection against cybersecurity risk.

Ethics and Compliance

annual Code of Business
Conduct training.

Our Governance and Sustainability Committee annually reviews and amends as necessary our Code of Business Conduct and Code of Conduct for Suppliers and Contractors, which set the ethical conduct expectations for our Company, contractors, and suppliers. See earlier in this section for a description of these policies.

We maintain an Ethics and Compliance Program, which is overseen by our Chief Ethics and Compliance Officer (“Chief Compliance Officer”) to administer Code of Business Conduct training and ensure compliance with Company policies, including Federal

Energy Regulatory Commission compliance. We encourage our employees to report suspected violations of any law, regulation, or Company policy and offer several confidential mechanisms for reporting. Our Chief Compliance Officer, or his/her delegee, and the General Counsel report to the Audit Committee regarding accounting and auditing concerns and to the Governance and Sustainability Committee regarding all other Code of Business Conduct concerns or calls to our ethics hotline. The report is generated by our Business Ethics Resource Center (“BERC”) and contains hotline metrics, investigation volume and outcomes, and benchmarking data. At least annually, the Governance and Sustainability Committee reviews the effectiveness of our Ethics and Compliance Program. In January 2023, we presented the results of a third-party assessment of our Ethics and Compliance Program to the Governance and Sustainability Committee.

We also have an Ethics Advisory Panel with representatives from across the Company that meets regularly to oversee the effectiveness of our Ethics and Compliance Program, review comparative benchmark metrics, and recommend enhancements as needed.

Public Policy and Political Activity

The Governance and Sustainability Committee, comprised solely of independent directors, annually reviews the Company's political contributions, including trade associations' and other tax-exempt organizations' dues attributable to lobbying. The Governance and Sustainability Committee and the Audit Committee share oversight responsibility of government relations, with the Governance and Sustainability Committee focusing on policy matters and the Audit Committee focusing on matters concerning numerical integrity.

We actively participate in the political process, including contributing to state and federal public policy discussions, through the lobbying efforts of our Government Affairs and Outreach department and trade associations. Political contributions are made with corporate contributions and from both WILLCO PAC and WILLCO CE PAC, Williams' political action committees, which are registered with the Federal Election Commission. WILLCO PAC and WILLCO CE PAC are independent, nonpartisan entities that raise voluntary contributions from eligible Williams employees to support candidates for congressional and state offices, as permitted by law. The WILLCO PAC and WILLCO CE PAC do not make contributions to Presidential candidates. WILLCO PAC and WILLCO CE PAC's giving includes bipartisan contributions to federal and state campaign committees and candidates for elected office. Our corporate giving includes bipartisan contributions to state and local candidates and campaign committees, where allowed by applicable law. In determining which candidates and initiatives to support, Williams, WILLCO PAC, and WILLCO CE PAC balance the views promoted by a candidate or ballot initiative, the qualifications and effectiveness of the candidate or organization to which the contribution is made, and the appropriateness of the company's level of involvement in the election or ballot initiative. With respect to particular candidates, the Company's considerations include the candidate's understanding of our industry and support for our positions on issues concerning our businesses; position on key committees that consider legislation critical to our business interests; leadership or potential for leadership; representation where Williams' employees or facilities are located; and viability as a successful candidate. We provide a link on our website to the Office of the Clerk for the U.S. House of Representatives, where our federal disclosures for lobbying activities are available, including our aggregate spending for federal lobbying and payments to lobbying service providers.

Williams' government and regulatory affairs team also regularly engages directly with elected officials, nongovernmental organizations, and nonprofits to gain perspectives and to educate about our projects and the critical role and benefits of natural gas in meeting growing energy demands and displacing high carbon emissions fuels. We also actively engage with a broad range of trade associations at the national, state, and local levels to amplify our voice on policy issues. Williams is a founding member of Natural Allies for a Clean Energy Future, a coalition of industry leaders, labor partners, and other allies of the natural gas industry partnering with renewable energy. In 2026, we hosted our second Clean Energy Expo, inviting politicians and industry experts to talk about the benefits of natural gas and pathways to a lower-carbon energy future.

In 2025, the Governance and Sustainability Committee approved amendments to the Code of Conduct for Suppliers and Contractors to address sustainable procurement, habitat protection, and water stewardship. Additionally, our management team has adopted our Human Rights Policy and Statement outlining our commitment to respect human rights and our Indigenous People Policy and Statement covering best practices for engaging this key stakeholder group. Williams also invests time and resources in our communities far beyond our daily operations focusing on initiatives that help employees and strengthen communities. We bring our teams' energy to help in a wide range of efforts such as our giving program, annual volunteer week, and supporting employees who serve on boards. The Governance and Sustainability Committee annually reviews Williams' charitable contributions.

Human Capital Management

CEO EVALUATION AND CEO AND SENIOR MANAGEMENT SUCCESSION

The Board annually meets in executive session to assess the CEO's performance and collaborates with the CEO in setting the CEO's performance goals. The board also maintains a structured process for CEO succession planning, which includes:

- Annual review of the CEO succession plan by the Board, encompassing both long-term and interim strategies for addressing unforeseen, immediate succession needs.
- Presentations by the CEO and Chief Human Resources Officer, which include succession plans for the CEO, encompassing readiness assessments of potential successors and development actions for identified individuals.

The Compensation Committee conducts a similar succession planning process for other executive officers, focusing on both long-term and interim strategies for unforeseen, immediate succession needs. To provide senior leaders with visibility and exposure to the Board, we organize quarterly breakfast meetings between the Board and individual senior leaders from across the Company, and we host Board dinners with our senior leaders. To provide senior leaders with visibility and exposure to our investors, we seek opportunities for them to connect and engage through various conferences, meetings, and road shows.

TALENT ATTRACTION AND RETENTION

We know that our strategic and operational results rely on attracting and retaining the best talent in the industry. Our Compensation Committee advises on elements of human capital management, including review of the overall talent management program and diversity and inclusion efforts.

To attract top notch talent, we utilize various tools to reach and appeal to a broad set of candidates and implement processes to remove potential for unintended biases in hiring, including AI functionality to facilitate candidate sourcing and screening, inclusive job descriptions, enhanced interview guides, and strategic partnerships with colleges and universities.

Williams leverages employee-led resource groups (“ERGs”) as a key mechanism to better understand and respond to business needs from the employee perspective, particularly in the areas of engagement, development, and inclusion. In 2025, ERG engagement remained strong and served as an important bridge between employees and communities in which Williams operates. During 2025, employees supported a wide range of community events, including Tulsa’s annual Veterans Day Parade, Dr. Martin Luther King Jr. and Pride parades in Tulsa and Houston, and the Native American Day Parade, reinforcing Williams commitment to inclusion, service, and community connection. We scored 100 (out of 100) on the Human Rights Campaign’s Corporate Equality Index criteria, and we were also recognized in 2025 as a Veteran Employer Champion by VETS Indexes.

SAFETY

Our Environmental, Health and Safety Committee shares oversight with the Compensation Committee for employee health and development. Our Environmental, Health and Safety Committee also monitors, among other things, efforts to create a culture of continuous improvement in the Company’s environmental, health and safety practices and efforts to develop and effectively implement environmental, health and safety systems, programs, and policies. This includes monitoring people health, safety, and security; process safety; asset reliability; operational risk management; and asset integrity plans and program; and emergency response plans and programs.

We strive to continuously improve and empower our employees to operate our assets in a safe, reliable, and customer-focused manner that protects our employees and contractors, safeguards the public, and secures our infrastructure. With a focus on continuous improvement, our Plan-Do-Check-Act cycle enhances our safety performance by streamlining initiatives and cultivating a culture of proactive risk management. Our emphasis includes hazard recognition, process safety mindset, and life critical operating requirements. We also recognize that it is imperative that we preserve the integrity of our assets to protect the communities and ecosystems surrounding our operations. Some of our key programs and policies include integrity assessments, integrity data integration, and operational risk management.

The Environmental, Health and Safety Policy describes our commitment to integrating workforce safety into our operations, and our Safety Commitment and Pillars, which were developed by employees across the organization to reinforce our safety culture. Such commitment is expressed as follows:

“At Williams, safety is our highest priority. We are committed to Zero Incidents because we care about each other, our families, and the communities where we live, work, and serve our customers. We are committed to a safety culture that delivers top-tier safety performance through individual ownership, operational discipline, shared learning, and prompt action.”

Environmental Stewardship and Sustainability

Environmental sustainability at Williams is about driving long-term financial success, providing affordable and reliable energy while being good stewards of our natural resources, and leveraging our natural gas strategy and infrastructure to build a clean energy future. Our entire Board and each Board Committee plays a role in oversight. Our Governance and Sustainability Committee oversees (a) our ESG strategy and policies, including matters that may arise due to climate change and energy transition and (b) reviews current and emerging issues, trends, major legislative and regulatory developments, stockholder engagement, or other public policy matters related to ESG. At every regularly scheduled Governance and Sustainability Committee meeting, management provides an ESG report, as well as updates on the development of our annual Sustainability Report. Our Audit Committee shares responsibility with the Governance and Sustainability Committee for ESG oversight, focusing on matters concerning numerical integrity. Our Compensation Committee modifies the compensation program as needed to help progress our sustainability-related goals. Our Environmental, Health and Safety Committee monitors environmental, health and safety matters, including compliance with applicable and proposed legislation, regulations, and orders; conformance with industry standards and best practices; and environmental sustainability. Finally, our full Board oversees management of sustainability-related risks and opportunities, integration of ESG into our corporate strategy, and reviews our Sustainability Report prior to publication.

We have a Sustainability Steering Committee comprised of leaders from across the Company, including operations, project execution, and corporate strategy. These leaders champion the development and implementation of sustainability initiatives across our business and provide directional feedback in the preparation of our Sustainability Report and other sustainability-related content. Our Director of Business Development and Sustainability leads the development and execution of our sustainability integration strategy, including engaging with external stakeholders to understand sustainability expectations and communicating our performance and management practices. Key focus areas for 2025 included: emissions reduction efforts, permitting reform, and our growing power innovation business.

COMMITTED TO SUSTAINABLE OPERATIONS

Williams strives to preserve the environment for future generations by avoiding, minimizing and mitigating potential impacts on biodiversity and land during the routing, siting, construction, maintenance, remediation, and retirement of pipelines and facilities. We conduct Geographic Information System (GIS) analyses, computer-based reviews, and site-specific surveys to pinpoint sensitive environmental, cultural, and historic areas. In addition to working with permitting agencies, Williams collaborates with interest groups, biodiversity and land mapping experts, community organizations, and land management agencies to develop appropriate impact minimizations, restoration, and offset plans. Williams is committed to strong landowner engagement and partnership, responsibly installing pipelines during construction, and, when assets are retired, restoring the land to its original state or beyond, while creating opportunities for beneficial reuse.

Williams understands water is a precious resource, and we work to use it responsibly during asset construction, operation, and retirements. Williams’ environmental inspection, compliance and corrective action programs, such as our Environmental Assessment Program, help us adhere to all relevant environmental laws and regulations regarding water use. We try to avoid construction through wetlands and sensitive streams, reduce workspaces in or near water features, and monitor operational water usage and the impact of our operations on water-stressed regions.

We continuously work to reduce our operational GHG emissions that occur across our assets. Our efforts to reduce operational GHG emissions include operating our assets efficiently through preventative maintenance, conducting leak detection and repair assessments, process improvements, such as implementing recompression measures and evaluating usage of gas drivers versus electric motors. Additionally, we are focused on modernizing our facilities, including installing emission reduction equipment such as compressor vent gas recovery systems and emission control devices, which are included in our Emissions Reduction Program. We prioritize accurate measurement and transparent communication about our emissions to help our subject matter experts develop emissions reduction strategies. In our Sustainability Report, you can find our GHG emissions totals and methane intensities by industry segment.

Williams collaborates with peer companies, technology enablers, and trade associations to uncover and implement innovative best practices as well as advocate for sound, actionable energy and decarbonization policies. Some of these initiatives include NextGen Gas, where we are offering end-to-end certified gas deliveries, where natural gas is securely measured, tracked, and independently verified; carbon capture and sequestration (CCS), where we are developing infrastructure required to capture, transport, and sequester CO₂; solar and battery storage, where we are evaluating the development of behind-the-meter photovoltaic solar and battery systems to offset current electricity consumption at existing facilities and looking to scale these projects for third-party energy demand; and renewable natural gas, where we are constructing new interconnects and pipeline extensions to make use of low or negative carbon substitutes for fossil-derived natural gas that comes from landfill waste, municipal water treatment facilities, livestock farms, or food waste operations.

COMMITTED TO A CLEAN ENERGY FUTURE

In 2021, we launched New Energy Ventures, a business development group focused on commercializing innovative technologies, markets, and business models. New Energy Ventures collaborates across Williams to evaluate and implement projects that expand our clean energy business and support emissions reductions. In 2022, we developed a Corporate Venture Capital program to help commercialize innovative technologies. The program includes direct investments in early-stage, innovative technologies at the forefront of the energy transition. The program focuses on integrating our large-scale infrastructure with emerging technologies to serve customers better and advance the clean energy marketplace. Some of our investments to date focus on emissions quantification, monitoring, reporting, and verification through companies such as Context Labs, Orbital Sidekick, and Longpath Technologies, and investments to develop clean hydrogen with best-in-class energy efficiencies through Aurora Hydrogen.

For more information regarding our sustainability efforts, please review our annual Sustainability Report located on our website, www.williams.com/sustainability/ along with our response to the CDP Climate Change Questionnaire, the contents of which are not incorporated herein by reference.

For alignment with stakeholder requests and a high degree of transparency, Williams referenced the Sustainability Accounting Standards Board (SASB) Oil and Gas Midstream Standards, Task Force on Climate Related Financial Disclosures (TCFD), Global Reporting Initiative (GRI) Standards, the United Nations Sustainable Development Goals (SDGs), and IFRS Foundation S2 Climate-related Disclosures to guide the development of

our 2024 Sustainability Report. The report was prepared in accordance with the GRI Standards 2021, including GRI 11: Oil and Gas Sector Standard. The report reflects on our most impactful sustainability topics prioritized through our materiality assessment, updated in March 2025. Additionally, the report addresses numerous other topics of interest to a broad range of our stakeholders. In 2025, we conducted independent third-party limited assurances for select 2024 GHG emissions and safety data. Our internal audit team also reviewed the supporting documentation for the data and verified the evidence. Our efforts garnered numerous recognitions, which are listed in the **“Compensation Discussion and Analysis”** section.

PROPOSAL 2:

Approve, on an Advisory Basis, the Compensation of Our Named Executive Officers

THE BOARD UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE “FOR” THE PROPOSAL TO APPROVE, ON AN ADVISORY BASIS, THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

We request our stockholders’ non-binding, advisory vote on our NEO compensation as disclosed, in accordance with the SEC’s rules, in this proxy statement. This proposal is commonly known as a “say-on-pay” proposal.

As discussed in the “**Compensation Discussion and Analysis**” section as well as in the tables in the “**Executive Compensation Tables and Other Information**” section, our compensation programs are designed to attract and retain the talent needed to drive stockholder value and help each of our businesses meet or exceed financial and performance targets. Our compensation programs are intended to reward our NEOs for successfully implementing our strategy to grow our business and create long-term stockholder value. We believe our programs effectively link executive pay to the financial performance of the Company while also aligning our NEOs with the interests of our stockholders. The following are some key points that demonstrate our commitment to aligning pay to performance:

- the significant majority of NEO target compensation is in the form of long-term equity awards, ensuring pay is linked to the performance of our Company’s common stock;
- during 2025, we measured performance-based RSU awards by CROIC and AFFO per share, with relative TSR as a modifier, which focuses performance on our commitment to improve CROIC performance, cash generation, and strong stock price performance in relation to our comparator group; and
- our Annual Incentive Program aligns payments to actual performance on pre-established targets effectively linking the Company’s financial, environmental, and safety performance to NEO pay.

We are seeking our stockholders’ support for our NEO compensation as detailed in this proxy statement. This proposal conforms to SEC requirements and seeks our stockholders’ views on our NEO compensation. It is not intended to address any specific element of compensation, but rather the overall compensation provided to our NEOs, including our pay philosophy, our pay principles, and our pay practices as described in this proxy statement. The Board asks that you vote “**FOR**” the following resolution:

RESOLVED, that the stockholders of The Williams Companies, Inc. (the “Company”) approve, on an advisory basis, the executive compensation of the Company’s named executive officers as disclosed within this proxy statement pursuant to the compensation disclosure rules of the Securities Exchange Act of 1934, as amended (Item 402 of Regulation S-K), which includes the Compensation Discussion and Analysis, the compensation tables, and any related narrative discussion contained in this proxy statement.

Your vote is advisory and will not be binding on the Board, overrule any Board decision, or require the Board to take any action. However, the Board will consider the outcome of the vote when evaluating future executive compensation decisions for NEOs. We currently conduct annual advisory votes on executive compensation, and we expect to conduct the next advisory vote at our 2026 annual meeting of stockholders.

Williams common stock, providing the opportunity to discuss human capital management and our compensation programs. We address our compensation program design and the strong linkage between pay and performance throughout this document.

2025 Leadership Transitions

In 2025, we executed upon a planned leadership transition which we believe positions the Company for continued longer term operational and financial success which drives stockholder value.

May Leadership Change

- Mr. Dunn: Retired as Executive Vice President and Chief Operating Officer
- Mr. Larsen: Promoted to Executive Vice President and Chief Operating Officer after having served as Senior Vice President Gathering & Processing

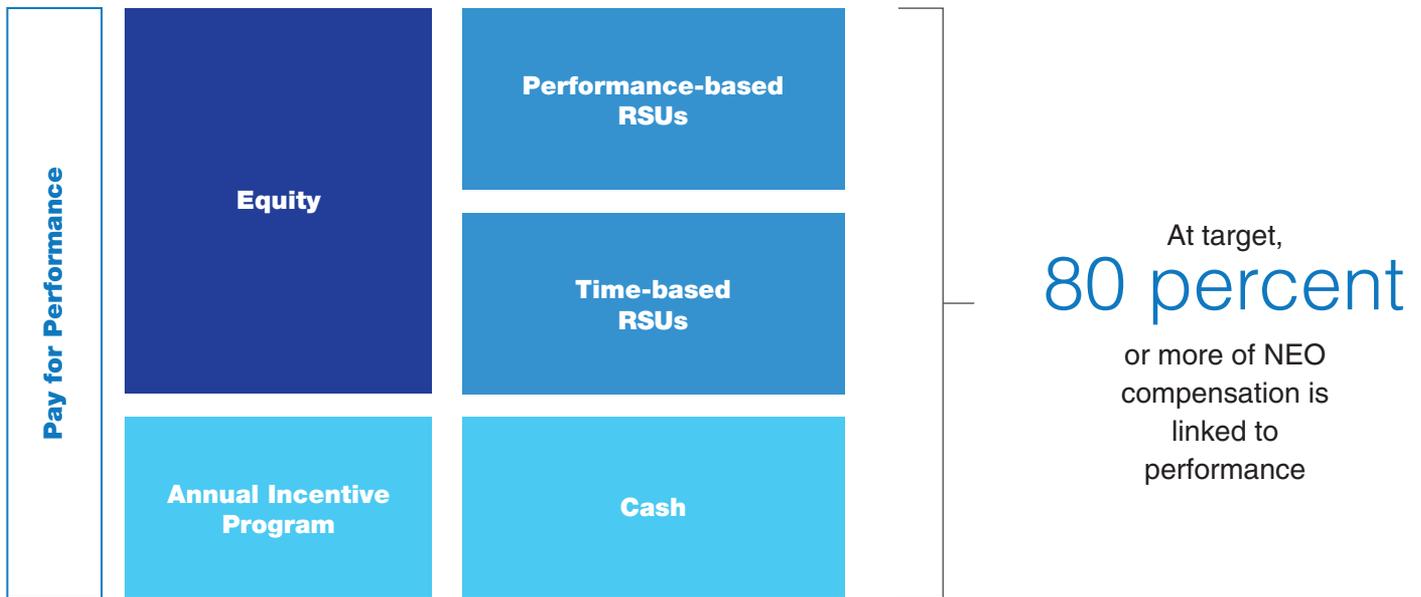

July Leadership Changes

- Mr. Zamarin: Promoted to President and Chief Executive Officer after having served as Executive Vice President Corporate Strategic Development

The impact of the changes noted above on executive compensation will be outlined in the tables and related footnotes which follow.

Our Commitment to Pay for Performance

We design our compensation programs to support our commitment to performance. In 2025, at target, 80 percent or more of a NEO’s annual target compensation is variable based on our company performance.

Business Overview

Our reliable earnings, healthy balance sheet, and strong operational performance produced strong results in 2025 as demonstrated by record Adjusted EBITDA and contracted transmission capacity and as shown in the following table and narrative. This also produced positive results in our Annual Incentive Program (“AIP”) and performance-based RSUs demonstrating our alignment between pay and performance. The table details our 2025 performance and compounded annual growth rates (“CAGR”) for Adjusted EBITDA, Adjusted Earnings Per Share, Available Funds from Operations (“AFFO”), Return on Capital Employed (“ROCE”), and improvement in Net Debt/Adjusted EBITDA. We also provide information highlighting our leading sustainability-related progress. Additionally, the Company has met or exceeded the midpoint of our guidance to the market for Adjusted EBITDA in each of the eight most recently completed calendar years.

(1) ROCE is Adjusted EBITDA, less included depreciation and amortization, divided by the sum of the average balances of Investments, Property, plant, and equipment – net, and Intangible assets – net.

(2) CAGR is compound annual growth rate.

(3) Debt is net of cash on hand and excludes \$573 million of cash purchases of certain reimbursable long-lead power innovation equipment in 2025.

Sustainability Recognition

Williams is leveraging its natural gas-focused strategy and innovating technologies to solve one of the greatest challenges of our generation: meeting the world’s need for clean, affordable, and reliable energy. We are focused on immediate opportunities to provide reliable services, reduce emissions, strategically integrate renewables, and build a clean energy economy. We have established a set of complimentary greenhouse gas emissions goals that drive transparency and accountability of our business. We are progressing our near-term climate commitment with a goal of a 30% reduction in company-wide Scope 1 and 2 greenhouse gas emissions intensity from 2018 levels by 2028. We also maintain an ambition to be net zero carbon emissions by 2050. Through 2024, Williams achieved a 24% reduction in Scope 1 and 2 company-wide greenhouse gas emissions intensity from the 2018 baseline. As a result of the intentional effort taken to progress sustainability initiatives, we have become an industry-leader and achieved ESG-related recognition including:

- 2025 Dow Jones Best-in-Class Index: Williams was named for the fifth consecutive year to the Dow Jones Best-in-Class North America index and for the fourth consecutive year to the World index. 2026 index constituents will be announced in April 2026.
- S&P Global: Williams received the top score in the 2025 Corporate Sustainability Assessment (CSA) in the North America Oil & Gas Storage & Transportation industry.
- CDP Climate Change Questionnaire: Williams achieved an ‘A-’ score on the 2025 CDP Climate Change Questionnaire for our commitment to transparency and governance around climate change.
- ISS: Williams achieved ‘Prime’ status and ‘B-’ rating in the ISS 2025 Corporate Rating Report.
- MSCI: Williams maintained our “AA” rating

*All scores verified as of March 18, 2026.

Additional Business Updates

EXPANSION PROJECTS

- We expanded Transco with the completion of the Commonwealth Energy Connector, Texas to Louisiana Energy Pathway, and Southeast Energy Connector projects and secured key permits for the Northeast Supply Enhancement project. We increased transmission capacity for MountainWest with the Overthrust Westbound Compression Expansion. We increased gathering capacity in the Haynesville region with Louisiana Energy Gateway and in the Deepwater Gulf region with the Shenandoah and Whale projects.

POWER INNOVATION PROJECTS

- Williams continues to pursue projects to support the power demands created by new data center and industrial development in power grid-constrained markets, including agreements with a large, investment-grade company to provide onsite natural gas and power generation infrastructure.

INVESTMENTS IN LOUISIANA LNG AND DRIFTWOOD PIPELINE PROJECTS

- In October 2025, Williams closed on various agreements with the same counterparty to acquire a 10 percent equity-method investment in Louisiana LNG LLC (Louisiana LNG), which is developing a fully permitted LNG export facility, and an 80 percent interest in Driftwood Pipeline LLC (Driftwood Pipeline), which is constructing a fully permitted greenfield pipeline, Line 200, connecting to multiple other pipelines, including Transco and Louisiana Energy Gateway, to supply the LNG facility. Williams will be the operator of the pipeline. Williams will also manage the gas supply for the LNG facility and purchase approximately 10 percent of the LNG produced.

RIMROCK ACQUISITION

- On January 31, 2025, Williams purchased a group of natural gas gathering and processing assets from Rimrock Energy Partners, LLC to expand Williams' gathering and processing footprint and create operational synergies in the DJ Basin in the West segment.

Employees are Williams' most valued resource and the driving force behind Williams' reputation as a safe, reliable company that strives to do the right thing, every time.

Compensation Program Overview

Objective of Our Compensation Programs

The role of compensation is to attract and retain the talent needed to increase stockholder value and to help our businesses meet or exceed financial and operational performance goals. Our compensation programs’ objectives are to reward our NEOs and employees for successfully implementing our strategy to grow our business and create long-term stockholder value. To that end, in 2025, we used CROIC and AFFO per Share, with Relative TSR as a modifier, to measure long-term performance, and we used Adjusted EBITDA, safety, and environmental metrics to measure annual performance. We believe using separate annual and long-term metrics to incent and pay NEOs helps ensure that we make business decisions aligned with the long-term interests of our stockholders.

Our Pay Philosophy

Our pay philosophy throughout the entire organization is to pay for performance, be competitive in the marketplace, and consider the value a job provides to the Company. Our compensation programs reward NEOs not just for accomplishing goals, but also for how those goals are pursued. The principles of our pay philosophy influence the design and administration of our pay programs. Decisions about how we pay NEOs are based on these principles. The Compensation Committee uses several types of pay that are linked to both our long-term and short-term performance in the executive compensation programs. Included are long-term incentives, annual cash incentives, base pay, and benefits. The following details the linkage between the types of pay we use and our pay principles.

PAY PRINCIPLES

- Pay should reinforce business objectives and values.
- A significant portion of a NEO’s total pay should be variable based on company and individual performance.
- Incentive pay should balance long-term, intermediate, and short-term performance.
- Incentives should align the interest of NEOs with stockholders.
- Pay should foster a culture of collaboration with shared focus and commitment to our Company.
- Incentives should enforce the importance of environmental and safety performance.
- Pay opportunities should be competitive.
- A portion of pay should be provided to compensate for the core activities required for performing in the role.

Comparator Group

DETERMINING OUR COMPARATOR GROUP

Companies in our executive compensation benchmarking comparator group have a range of assets, market capitalization, and enterprise value. Business consolidation and unique operating models in our industry create some challenges in identifying comparator companies. Accordingly, we take a broad view of comparability to include organizations that are similar to Williams. This results in compensation that is appropriately scaled and reflects comparable complexities in business operations. We typically aim for a comparator group of 15 to 20 companies so our comparisons will be valid. The 2025 comparator group includes 16 companies, which comprise a mix of both direct business competitors and companies with whom we compete for talent. The Compensation Committee utilizes a smaller targeted comparator company group for the purposes of measuring Relative TSR related to our performance-based RSU awards. While not perfectly aligned to our natural gas strategy, these selected companies are more similar to our specific segment of the energy industry.

HOW WE USE OUR COMPARATOR GROUP

We refer to publicly available information to analyze our comparator companies’ practices including how pay is divided among long-term incentives, annual incentives, base pay, and other forms of compensation. This allows the Compensation Committee to ensure competitiveness and appropriateness of proposed compensation packages. When setting pay, the Compensation Committee uses market median information of our comparator group, as opposed to market averages, to ensure that the impact of any unusual events that may occur at one or two companies during any particular year is diminished from the analysis. If an event is particularly unusual and surrounded by unique circumstances, the data is completely removed from the assessment. The smaller targeted comparator company group is used solely for the purposes of measuring Relative TSR related to our performance-based RSU awards.

The following lists our 2025 executive compensation benchmarking comparator group and Williams’ percentile ranking compared to our peers for total assets, market capitalization, and enterprise value as originally reported for 2024:

2025 COMPENSATION PEER GROUP			
CenterPoint Energy Inc.	Enbridge Inc.	Marathon Petroleum Corp.	Sempra
Cheniere Energy Inc.	Enterprise Products Partners L.P.	Occidental Petroleum	The Southern Company
Devon Energy Corp.	EOG Resources, Inc.	ONEOK, Inc.	Targa Resources Corp.
Dominion Energy, Inc.	Kinder Morgan, Inc.	Phillips 66	TC Energy Corp.

WILLIAMS PERCENTILE RANK VS PEERS		
Total Assets 30th percentile	Market Capitalization 78th percentile	Enterprise Value 67th percentile

The Compensation Committee added Occidental Petroleum (OXY) to the comparator group for 2025. Pioneer Natural Resources Company was acquired in 2024 and, as disclosed in the 2025 Proxy, was removed from the comparator group.

A separate comparator company group is used to specifically measure Relative TSR as it pertains to performance-based RSU awards. This group has been unchanged since introduced in the 2017 awards:

- | | | |
|-------------------------------------|--------------------------------------|------------------------------------|
| • Enbridge Inc. | • Kinder Morgan, Inc. | • Targa Resources Corp. |
| • Energy Transfer LP | • ONEOK, Inc. | • TC Energy Corp. |
| • Enterprise Products Partners L.P. | • Plains All American Pipeline, L.P. | • Western Midstream Partners, L.P. |

Our Pay Setting Process

During the first quarter of the year, the Compensation Committee completes a review to ensure we are paying competitively, equitably, and in a way that encourages and rewards performance.

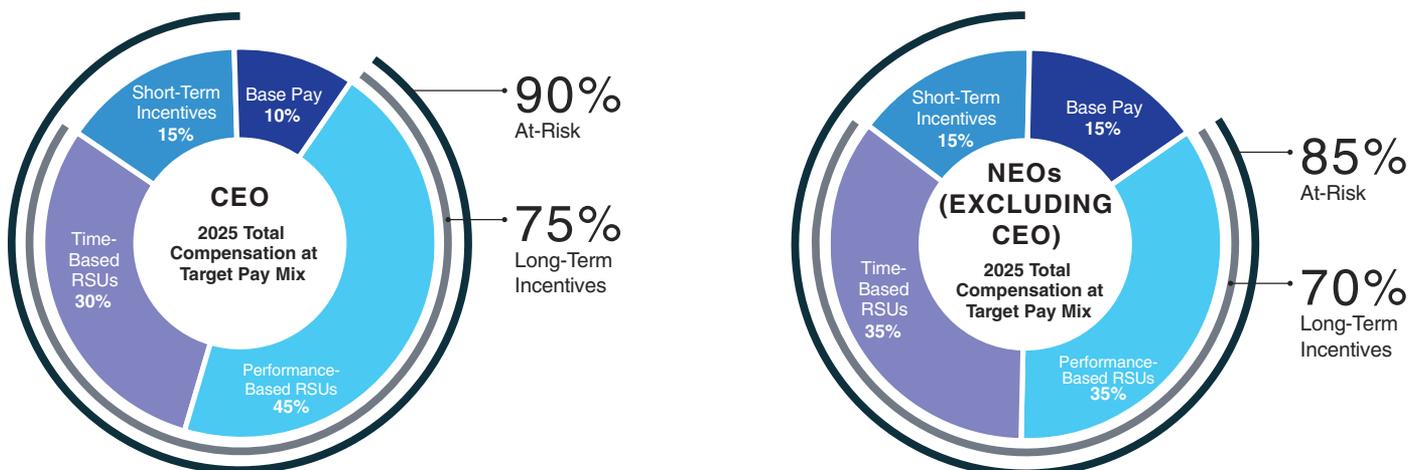

The compensation data of our comparator group, disclosed primarily in proxy statements, is the primary market data we use when benchmarking the competitive pay of our NEOs. Aggregate market data obtained from recognized third-party executive compensation survey companies is used to supplement and validate comparator group market data.

Although the Compensation Committee reviews relevant data as it determines compensation packages, other considerations are taken into account. Because market data alone does not reflect the strategic competitive value of various roles within our Company, internal pay equity is also considered when making pay decisions. Other considerations when making pay decisions for the NEOs include individual experience, sustained individual performance, historical pay, and tally sheets that include annual pay, benefit amounts, and the total aggregate value of the NEOs’ equity awards and holdings.

Multiple internal and external factors are considered when determining NEO compensation packages.

Compensation Discussion and Analysis

When setting pay, we determine an annual target pay mix (distribution of pay among base pay, short-term incentives, annual long-term incentives, and other forms of compensation) for the NEOs. Consistent with our pay-for-performance philosophy, the actual amounts paid, excluding benefits, are determined based on Company and individual performance. Because performance is a factor, the target versus actual pay mix will vary, specifically as it relates to the annual cash incentives and long-term incentives.

How We Determine Each Type of Pay

Base pay, annual cash incentives, and long-term incentives accomplish different objectives. The table below illustrates a summary of the primary objectives associated with each component of pay. The table is followed by specific details regarding each pay component.

TYPE OF PAY & FORM		PERFORMANCE PERIOD (YEARS)	OBJECTIVES
Fixed	Base pay (cash)	1	<ul style="list-style-type: none"> Compensates for carrying out the duties of the job Recognizes individual experiences, skills, and sustained performance Provides attraction and retention

Compensation Program Components

Base Pay

Base pay compensates the NEOs for carrying out the duties of their jobs and serves as the foundation of our pay program. Most other major components of pay are set based on a relationship to base pay, including annual and long-term annual incentives, as well as retirement benefits.

Base pay for the NEOs is set considering the market median, or 50th percentile, with potential individual variation from the median due to experience, skills, the strategic competitive value of the role within our Company, and sustained performance of the individual as part of our pay-for-performance philosophy. Performance is measured in two ways: 1) through the achieved results associated with attaining their annual goals, operational and/or functional area strategies, and personal development plans; and 2) through the NEOs' observable skills and behaviors related to how they achieved their goals based on our values that contribute to workplace effectiveness and career success.

The following table provides the base pay at the end of 2024 and 2025 for our NEOs.

NAME	POSITION	2024 ANNUAL BASE PAY	2025 ANNUAL BASE PAY
Chad J. Zamarin	President and Chief Executive Officer	\$ 670,000	\$ 1,000,000
Alan S. Armstrong	Executive Board Chair and Former President and Chief Executive Officer	\$ 1,442,000	\$ 750,000
Robert R. Wingo	EVP Corporate Strategic Development	\$ —	\$ 600,000
John D. Porter	EVP and Chief Financial Officer	\$ 605,000	\$ 635,000
Larry C. Larsen	EVP and Chief Operating Officer	\$ —	\$ 675,000

Micheal G. Dunn	Former EVP and Chief Operating Officer	\$ 800,000	\$ 825,000

Mr. Zamarin received a base pay increase of \$25,000 (3.7%) as part of the annual merit process in February 2025. At the time of his promotion to President and Chief Executive Officer in July 2025, his base pay was increased from \$695,000 to \$1,000,000 (43.9%).

Mr. Armstrong received a base pay increase of \$58,000 (4.0%) as part of the annual merit process in February 2025. At the time of his transition from President and Chief Executive Officer to executive Board Chair in July 2025, his base pay was reduced from \$1,500,000 to \$750,000 (50%).

Mr. Wingo was hired in July 2025 as Executive Vice President, Corporate Strategic Development, and his 2025 base pay was prorated to reflect the portion of the year he was employed by Williams.

Mr. Larsen's 2024 base pay is not disclosed as he was not a NEO prior to his promotion to Executive Vice President and Chief Operating Officer in May 2025; at the time of his promotion, his base pay was increased from \$473,000 to \$675,000 (42.7%).

Mr. Dunn retired in May 2025 as Executive Vice President and Chief Operating Officer, and his 2025 base pay was prorated to reflect the portion of the year he was employed by Williams.

Annual Cash Incentives

As previously mentioned in the "Our Commitment to Pay for Performance" section, we pay annual cash incentives to encourage and reward our NEOs for making decisions that improve our annual operating performance through our AIP. The objectives of our AIP are to:

- offer sufficient incentive compensation to motivate management to put forth extra effort, take prudent risks, and make effective decisions to maximize stockholder value;
- motivate and incent management to choose strategies and investments that maximize long-term stockholder value;
- provide sufficient total compensation to retain management; and

Compensation Discussion and Analysis

- limit the cost of compensation to levels that will maximize the return of current stockholders without compromising the other objectives.

NEOs' AIP business performance is based on enterprise results of these business metrics in relation to established targets. We only use enterprise-level performance metrics for our NEOs to promote teamwork and collaboration by creating a shared goal for the overall Company performance. Our business performance targets are established utilizing the annual financial plan. Goals related to ROCE and CROIC growth, as well as operating margin improvement, are considered when establishing the financial plan. Our incentive program allows the Compensation Committee to make adjustments to these business performance metrics to reflect certain business events. When determining which adjustments are appropriate, we are guided by the principle that incentive payments should not result in unearned windfalls or impose undue penalties. In other words, we make adjustments to ensure NEOs are not rewarded for positive results they did not facilitate nor are they penalized for certain unusual circumstances outside their control.

The Compensation Committee's independent compensation consultant, FW Cook, annually compares our relative performance on various measures, including EBITDA, Earnings Per Share, and TSR with our comparator group of companies. The Compensation Committee also uses this analysis to validate the reasonableness of our AIP results. Additionally, the Compensation Committee also reviews the annual incentive payout levels for our comparator group of companies.

HOW WE SET OUR ANNUAL INCENTIVE PROGRAM GOALS

ANNUAL INCENTIVE PROGRAM

The AIP Calculation. The 2025 AIP is based on the weighted measures of Adjusted EBITDA and environmental and safety metrics. Each metric is directly aligned with our business strategy to operationally grow the business, operate safely in everything we do, and continue to align with our dividend growth strategy.

BUSINESS PERFORMANCE METRIC & WEIGHTING		MEASURING	IMPORTANCE
85%	Adjusted EBITDA	<ul style="list-style-type: none"> • Profit Metric 	<ul style="list-style-type: none"> • Maintains a focus on generating expected levels of annual profit
15%	Environmental and Safety	<ul style="list-style-type: none"> • Methane Emissions Intensity Reduction • Critical Tier 3 Loss of Primary Containment Ratio • High Potential Hazard ID to Incident Ratio 	<ul style="list-style-type: none"> • Drives frontline employee action to address environmental and safety opportunities • Emphasizes importance of environmental and safety leadership and improvement

The attainment percentage of AIP goals results in a payment of an annual cash incentive along a continuum between threshold and stretch levels, which in total corresponds to 0 percent through 200 percent of the NEO's annual cash incentive target. The Adjusted EBITDA metric threshold is established at 50 percent of target. While the established stretch target is set at 200 percent, the Adjusted EBITDA metric result may exceed 200% to contribute beyond stretch toward the overall AIP payout. Environmental and Safety metric results have a maximum performance payout of 200%. However, under no circumstance can the total calculated AIP award exceed 200 percent of target.

2025 NEO AIP Targets. The starting point to determine annual cash incentive targets (expressed as a percentage of base pay earned during 2025) is competitive market information referencing the market median, or 50th percentile, which provides an idea of what other companies target to pay in annual cash incentives for similar jobs. We also consider the internal value of each job (i.e.,

how important the job is to execute our strategy compared to other jobs in the Company) before the target is set for the year. The annual cash incentive targets as a percentage of base pay for the NEOs in 2025 were as follows:

POSITION	2025 TARGET
President and Chief Executive Officer	150%
Executive Board Chair and Former President and Chief Executive Officer	150%
EVP Corporate Strategic Development	100%
EVP and Chief Financial Officer	90%
EVP and Chief Operating Officer	110%
SVP and General Counsel	80%
Former EVP and Chief Operating Officer	110%

Mr. Zamarin’s 2025 AIP target increased from 100% to 150% at the time of his promotion to President and Chief Executive Officer in July 2025. His 2025 AIP award was prorated to reflect the change in his AIP target and base pay, as discussed in a preceding section.

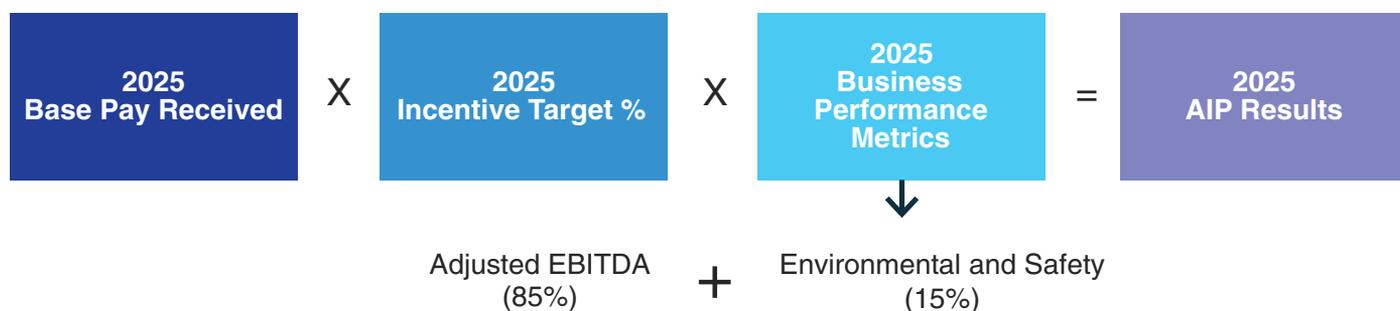

Mr. Armstrong’s 2025 AIP target remained unchanged at 150% at the time of his transition from President and Chief Executive Officer to executive Board Chair in July 2025. His 2025 AIP award was prorated to reflect the change in base pay associated with this transition, as discussed in a preceding section.

Mr. Wingo was hired in July 2025 as Executive Vice President, Corporate Strategic Development, and his 2025 AIP award was prorated to reflect the portion of the year he was employed by Williams.

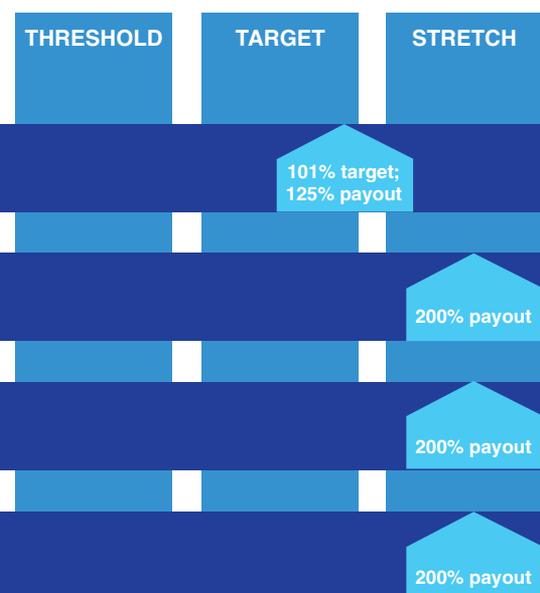

Mr. Larsen’s 2025 AIP target increased from 75% to 110% at the time of his promotion to Executive Vice President and Chief Operating Officer in May 2025. His 2025 AIP award was prorated to reflect the change in his AIP target and base pay, as discussed in a preceding section.

Mr. Dunn retired in May 2025 as Executive Vice President and Chief Operating Officer, and his 2025 AIP award was prorated to reflect the portion of the year he was employed by Williams.

Determining 2025 AIP Awards. To determine the funding of the annual cash incentive, we use the following calculation for each NEO:

Based on business performance relative to the established goals, the Compensation Committee certified business performance results as 136 percent of target as follows:

METRICS	WEIGHTING	THRESHOLD	TARGET	STRETCH @ 200%	ACTUAL	PAYOUT	WEIGHTED PAYOUT%
Adjusted EBITDA (as adjusted for AIP purposes)	85%	\$ 7,345	\$ 7,650	\$ 7,880	\$ 7,707	125%	106%
Methane Emissions Intensity Reduction	5%	≤ 0.0%	5.0%	≥ 10.0%	11.5%	200%	10%
Critical Tier 3 Loss of Primary Containment Ratio	5%	≤ 14:1	18:1	≥ 22:1	26:1	200%	10%
High Potential Hazard ID to Incident Ratio	5%	≤ 45:1	53:1	≥ 61:1	69:1	200%	10%
2025 AIP Business Performance %							136%

This award was paid in March 2026. It’s important to note that our metrics and associated targets were approved as part of our normal annual process and the targets were not adjusted due to other 2025 circumstances.

We calculate Adjusted EBITDA as: Gross margin less operating and maintenance expenses, less selling, general and administrative expenses, less other (income) and expense, plus proportionate EBITDA of joint venture partnerships. The Adjusted EBITDA metric includes a commodity collar mechanism of plus or minus \$100 million for the combined impact above or below Plan for Gas and NGL Marketing Services and E&P businesses. The collar did not trigger in 2025.

For 2025, we utilized three environmental and safety metrics including Methane Emissions Intensity Reduction, Critical Tier 3 Loss of Primary Containment Ratio (“CT3 LOPCR”), and High Potential Hazard ID to Incident Ratio (“HiPo HIIR”). The Methane Emissions Intensity Reductions metric focuses on the Company’s commitment to reducing our methane emissions expeditiously. The CT3 LOPCR metric focuses on environmental performance and aligns with our core value of being safety driven. The metric is considered a leading indicator to more significant process safety incidents and drives to reduce Tier 1 and Tier 2 LOPC events. The HiPo HIIR metric places an emphasis on hazard identification and assessments to prevent incidents. The environmental and safety metrics are each on a payout curve. The annual performance results for the environmental and safety metrics, for the purpose of determining the final AIP business performance result, are calculated at the same time every year, which is the same time the AIP business performance is determined and approved. The final results for these environmental and safety metrics, due to this timing, could differ slightly from the AIP calculated results.

Individual performance, such as success toward our strategic objectives and individual goals, and successful demonstration of the Company’s values which exceeded expectations may be recognized through adjustments. Payments may also be adjusted downward if performance warrants. In recognition of individual performance and leadership during the year, the Compensation Committee chose to apply an adjustment to certain NEOs excluding the CEO and former CEO. In total, the adjustments applied to the calculated NEO awards were approximately 16 percent of the aggregate calculated awards.

2026 AIP Design. Metrics and weightings for the 2026 AIP design have been updated. The weighting for Adjusted EBITDA remains 85 percent. The environmental and safety metrics will continue to be weighted at 15 percent in aggregate as Methane Emissions Intensity Reduction will be weighted at 5 percent and High Potential Hazard ID to Incident Ratio will be weighted at 10 percent. Critical Tier 3 Loss of Primary Containment Ratio is being removed from the program to simplify our design and eliminate

overlap between employee and process safety metrics. These metrics continue our focus on environmental and safety performance, the reduction of greenhouse gasses, and are aligned with our values and commitment to being a responsible steward of the environment.

2026 AIP METRICS	WEIGHT
Adjusted EBITDA	85%
Environmental and Safety	15%

Long-Term Incentives

To determine the value for long-term incentives granted to a NEO each year, we consider the following factors:

- the market median and specific awards made to executives in similar positions within our comparator group of companies;
- the proportion of long-term incentives relative to base pay;
- the NEO's impact on Company performance and ability to create value;
- long-term business objectives;
- the market demand for the NEO's particular skills and experience;
- the amount granted to other NEOs in comparable positions at the Company;
- the NEO's demonstrated historical performance; and
- the NEO's leadership performance.

A summary of the long-term incentive program details for 2025 are shown in the following table. The long-term incentive mix for the CEO differs from the mix for the other NEOs. Since the CEO has more opportunity to influence our financial results, the Compensation Committee considers it appropriate that a greater percentage of his long-term incentives are directly tied to performance and the Company stock price.

	PERFORMANCE-BASED RSUS	TIME-BASED RSUS
CEO Equity Mix	60%	40%
NEO Equity Mix	50%	50%
Term	Three years	Three years
Frequency	Granted annually	Granted annually
2025 Performance Criteria	CROIC and AFFO per Share with Relative TSR as a modifier	Retention
Vesting	Cliff vesting after three years	Cliff vesting after three years
Payout	Upon vesting, shares are distributed based on performance certification (0% – 200%)	Upon vesting, shares are distributed
Dividends	Dividend equivalents accrued and paid in cash upon vesting but only on earned shares	Dividend equivalents accrued and paid in cash upon vesting

PERFORMANCE-BASED RSUS

Performance-based RSU awards are only earned if we attain specific pre-determined performance results. The 2022, 2023, and 2024 performance-based RSU awards utilize ROCE and AFFO per Share to determine performance and the actual number of units that will vest. The 2025 and 2026 performance-based RSU awards utilize Cash Return on Invested Capital ("CROIC") and AFFO per Share to determine performance. Each award utilizes Relative TSR as a performance modifier. Beginning with the 2022 awards, performance-based RSUs accrue cash dividend equivalents that would only pay on any earned units upon the vesting and distribution of the award.

2022 Performance-based RSU Awards. The 2022 performance-based RSU awards, granted on February 23, 2022, utilized two equally weighted metrics to measure performance and could result in a payout range from 0 percent to 200 percent of target.

Compensation Discussion and Analysis

ROCE and AFFO per Share were each weighted at 50 percent and both were measured against pre-established targets. Additionally, the calculated result from these weighted financial metrics could be increased or decreased by 25 percent of the calculated result utilizing a Relative TSR metric. If our TSR relative to our peer company group was in the top three companies, the calculated result will be increased by 25 percent, while the calculated result will be decreased by 25 percent if our TSR relative to our peer company group is in the bottom three companies. However, under no circumstance can the total calculated award exceed 200 percent of target.

The ROCE performance target for this award was set at 9.65 percent, a 16.30 percent increase above the 8.30 percent target established for the prior year's award. AFFO per Share exceeded stretch target. Williams TSR during this period produced a 30.90 percent annualized return. Our Relative TSR was in the top-third of our peer company group, resulting in an increase to the calculated result by 25 percent.

The 2022 performance-based award, which vested in February 2025, distributed 191.7 percent of the targeted number of RSUs awarded.

	PERFORMANCE-BASED RSU METRICS	WEIGHTING (%)	THRESHOLD	TARGET	STRETCH	METRIC RESULT	WEIGHTED RESULT

OUTSTANDING PERFORMANCE-BASED RSUS

2023, 2024, and 2025 Performance-based RSU Awards. The 2023, 2024, and 2025 performance-based RSU awards, granted on February 23, 2023, February 22, 2024, and February 20, 2025, respectively, utilize two equally weighted metrics to measure performance against pre-established targets and can result in a payout range from 0 percent to 200 percent of target. The two metrics utilized for 2023 and 2024 are ROCE and AFFO per Share, and each are weighted at 50 percent. The two metrics utilized for 2025 are CROIC and AFFO per Share, and each are weighted at 50 percent. Additionally, consistent with the 2022 awards, Relative TSR is utilized as a modifier and the calculated result from these weighted financial metrics may be increased or decreased by 25 percent. Cash dividend equivalents will accrue on any earned units during the vesting period. The cash dividend equivalent payment will only be made on earned units and will only be paid upon the vesting and distribution of the award.

	PERFORMANCE-BASED RSU METRICS	WEIGHTING (%)	THRESHOLD	TARGET	STRETCH
2023	2025 ROCE - Total Williams	50%	10.30%	10.75%	11.20%
	2025 AFFO per Share	50%	\$4.20	\$4.32	\$4.45
	Relative TSR	—Modifier may increase or decrease result by 25% +/-—			

The 2023 performance-based RSU award, which vested on February 23, 2026, earned a 158.3 percent payout.

	PERFORMANCE-BASED RSU METRICS	WEIGHTING (%)	THRESHOLD	TARGET	STRETCH
2024	2026 ROCE - Base Business	50%	9.50%	10.00%	10.50%

Note: 2026 ROCE is calculated for the base business, which excludes Gas and NGL Marketing Services and E&P.

	PERFORMANCE-BASED RSU METRICS	WEIGHTING (%)	THRESHOLD	TARGET	STRETCH
2025	2027 CROIC - Base Business	50%	9.38%	11.25%	13.13%
	2027 AFFO per Share	50%	\$4.46	\$4.58	\$4.71
	Relative TSR		—Modifier may increase or decrease result by 25% +/-—		

Note: CROIC includes total capital invested and is calculated for the base business, which excludes Gas and NGL Marketing and E&P.

2026 Performance-based RSU Awards. The 2026 performance-based RSU awards, granted on February 19, 2026, utilize two equally weighted metrics to measure performance against pre-established targets and can result in a payout range from 0 percent to 200 percent of target. Consistent with 2025, the 2026 performance-based RSU awards utilize CROIC and AFFO per Share, with each metric weighted at 50 percent. Additionally, Relative TSR continues to be utilized as a modifier and the calculated result from these weighted financial metrics may be increased or decreased by 25 percent. Cash dividend equivalents accrue on any earned units during the vesting period. The cash dividend equivalent payment will only be made on earned units and will only be paid upon the vesting and distribution of the award.

TIME-BASED RSU AWARDS

We grant time-based RSUs to retain executives and to facilitate stock ownership. The use of time-based RSUs is also consistent with the practices of our comparator group of companies. Time-based RSUs accrue dividend equivalents which will be paid in cash only upon vesting and distribution of the award.

ADDITIONAL LONG-TERM INCENTIVE PROGRAM DETAILS

Stock Option Awards. For recipients, stock options have value only to the extent the price of our common stock is higher on the date the options are exercised than it was on the date the options were granted. While previous awards are still outstanding, stock options were last granted as part of our annual equity awards in 2018. Since stock option awards have not been granted since 2018, we do not have any required disclosure under Item 402(x) of Regulation S-K at this time.

Grant Practices. The Compensation Committee currently approves our annual equity grant for eligible employees, including our NEOs, in February of each year as part of our annual compensation cycle. The equity grant may include performance-based and time-based RSU awards. The grant is typically made shortly after our annual earnings release to ensure the market has time to absorb material information disclosed in the earnings release and reflect that information in the stock price. The grant date for off-cycle grants, including retention and new hire awards, is generally the first business day of the month following the approval of the grant. We may change these equity grant practices in the future. The Compensation Committee did not take material nonpublic information into account when determining the timing and terms of the annual equity awards granted in 2025, and we do not time the disclosure of material nonpublic information for the purpose of affecting the value of executive compensation. No grants were made to executive officers in 2025 within four business days prior to the filing of any material nonpublic information or within one business day after the disclosure of material nonpublic information.

Stock Ownership Guidelines. Our program provides stock ownership guidelines for each of our NEOs and our Board of Directors as shown in the table below:

POSITION	OWNERSHIP MULTIPLE	AS A MULTIPLE OF	HOLDING/RETENTION REQUIREMENT
CEO	6x	Base Pay	50%, after taxes, until guidelines are met
NEO	3x	Base Pay	50%, after taxes, until guidelines are met
Board of Directors	5x	Annual Cash Retainer	60% until guidelines are met

The Compensation Committee annually reviews the guidelines for competitiveness and alignment with best practices and monitors the NEOs' progress toward compliance. WMB shares owned outright and outstanding time-based RSUs count as owned for purposes of the program. Stock options and performance-based equity are not included as owned for purposes of the program. At Williams, NEOs must hold at least 50 percent of any equity transaction if they have not met their ownership guideline regardless of their time in the role.

The Stock Ownership Guidelines require Board members to retain 60 percent of distributed vested equity awards until their ownership guidelines are met. As noted earlier, board equity awards granted in 2026 require a one-year deferral from grant date. Awards granted prior to 2026 will not distribute until the Director leaves the Board.

For more than a century, the Williams name has been associated with energy, innovation and trust. Williams has a long history of building and operating facilities that move safe, affordable, reliable energy sources that heat and fuel the nation's clean energy economy.

Benefits and Other Compensation Program Details

Benefits and Limited Perquisites

Consistent with our philosophy to emphasize pay for performance, our NEOs receive very few perquisites or supplemental benefits. They are as follows:

Retirement Restoration Benefits	<p>Eligible NEOs participate in our qualified retirement program on the same terms as our other employees. We offer a retirement restoration plan to maintain a proportional level of pension benefits to our eligible NEOs as provided to other employees. The Internal Revenue Code of 1986, as amended (“Internal Revenue Code”), limits qualified pension benefits based on an annual compensation limit. For 2025, the limit was \$350,000. Any limitation in a NEO’s pension benefit in the tax-qualified pension plan due to this limit is made up for (subject to a cap) in the unfunded retirement restoration plan. Benefits for NEOs are not enhanced and are calculated using the same benefit formula as that used to calculate benefits for employees in the qualified pension plan. The compensation included in the retirement restoration benefit is consistent with pay considered for employees in the qualified pension plan. Equity compensation, including RSUs and stock options, is not considered. Additionally, we do not provide a nonqualified benefit related to our qualified 401(k) defined contribution retirement plan.</p>
Financial Planning Allowance	<p>We offer financial planning to provide expertise on current tax laws to assist NEOs with personal financial planning and preparations for contingencies such as death and disability. Covered services include estate planning, tax planning, tax return preparation, wealth accumulation planning, and other personal financial planning services. In addition, by working with a financial planner, NEOs gain a better understanding of and appreciation for the programs the Company provides, which helps to maximize the retention and engagement aspects of the dollars the Company spends on these programs.</p>
Personal Use of Company Aircraft	<p>The CEO is allowed, but not required, to use the Company’s private aircraft for personal travel. Our policy for all other executive officers is to discourage personal use of the aircraft, but the CEO retains discretion to permit its use when deemed appropriate, such as when the destination is not well served by commercial airlines, personal emergencies, and the aircraft is not being used for business purposes. To the extent that NEOs, including the CEO, use the Company’s private aircraft for personal travel, imputed income will be applied to the NEO, in compliance with Internal Revenue Code requirements.</p>
Executive Physicals	<p>The Compensation Committee requires annual physicals for the NEOs. Such physicals align with our wellness initiative as well as assist in mitigating risk. NEO physicals are intended to identify any health risks and medical conditions as early as possible in an effort to achieve more effective treatment and outcomes.</p>
Supplemental LTD	<p>Our Long-Term Disability (“LTD”) program offered to all employees provides an annual benefit of 60 percent of base salary subject to a cap of \$15,000 per month. We offer a supplemental LTD program to any employee with an annual base salary of more than \$300,000. The supplemental program preserves the intended 60 percent benefit for those with a base salary between \$300,001 and \$600,000, however, the supplemental LTD program provides for a maximum benefit of \$16,000 per month for Mr. Armstrong.</p>
Event Center	<p>We have a suite and club seats at certain event centers that were purchased for business purposes. If they are not being used for business purposes, we make them available to all employees, including our NEOs. This is not considered a perquisite to our NEOs because it is available to all employees.</p>

Other Compensation Program Components

In addition to establishing the pay elements described above, we have adopted a number of policies to further the goals of the executive compensation program, particularly with respect to strengthening the alignment of our NEOs’ interests with stockholder long-term interests.

Employment Agreements. Williams does not have employment agreements with our NEOs.

Termination and Severance Arrangements. The Executive Severance Pay Plan includes senior executive officers, which includes NEOs other than the CEO, in order to define a consistent approach of treatment in the event of a severance event. Under the plan, NEOs are eligible to receive a discretionary payment of 1.5 to 2.0 times the sum of the NEOs base salary and target annual bonus. Any severance payment is discretionary. Considerations include the NEO’s term of employment, past accomplishments, reasons for separation from the Company, and competitive market practice. The NEO can elect coverage under the Company’s medical benefits plans for 18 months from the termination in the same manner and at the same cost as similarly situated active employees for up to the first three months. Outplacement services may be provided up to a maximum amount of \$25,000.

Change in Control Agreements. Our change in control agreements, in conjunction with the NEOs’ equity award agreements, provide separation benefits for our NEOs. Our program includes a double trigger for benefits and equity vesting. This means there must be a Company change in control and the NEO must experience a qualifying termination of employment prior to receiving benefits under the agreement, unless the acquiring company does not assume or replace the equity awards. This practice creates security for the NEOs but does not provide an incentive for the NEO to leave the Company. Our program is designed to encourage the NEOs to focus on the best interests of stockholders by alleviating their concerns about a possible detrimental impact to their compensation and benefits under a potential change in control, not to provide compensation advantages to NEOs for executing a transaction.

Our Compensation Committee reviews our change in control benefits periodically to ensure they are consistent with competitive practice and aligned with our compensation philosophy. As part of the review, calculations are performed to determine the overall program cost to the Company if a change in control event were to occur and all covered NEOs were terminated as a result. An assessment of competitive norms, including the reasonableness of the elements of compensation received, is used to validate benefit levels for a change in control. We do not offer a tax gross-up provision in our change in control agreements but instead include a ‘best net’ provision providing our NEOs with the better of their after-tax benefit capped at the safe harbor amount or their benefit paid in full, subjecting them to possible excise tax payments. The Compensation Committee continues to believe that offering a change in control program is appropriate and critical to attracting and retaining executive talent and keeping them aligned with stockholder interests in the event of a change in control.

The following chart details the benefits received if a NEO were to be terminated or resigned for a defined good reason following a change in control as well as an analysis of those benefits as it relates to the Company, stockholders, and the NEO:

CHANGE IN CONTROL BENEFIT	WHAT DOES THE BENEFIT PROVIDE TO THE COMPANY AND STOCKHOLDERS?	WHAT DOES THE BENEFIT PROVIDE TO THE NEO?
Multiple of 3x base pay plus annual cash incentive at target	Encourages NEOs to remain engaged and stay focused on successfully closing the transaction.	Financial security for the NEO equivalent to three-years of continued employment.
Accelerated vesting of stock awards	An incentive to stay during and after a change in control. If there is risk of forfeiture, NEOs may be less inclined to stay or to support the transaction.	The NEOs are kept whole if they have a separation from service following a change in control.
The value of 36 months of group medical, dental, and/or prescription drug plan benefits	This is a minimal cost to the Company that creates a competitive benefit.	Access to health coverage.
Reimbursement of legal fees to enforce benefit	Keeps NEOs focused on the Company and not concerned about whether the acquiring company will honor contractual commitments after a change in control.	Security during an unstable period of time.
Outplacement assistance	Keeps NEOs focused on supporting the transaction and less concerned about trying to secure another position.	Assists NEOs in finding a comparable executive position.
‘Best Net’ provision	Enables the change in control benefits to be delivered in as close a manner to the intended value of the benefits as possible.	Provides NEOs with the better of their after-tax benefit capped at the safe harbor amount or their benefit paid in full, which would subject them to possible excise tax payments.

Derivative Transactions. Our policy on securities trading applies to transactions in positions or interests whose value is based on the performance or price of our common stock. Because of the inherent potential for abuse, Williams prohibits officers, directors, and certain other employees from entering into short sales or using equivalent derivative securities in connection with Williams or its affiliates’ securities. Our policy on securities trading also prohibits holding Williams or its affiliates’ securities in a margin account or pledging them as collateral for a loan.

Mitigating Risk in Our Compensation Programs

No material adverse compensation-related risks were identified as top risks in the Company's Strategic Risk Assessment Process as discussed in the "**Board Oversight of Certain Areas**" section of this proxy statement addressing our Strategic Risk Assessment. Our compensation plans are effectively designed and function to reward positive performance and motivate NEOs and employees to behave in a manner consistent with our stockholder interests, business strategies and objectives, ethical standards, and prudent business practices, along with our core values which are the foundation on which we conduct business. Our core values can be found on our website at www.williams.com from the Our Company tab. In fact, many elements of our executive pay program serve to mitigate excessive risk taking. For example:

Target Pay Mix. The target pay mix weighting of long-term incentives, annual cash incentives, and base pay is consistent with comparator company practices and avoids placing too much value on any one element of compensation, particularly the annual cash incentive. The mix of our pay program is intended to motivate NEOs to consider the impact of decisions on stockholders in the long-, intermediate-, and short-terms.

Annual Cash Incentive. Our annual cash incentive program does not allow for unlimited payouts. Calculated annual cash incentive payments for NEOs cannot exceed 200 percent of target levels.

Performance-based Awards

- Our annual cash incentive and long-term incentive programs include performance-based awards. The entire annual cash incentive award is measured against performance targets, while a significant portion of the long-term equity awards provided to NEOs is in the form of performance-based RSUs. Performance-based RSUs have no value unless we achieve pre-determined performance target thresholds.
- To drive a long-term perspective, 2025 performance-based RSU awards cliff vest three years from the date of grant rather than vesting ratably on an annual basis. Additionally, any earned cash dividend equivalents on time- and performance-based RSUs are not paid until the officer meets the vesting requirements and the award is distributed. Prior to 2022 awards, cash dividend equivalents were not provided on performance-based RSU awards.
- NEOs' incentive compensation performance is measured at the enterprise level rather than on a business unit level to ensure a focus on the overall success of the Company.

Stock Ownership Guidelines. As discussed in this CD&A, all NEOs, consistent with their responsibilities to stockholders, must hold an equity interest in the Company equal to a stated multiple of their base pay.

Recoupment Policy. On October 26, 2022, the SEC adopted rules requiring security exchanges to establish listing standards that require listed issuers to adopt compensation recovery policies as part of the Dodd-Frank Act of 2010. On June 9, 2023, the SEC approved the NYSE's proposed listing standards. The Company's Recoupment Policy was updated in 2023 to comply with the new listing standards. A primary element of this updated policy is to recover erroneously awarded incentive-based compensation paid to current or former executive officers impacted by an accounting restatement due to material noncompliance with any required financial reporting requirement under securities laws. In the event of an accounting restatement that impacts past incentive compensation awards, the policy requires the Company to go back up to three years preceding the date of the accounting restatement to recoup any erroneously awarded incentive compensation. In addition to these updates, the Company retained the separate discretionary recoupment policy, which allows the Company to pursue the recoupment of any performance-based incentive payments, including payments under the AIP and performance-based RSUs, paid to executive officers, who are found by the Board to be personally responsible for fraud or intentional misconduct.

Insider Trading Policy. Our insider trading policy prohibits NEOs and directors, directly or through family members or other persons or entities, from buying or selling Williams securities or engaging in any other action to take personal advantage of material nonpublic information. In addition, if during the course of working for the Company, the NEO or director learns of material nonpublic information about a competitor or a company with which Williams or an affiliate of Williams does or anticipates doing business with, he/she may not trade in that company's securities until the information becomes public or is no longer material.

Accounting and Tax Treatment

We consider the impact of accounting and tax treatment when designing all aspects of pay, but the primary driver of our program design is to support our business objectives.

Prior to 2018 and the implications of the tax reform legislation in late 2017, stock options and performance-based RSUs were intended to satisfy the requirements for performance-based compensation as defined in Section 162(m) of the Internal Revenue Code and were therefore considered a tax-deductible expense. Time-based RSUs did not qualify as performance-based and may not be fully deductible. Section 162(m) has been amended for taxable years after December 31, 2017, eliminating the performance-based compensation exception, except for certain grandfathered arrangements previously in place. The Company will generally not be entitled to a tax deduction for individual compensation in excess of \$1 million for certain executive officers.

Compensation and Management Development Committee Report

(1) Salary. The base salary paid during the calendar year.

(2) Bonus. Mr. Wingo received a sign-on bonus in 2025 upon joining the Company. This award and other elements of his new-hire compensation package, including new-hire equity awards, were intended to replace the approximate economic value, delivered in a similar form of compensation, and generally aligned with the timing of compensation opportunities forfeited upon leaving his prior employer. These awards were one-time in nature, with the equity awards intended to align his interests with those of stockholders, and are not indicative of his ongoing annual compensation levels.

(3) Stock Awards. Awards were granted under the terms of the 2007 Incentive Plan and include time-based and performance-based RSUs. Amounts shown are the grant date fair value of awards computed in accordance with FASB ASC Topic 718. The assumptions used to value the stock awards can be found in our Annual Report on Form 10-K for the year-ended December 31, 2025.

The potential maximum values of the performance-based RSUs, subject to changes in performance outcomes, are as follows:

	2025 PERFORMANCE-BASED RSU MAXIMUM POTENTIAL
Chad J. Zamarin	\$ 6,499,935
Alan S. Armstrong	18,599,993
Robert R. Wingo	3,999,986
John D. Porter	2,899,989
Larry C. Larsen	2,762,508
T. Lane Wilson	1,900,001
Micheal G. Dunn	4,200,022

(4) Non-Equity Incentive Plan. The maximum annual incentive pool funding for NEOs is 200 percent of target.

Executive Compensation Tables and Other Information

- (5) *Change in Pension Value and Nonqualified Deferred Compensation Earnings.* The amount shown is the aggregate change from December 31, 2024 to December 31, 2025, in the actuarial present value of the accrued benefit under the qualified pension and non-qualified plan. A portion of the change in present value is impacted due to the lower discount rate used to measure these benefits at the end of 2025. The underlying design of these programs did not change from 2024 to 2025. Please refer to the "Pension Benefits" table for further details of the present value of the accrued benefit. Mr. Wingo is not a participant in the qualified pension plan or retirement restoration plan, as his date of hire occurred after December 31, 2019.
- (6) *All Other Compensation.* Amounts shown represent payments made on behalf of the NEOs and include life insurance premiums, a 401(k)-matching contribution, and perquisites (if applicable). Perquisites may include financial planning services, mandated annual physical exams, supplemental executive LTD, and personal use of the Company aircraft. If the NEO used the Company aircraft, the incremental cost method is used to calculate the value of the personal use of the Company aircraft. The incremental cost calculation includes items such as fuel, maintenance, weather and airport services, pilot meals, pilot overnight expenses, aircraft telephone, and catering. Amounts do not include arrangements that are generally available to our employees and do not discriminate in scope, terms, or operations in favor of our NEOs, such as medical, dental, and disability programs.
- Mr. Zamarin received 401(k) matching contributions in the amount of \$21,000; reimbursement related to a mandated annual physical exam; life insurance premiums; and supplemental executive LTD.
 - Mr. Armstrong received 401(k) matching contributions in the amount of \$21,000; reimbursement of financial planning services; reimbursement related to a mandated annual physical exam; personal usage of the Company aircraft in the amount of \$15,843; life insurance premiums; and supplemental executive LTD.
 - Mr. Wingo received 401(k) matching contributions and a 4.5% fixed annual contribution in the amount of \$29,596; relocation benefits in the amount of \$118,439; life insurance premiums in the amount of \$13,416; and one-time legal fees associated with a disputed noncompete agreement between Mr. Wingo and his previous employer in the amount of \$127,490. With respect to the disclosed legal fees, the Company incurred these expenses to ensure Mr. Wingo could effectively perform his duties and further the interests of the Company in the role for which he was hired.
 - Mr. Porter received 401(k) matching contributions in the amount of \$21,000; reimbursement of financial planning services in the amount of \$10,000; reimbursement related to a mandated annual physical exam; life insurance premiums in the amount of \$13,416; and supplemental executive LTD.
 - Mr. Larsen received 401(k) matching contributions in the amount of \$21,000; reimbursement of financial planning services; reimbursement related to a mandated annual physical exam; life insurance premiums; and supplemental executive LTD.
 - Mr. Wilson received 401(k) matching contributions in the amount of \$21,000; reimbursement related to a mandated annual physical exam; life insurance premiums; and supplemental executive LTD.
 - Mr. Dunn received 401(k) matching contributions in the amount of \$21,000; reimbursement of financial planning services; life insurance premiums; and supplemental executive LTD.

The Compensation Committee considers the compensation of CEOs from comparator companies when setting Mr. Zamarin's pay. It is the competitive norm for CEOs to be paid more than other NEOs. In addition, the Compensation Committee believes the difference in pay between the CEO and other NEOs is consistent with our compensation philosophy (summarized in the CD&A), which considers the external market and internal value of each job to the Company along with the incumbent's experience and performance of the job in setting pay. The CEO's job is different from the other NEOs because the CEO has ultimate responsibility for performance results and is accountable to the Board and stockholders. Consequently, the Compensation Committee believes it is appropriate for the CEO's pay to be higher.

(1) Non-Equity Incentive Awards. Awards from the 2025 AIP are shown.

- **Threshold:** At threshold, the 2025 AIP awards are zero.
- **Target:** The amount shown is based upon a business performance attainment of 100 percent.
- **Maximum:** The maximum calculated result for the NEOs is 200 percent of their AIP target.

Mr. Wingo was a new hire in 2025 and received a partial payment based on 2025 earnings. Mr. Dunn retired in 2025 and also received a partial payment based on 2025 earnings.

(2) Represents performance-based RSUs granted in February 2025 under the 2007 Incentive Plan. Performance-based RSUs can be earned over a three year period only if the established performance target is met and the NEO is employed on the certification date, subject to certain exceptions such as the executive's death, disability or retirement. Under any circumstances, these shares will be distributed no earlier than the third anniversary of the grant other than due to a termination upon a change in control. If performance plan goals are exceeded, the NEO can receive up to 200 percent of target. If plan threshold goals are not met, the NEO's awards are cancelled in their entirety. Mr. Zamarin and Mr. Larsen received an additional performance-based RSU award at the time of their respective promotions. Mr. Wingo received a performance-based RSU award at the time of hire.

(3) Represents time-based RSUs granted under the 2007 Incentive Plan. Time-based units generally cliff vest 36 months from the respective grant date. Mr. Zamarin and Mr. Larsen received an additional time-based RSU award with 36-month cliff vesting at the time of their respective promotions. Mr. Wingo received a time-based RSU award at the time of hire, that ratably vests in one-half increments on the first and second anniversary of the award.

Retirement Plan

The retirement plan for the Company's NEOs consists of two plans: the pension plan and the retirement restoration plan as described below. Together these plans generally provide the same level of benefits to our executives as the pension plan provides to other eligible employees of the Company. The retirement restoration plan was implemented to address the annual compensation limit of the Internal Revenue Code.

Pension Plan

Each of our NEOs, with the exception of Mr. Wingo, have completed one year of service and participate in our pension plan. All employees hired after December 31, 2019, which includes Mr. Wingo, are not eligible to participate in our pension plan and instead receive a noncontributory 401(k) plan fixed annual contribution of 4.5% of eligible pay up to the annual Internal Revenue Code compensation limit. Our pension plan is a noncontributory, tax qualified defined benefit plan (with a cash balance design) subject to the Employee Retirement Income Security Act of 1974, as amended.

Executive Compensation Tables and Other Information

Each year, participants in the plan earn compensation credits that are posted to their cash balance account. The annual compensation credits are equal to the sum of a percentage of eligible pay (base pay and certain bonuses) and a percentage of eligible pay greater than the social security wage base. The percentage credited is based upon the participant's age as of December 31, 2019 as shown in the following table:

AGE AS OF 12/31/2019	PERCENTAGE OF ELIGIBLE PAY	PERCENT OF ELIGIBLE PAY GREATER THAN THE SOCIAL SECURITY WAGE BASE
40-49	8%	3%
50 or over	10%	5%

For participants who were active employees and participants under the plan on March 31, 1998 and April 1, 1998, the percentage of eligible pay is increased by 0.3 percent multiplied by the participant's total years of benefit service earned as of March 31, 1998.

In addition, interest is credited to account balances quarterly at a rate determined annually in accordance with the terms of the plan.

While a lump-sum benefit is also available, the monthly annuity available to those who take normal retirement is based on the participant's account balance as of the date of commencement. Normal retirement age is 65. Early retirement eligibility begins at age 55. At retirement, participants may choose to receive a single-life annuity (for single participants), a qualified joint and survivor annuity (for married participants), or they may choose one of several other forms of payment having an actuarial value equal to that of the relevant annuity.

Retirement Restoration Plan

The Internal Revenue Code limits pension benefits, based on the annual compensation limit, which can be accrued in tax-qualified defined benefit plans, such as our pension plan. The annual compensation limit in 2025 was \$350,000. Any reduction in an executive's pension benefit accrual due to these limits will be compensated, subject to a cap, under an unfunded top hat plan — our retirement restoration plan.

The elements of compensation that are included in applying the payment and benefit formula for the retirement restoration plan are the same elements that are used, except for application of a cap, in the base pension plan for eligible employees. The elements of pay included in that definition are total base pay, including any overtime, base pay-reduction amounts, and cash bonus awards, if paid (unless specifically excluded under a written bonus or incentive-pay arrangement). Specifically excluded from the definition are severance pay, cost-of-living pay, housing pay, relocation pay (including mortgage interest differential), taxable and non-taxable fringe benefits, and all other extraordinary pay, including any amounts received from equity compensation awards.

With respect to bonuses, annual cash incentives are considered in determining eligible pay under the pension plan. Long-term equity compensation incentives are not considered.

Pension Benefits

The following table sets forth certain information with respect to the actuarial present value of the accrued benefit as of December 31, 2025 under the qualified pension plan and retirement restoration plan. All participating NEOs are fully vested in the benefits:

NAME	PLAN NAME	NUMBER OF YEARS CREDITED SERVICES	PRESENT VALUE OF ACCRUED BENEFIT ⁽¹⁾	PAYMENTS DURING LAST FISCAL YEAR
Chad J. Zamarin	Pension Plan	9	\$ 234,537	—

Micheal G. Dunn ⁽³⁾	Pension Plan	23	556,817	—
	Retirement Restoration Plan	23	2,305,391	—

(1) The primary actuarial assumptions used to determine the present values include an annual interest credit to normal retirement age equal to 4.25 percent and a discount rate equal to 5.33 percent for the pension plan and a discount rate equal to 4.80 percent for the retirement restoration plan.

(2) Mr. Wingo is not a participant in the qualified pension plan or retirement restoration plan, as his date of hire occurred after December 31, 2019.

(3) Mr. Dunn rejoined the company in 2017. As a former employee, Mr. Dunn has prior years of vesting service under the Plans.

Williams' footprint includes strategic assets in the deepwater Gulf, the Rockies, the Pacific Northwest and the Eastern Seaboard. Williams is headquartered in Tulsa, Oklahoma, with major offices in Houston and Pittsburgh.

Nonqualified Deferred Compensation

We do not provide other nonqualified deferred compensation for any of our NEOs or other employees.

Change in Control Agreements

We have entered into change in control agreements with each of our NEOs to facilitate continuity of management if there is a change in control of the Company.

If during the term of a change in control agreement, a “change in control” occurs and (i) the employment of any NEO is terminated other than for “cause,” “disability,” or death, or (ii) a NEO resigns for “good reason,” such NEO is entitled to the following:

- accrued but unpaid base salary, accrued but unpaid paid time off, and any other amounts or benefits due but not paid (lump sum payment);
- within sixty days after the termination date or such later date required by section 409A of the Internal Revenue Code of 1986, as amended;
- prorated annual cash incentive for the year of separation through the termination date (lump sum payment);
- a severance amount equal to three times the sum of his or her base salary and target annual incentive bonus, as of the termination date (lump sum payment); and
- an amount equal to the full monthly cost of group medical, dental, and/or prescription drug plan benefits multiplied by thirty-six (lump sum payment).
- all equity awards will vest and will be paid out only in accordance with the terms of the respective plan and award agreements;
- continued participation in the Company’s directors’ and officers’ liability insurance for six years or any longer known applicable statute of limitations period;
- indemnification as set forth under the Company’s By-laws; and
- outplacement benefits for six months at a cost not exceeding \$25,000 per NEO.

We provide a ‘best net’ provision providing our NEOs with the better of their after-tax benefit capped at the safe harbor amount or their benefit paid in full, subjecting them to possible excise tax payments. If a NEO’s employment is terminated for “cause” during the period beginning upon a change of control and continuing for two-years or until the termination of the agreement, whichever happens first, the NEO is entitled to accrued but unpaid base salary, unpaid paid time off, and any other amounts or benefits due but not paid (lump sum payment).

The agreements with our NEOs use the following definitions:

“Cause” generally means a NEO’s:

- conviction of or a plea of nolo contendere to a felony or a crime involving fraud, dishonesty, or moral turpitude;
- misconduct in the performance of his or her duties that has a material adverse effect on Williams;
- violation or disregard of the Code of Business Conduct that has a material adverse effect on Williams;
- violation or disregard of a Company policy, standard or process that has a material adverse effect on Williams; or
- habitual or gross neglect of his or her duties.

Cause generally does not include bad judgment or negligence (other than habitual neglect or gross negligence); acts or omissions made in good faith after reasonable investigation by the NEO or acts or omissions with respect to which the Board could determine that the NEO had satisfied the standards of conduct for indemnification or reimbursement under the Company’s By-laws,

indemnification agreement, or applicable law; or failure (despite good faith efforts) to meet performance goals, objectives, or measures for a period beginning upon a change of control and continuing for two years or until the termination of the agreement, whichever happens first. A NEO's act or failure to act (except as relates to a conviction or plea of nolo contendere described above), when done in good faith and with a reasonable belief after reasonable investigation that such action or non-action was in the best interest of Williams or its affiliate or required by law shall not be cause if the NEO cures the action or non-action within ten days of notice. Furthermore, no act or failure to act will be cause if the NEO acted under the advice of Williams' counsel or as required by the legal process.

"Change in control" means:

- any person, subject to certain exceptions, becomes a beneficial owner, as such term is defined under the Exchange Act, of 30 percent or more of the combined voting power of all securities entitled to vote generally in the election of directors ("Voting Securities");
- a majority of the members of the Board is replaced during any 12-month period by directors whose appointment or election is not approved by the majority of the members constituting the Board prior to the date of the appointment or election;
- consummation of any reorganization, merger, consolidation, statutory share exchange or similar transaction (a "Reorganization"), the sale or disposition of all or substantially all of Williams' assets (a "Sale"), or the acquisition of the assets or stock of another entity (an "Acquisition") unless immediately following such Reorganization, Sale or Acquisition, (A) all or substantially all of the beneficial owners of the outstanding shares of Williams common stock and Williams Voting Securities immediately prior to such Reorganization, Sale or Acquisition beneficially own, directly or indirectly, more than 50% of, respectively, the then outstanding shares of common stock and the combined voting power of the then outstanding voting securities entitled to vote generally in the election of directors of the entity resulting from such Reorganization, Sale or Acquisition (the "Surviving Entity") in substantially the same proportions as their ownership, immediately prior to such Reorganization, Sale or Acquisition and (B) no Person (other than Williams or any of its subsidiaries, the Surviving Entity or its ultimate parent, or any employee benefit plan sponsored or maintained by any of the foregoing) is the beneficial owner of 30% or more of the Voting Securities, and (C) at least a majority of the members of the board of directors or similar governing body of the Surviving Entity were members of the incumbent Board at the time of the execution of the initial agreement, or at the time of the action of the Board of Directors, providing for such Reorganization, Sale or Acquisition (any Reorganization, Sale or Acquisition); or
- approval by the stockholders of Williams for a complete liquidation or dissolution of Williams.

"Disability" means the inability of a NEO, as determined by the Board, to perform the essential functions of his or her regular duties and responsibilities, with or without reasonable accommodation, due to a medically determinable physical or mental illness which has lasted (or can reasonably be expected to last) for a period of 6 consecutive months.

"Good reason" means, generally, (i) the assignment of any duties inconsistent in any material respect with the NEO's position, authority, duties or responsibilities as provided in the agreement or any other action that results in a material diminution in the NEO's position, authority, duties or responsibilities, (ii) a reduction in the NEO's base salary or annual bonus opportunity, (iii) required relocation to an office or location more than 50 miles from the NEO's office or location as of the change in control, (iv) a successor company's failure to honor the agreement, or (v) any other material breach of the Agreement not taken in good faith or not promptly remedied upon notice from the NEO.

Termination Scenarios

The following table sets forth circumstances that provide for payments to the NEOs following or in connection with a change in control of the Company or a NEO's termination of employment for cause, upon retirement, upon death and disability, or not for cause. NEOs are generally eligible to retire at the earlier of age 55 and completion of three years of service or age 65.

All values are based on a hypothetical termination date of December 31, 2025 and a WMB closing stock price of \$60.11 on such date. The values shown are intended to provide reasonable estimates of the potential benefits the NEOs would receive upon termination. The values are based on various assumptions and may not represent the actual amount a NEO would receive. In addition to the amounts disclosed in the following table, a departing NEO would retain the amounts he or she has earned over the course of his or her employment prior to the termination event, including accrued retirement benefits and previously vested stock options and restricted stock units.

(1) If a NEO is terminated for cause or leaves the company voluntarily, no additional benefits will be received.

- (2) Mr. Armstrong, Mr. Porter, and Mr. Wilson are the only NEOs eligible to retire as of December 31, 2025. Mr. Dunn retired May 2, 2025. If a NEO retires, then the annual cash incentive for the year of separation is pro-rated to the retirement date and is paid when all active employees' annual cash incentives are paid after the company performance is certified. A pro-rated portion of the unvested time-based restricted stock units will accelerate, and a pro-rated portion of any performance-based restricted stock units will vest on the original vesting date if the Compensation Committee certifies that the performance measures were met. Since Mr. Armstrong is over age 60 and has more than 10 years of service, any time-based RSU would vest upon retirement. The annual cash incentive award amounts, as of December 31, 2025, are shown at target.
- (3) If a NEO dies or becomes disabled, then the annual cash incentive for the year of separation is pro-rated through the separation or leave date and is paid when all active employees' annual cash incentives are paid after the company performance is certified. All unvested time-based restricted stock units will fully accelerate. A pro-rated portion of 2023 and 2024 performance-based restricted stock units will vest on the original vesting date if the Compensation Committee certifies that the performance measures were met, while 2025 performance-based restricted stock units will fully accelerate at target. The annual cash incentive award estimates, as of December 31, 2025, are shown at target.
- (4) For a NEO who is involuntarily terminated and who receives severance or for a NEO whose termination is due to the sale of a business or outsourcing any portion of a business and for whom no comparable internal offer of employment is made, 2023 and 2024 unvested time-based restricted stock units will fully accelerate, while a pro-rated portion of 2025 unvested time-based restricted stock units will accelerate. A pro-rated portion of any performance-based restricted stock units will vest on the original vesting date if the Compensation Committee certifies that the performance measures were met. If this separation occurs during the last quarter of the fiscal year, the annual cash incentive for the year of separation is pro-rated through the separation or leave date and is paid when all active employees' annual cash incentives are paid after the company performance is certified. The annual cash incentive award amounts, as of December 31, 2025, are shown at target.
- (5) See "Change In Control Agreements" section.
- (6) The AIP values recorded for Mr. Dunn reflect what was actually received for the 2025 performance year.
- (7) The stock award values represented for Mr. Dunn include the amounts realized from his 2023, 2024, and 2025 time-based restricted stock units vesting on November 3, 2025 with a closing stock price of \$59.03. The stock award values for Mr. Dunn also include the value of his outstanding 2023 and 2024 pro-rated performance-based restricted stock units as of December 31, 2025. Mr. Dunn's outstanding 2025 performance-based restricted stock units were not pro-rated per his grant agreement, and that value as of December 31, 2025 is included in the stock award values.

Please note that we make no assumptions as to the achievement of performance goals as it relates to the performance-based RSUs for active NEOs. If an award is covered by Section 409A of the Internal Revenue Code, lump sum payments and equity award distributions occurring from these events will occur six months after the triggering event to the extent required by the Internal Revenue Code and our award agreements.

CEO Pay Ratio

Our CEO Pay Ratio was calculated in compliance with the requirements set forth in Item 402(u) of Regulation S-K. We are utilizing the same median employee disclosed in the 2024 and 2025 Proxy Statements. We identified this median employee using our employee population on October 1, 2023. We used a consistently applied compensation measure across our employee population to determine the median employee. For our consistently applied compensation measure, we used targeted total cash compensation which includes an employee's base salary plus their annual incentive bonus opportunity at target. Due to the consistent use of base salaries and our annual incentive program across our population, targeted total cash compensation provides an accurate depiction of total earnings for the purpose of identifying our median employee. We then calculated the median employee's compensation in the same manner as the named executive officers in the Summary Compensation Table.

Our median employee's compensation was \$143,269. Our CEO's disclosed compensation amount was \$8,682,793. Accordingly, our CEO Pay Ratio is 61:1.

It is important to note that 90 percent of our CEO's target compensation is at risk. Additionally, 69 percent of the amount disclosed as the CEO's total compensation in the Summary Compensation Table is the grant date value of equity awards made during 2025. He has not earned any value from these awards to date. Also, more than \$330,000 of the CEO's total compensation is due to a change in the present value of the pension benefits he has earned over his 9 years of service with the Company.

Pay Versus Performance

The table below provides additional information related to compensation for our NEOs as required by Item 402(v) of Regulation S-K. The table includes a calculated value titled “compensation actually paid” (“CAP”) for the Primary Executive Officer (“PEO”), our CEO, and for the non-PEO NEOs. It’s important to note the majority of the value displayed as CAP has in fact not been earned or paid and reflects updated values of outstanding equity awards that are still subject to vesting, and in some cases, performance requirements. The table also provides information on our cumulative TSR, the cumulative TSR of the Bloomberg US 3000 Oil & Gas Supply Chain Index, GAAP net income, and Adjusted EBITDA.

Following the discontinuation of the Bloomberg Americas Pipeline Index, the Bloomberg US 3000 Oil & Gas Supply Chain Index was adopted as the peer group for purposes of this disclosure.
- (c) Adjusted EBITDA is a non-GAAP measure. A reconciliation of these non-GAAP financial measures to their nearest GAAP comparable financial measure is included in the appendix.

The following tables detail the adjustments to the SCT total compensation value to reach the calculated CAP result. The equity award values are calculated in accordance with FASB ASC Topic 176 for each year-end value. For awards that vested within the applicable calendar year, the actual vesting date value is applied. The addition to the SCT value for pension benefits reflect the actual service cost applicable for the calendar year as opposed to the change in present value of the pension benefit used in the SCT. No prior service cost is included as there were no applicable plan amendments during this time.

SUMMARY OF THE PROPOSAL

On March 6, 2026, the Board approved, subject to approval by our stockholders at the Annual Meeting, an amendment and restatement of The Williams Companies, Inc. 2007 Incentive Plan (referred to in this section of the proxy statement as the “Incentive Plan”). The amendment and restatement of the Incentive Plan was recommended to the Board by our Compensation Committee. A copy of the Incentive Plan, as amended and restated, is attached as Appendix B of this proxy statement. The description that follows is qualified in its entirety by reference to the full text of the Incentive Plan as set forth in Appendix B.

The Incentive Plan was most recently approved by our stockholders at our annual meeting of stockholders held in 2020. The Board believes that the Incentive Plan has helped Williams compete for, motivate, and retain high caliber executive and professional employees and non-management directors. We are asking our stockholders to approve the amendment and restatement of the Incentive Plan, which includes the following material amendments:

1. Increases by 35,000,000 the number of shares available for issuance under the Incentive Plan from 50,000,000 shares to 85,000,000.
2. Removes the 10-year expiration date of the Incentive Plan (though incentive stock options (“ISOs”) may not be granted more than 10 years after the date of the amendment and restatement), such that the Incentive Plan will terminate when all shares have been issued (subject to earlier termination by the Board).
3. Increases the limit on the annual equity grant to non-management directors to \$750,000 but leaves the total annual compensation limit for non-management directors unchanged at \$750,000 (including cash and equity compensation).
4. Removes certain provisions previously included for purposes of satisfying the performance-based compensation exemption under Section 162(m) of the Code, such as the enumerated list of possible performance measures and the individual annual limit on the number of shares that can be granted to an individual during a calendar year.
5. Provides that, except to the extent that the Board reserves administrative powers or appoints a different committee, the Compensation Committee will administer the Incentive Plan.
6. Provides that shares withheld or delivered to satisfy tax withholding requirements associated with an award will not be made available again for delivery under the Incentive Plan.

7. Provides that, unless approved by the Compensation Committee, awards will not be transferable or exercisable in connection with a domestic relations order.
8. Clarifies that any dividend equivalents accrued with respect to any award will not be paid unless and until the award is vested and exercised, as applicable.
9. Removes the change in control provisions that automatically accelerate vesting and exercisability of awards in connection with certain terminations of employment occurring during the two-year period following a change in control. Instead, individual award agreements may provide for the treatment of awards upon a change in control.
10. Removes the provisions that grantees can agree in writing in advance of an event that the event will not constitute a change in control.

In connection with the design of the amended and restated Incentive Plan, our Board and the Compensation Committee carefully considered our anticipated future equity needs, our historical equity compensation practices and the advice of the Compensation Committee's independent compensation consultant. Our stockholders approved an amendment and restatement of the Incentive Plan in 2014. In 2014, the Incentive Plan had reserved 40,000,000 shares of our common stock for issuance under the Incentive Plan. Our stockholders approved a further amendment and restatement of the Incentive Plan again in 2020. In 2020, the Incentive Plan reserved 50,000,000 shares of our common stock for issuance under the Incentive Plan. As of December 31, 2025, approximately 292,934 shares remained subject to stock option awards outstanding, with a weighted average exercise price of \$28.68, and approximately 5,713,127 shares remained subject to restricted stock unit awards outstanding under the Incentive Plan. As of January 30, 2026, approximately 7,295,339 shares remained available for new awards under the Incentive Plan. Other than the Incentive Plan and our Employee Stock Purchase Plan, which is also subject to a stockholder vote at our annual meeting and is described in Proposal 4, we do not maintain any plans providing for awards of stock options, restricted stock units or other equity awards to our officers, directors or employees. The closing market price of Williams common stock on January 30, 2026 was \$67.26.

As of the Record Date, approximately 5,959,860 shares of our common stock remained available for issuance pursuant to future grants under the Incentive Plan, representing 0.5% of our issued and outstanding common stock as of that date. If approved, the additional 35,000,000 shares for awards under the Incentive Plan for which stockholder approval is being requested would represent incremental dilution of less than 2.9% of all outstanding shares of Williams' common stock. The Board believes the number of shares reserved for issuance under the Incentive Plan represents a reasonable amount of potential additional equity dilution. If approved by our stockholders, the amendment and restatement of the Incentive Plan will become effective as of the date of stockholder approval. If our stockholders fail to approve the amended and restated Incentive Plan, the amendments will not be given effect and the Incentive Plan will continue as in effect prior to its amendment and restatement. The Incentive Plan is currently set to expire on April 28, 2030.

CORPORATE GOVERNANCE FEATURES OF THE INCENTIVE PLAN

The Incentive Plan, as amended and restated, has been designed to include a number of provisions that promote best practices by reinforcing the alignment between equity compensation arrangements for eligible employees and non-management directors and stockholders' interests. These provisions include, but are not limited to, the following:

No Discounted Options or Stock Appreciation Rights ("SARs"). Stock options and SARs may not be granted with exercise prices lower than the market value of the underlying shares on the grant date.

No Repricing Without Stockholder Approval. Other than in connection with a change in Williams' capitalization, at any time when the purchase price of a stock option or SAR is above the market value of a share, Williams will not, without stockholder approval, reduce the purchase price of such stock option or SAR and will not exchange such stock option or SAR for a new award with a lower (or no) purchase price for cash.

No Reload Grants. Reload grants, or the granting of stock options conditioned upon delivery of shares to satisfy the exercise price and/or tax withholding obligation under another employee stock option, are not permitted.

No Dividend Equivalents Payable in Advance of Vesting. Dividend equivalents with respect to an award can only be paid upon vesting and distribution of the award.

Certain Minimum Vesting Requirements. Stock options, SARs, and other stock awards that are valued based on appreciation in the value of a share following the grant date, are required to meet minimum vesting requirements. Other than stock options and

Incentive Plan Approval

SARs representing not more than 5% of authorized shares under the Incentive Plan, such awards must have vesting periods of at least twelve months. This limitation is subject to certain exceptions for death, disability, or retirement.

Limited Share Recycling. Shares used to pay the exercise price of a stock option or withholding taxes related to an outstanding stock option or SAR or other award do not become available for issuance as future awards under the Incentive Plan.

Limit on Director Compensation. Compensation for each of our non-management directors, including cash and equity awards, is limited to \$750,000 for each calendar year.

No Transferability. Awards under the Incentive Plan generally may not be transferred, except by will or the laws of descent and distribution unless approved by the Compensation Committee.

No Evergreen Provision. The Incentive Plan does not contain an “evergreen” feature pursuant to which the shares authorized for issuance under the Incentive Plan can be automatically replenished.

No Automatic Grants. The Incentive Plan does not provide for automatic grants to any participant. The Incentive Plan does provide for annual awards of Restricted Shares or RSUs to non-management directors, subject to a designated \$750,000 limit on annual cash value, but these awards still require approval by the Compensation Committee.

No Tax Gross-ups. The Incentive Plan does not provide for any tax gross-ups.

SHARE USAGE

Historical Burn Rate. We are committed to managing the use of our equity incentives prudently to balance the benefits equity compensation brings to our compensation program with the dilution it causes our stockholders. As part of our analysis when considering the proposed share increase, we considered the Incentive Plan’s three-year average “burn rate,” or the number of shares subject to equity awards granted from the beginning of 2023 through December 31, 2025, divided by the weighted average number of shares outstanding for that period. For each of 2023, 2024, and 2025, our “burn rate” was 0.25%, 0.20%, and 0.14%, respectively.

We also considered that during the period from the beginning of 2023 through the Record Date, we made equity grants from the Incentive Plan in connection with the following: key personnel hires to advance our efforts; the compensation of employees who we believe are critical to furthering our business strategy; and continuing to incentivize our key officers and employees. We believe these new hires and compensation decisions are critical to the development and strength of our senior management team to attract the experience and talent necessary to further implement our strategy.

Overhang Percentage. Over the period from January 1, 2023 through the Record Date, our overhang percentage has averaged approximately 1.3%, which is based on (i) a weighted average of approximately 7,230,000 shares subject to our outstanding equity awards under the Incentive Plan, (ii) a weighted average of approximately 9,290,000 shares available for future equity awards under the Incentive Plan, and (iii) a weighted average of approximately 1,224,000,000 shares of Williams common stock outstanding on a fully diluted basis. The following table sets forth the total equity dilution as of the date of this proxy statement:

Number of Stock Options Outstanding	176,698
<i>Weighted Average Exercise Price</i>	\$28.97
<i>Weighted Average Term (in years)</i>	1.8
Number of Full-Value Stock Awards Outstanding	4,925,500
Number of Shares Remaining for Future Grant	5,959,860
Common Shares Outstanding as of March 3, 2026	1,222,856,952
Overhang Percentage	0.9%

If approved, the 35,000,000 additional shares reserved for issuance under the Incentive Plan would increase the overhang percentage to approximately 3.8%.

Stockholder Value Transfer Test. When evaluating the appropriate number of shares to reserve under the Incentive Plan, we reviewed the stockholder value transfer of the proposed increase, calculated as the value of available shares and plan awards as a

percentage of our market capitalization, and determined that a share reserve of 40,959,860 shares under the Incentive Plan was reasonable and consistent with industry guidelines.

Expected Duration. Based on our usage of shares authorized for issuance under the Incentive Plan and our reasonable expectation of future equity usage, we believe that the number of shares being requested for authorization under the Incentive Plan will last at least 9 to 12 years (or perhaps longer). Expectations regarding future share usage could be impacted by a number of factors such as hiring and promotion activity at the executive level; the rate at which shares are returned to the Incentive Plan reserve upon awards' expiration, forfeiture, or cash settlement; the future performance of our stock price; consequences of acquisitions or dispositions; and other factors. While we believe that the assumptions we used are reasonable, future share usage may differ from current expectations. If, however, the stockholders do not approve the Incentive Plan, there may not be a sufficient number of shares of our common stock available to achieve our recruiting and retention objectives.

PRINCIPAL FEATURES OF THE INCENTIVE PLAN

We describe below the other principal terms of the Incentive Plan, as amended and restated. Capitalized terms used in this section and not previously defined are generally defined in the Incentive Plan, which is attached as Appendix B.

KEY PROVISION	DESCRIPTION
Objectives	The Incentive Plan is intended (a) to allow selected employees and officers of the Company and its affiliates to acquire or increase equity ownership in the Company, thereby strengthening their commitment to the success of the Company, stimulating their efforts on behalf of the Company, and aligning their interests more closely with the interests of the Company's stockholders, and to assist the Company and its affiliates in attracting new employees and officers and retaining existing employees and officers; (b) to provide non-equity incentive award opportunities to designated officers and employees that are competitive with those of other major corporations; (c) to optimize the profitability and growth of the Company and its affiliates through incentives which are consistent with the Company's goals; (d) to provide award recipients with an incentive for excellence in individual performance; (e) to promote teamwork among employees, officers, and non-management directors; and (f) to attract and retain highly qualified persons to serve as non-management directors and to promote ownership by such non-management directors of a greater proprietary interest in the Company, thereby aligning such non-management directors' interests more closely with the interests of the Company's stockholders.
Administration	Except to the extent that the Board reserves administrative powers or appoints a different committee, the Compensation Committee will administer the Incentive Plan. Subject to the terms of the Incentive Plan, the Compensation Committee has full power and discretion to determine who receives awards, the types and amounts of awards, and the terms and conditions of the awards. The Compensation Committee may also correct any defect, supply any omission or reconcile any inconsistency, and construe and interpret, the Incentive Plan, the rules and regulations, any award agreement or any other instrument entered into or relating to an award under the Incentive Plan; establish, amend, and revoke rules for plan administration; and make all determinations advisable for plan administration. The Compensation Committee may delegate these responsibilities with respect to grantees other than those who are subject to potential liability under Section 16(b) of the Exchange Act with respect to transactions involving equity securities of the Company.
Eligibility	<p>The Incentive Plan provides for awards to employees and officers of Williams and our affiliates. Some awards will be provided to officers and others who are deemed "insiders" for purposes of Section 16 of the Exchange Act. As of March 3, 2026, we had approximately 47 officers and 6,005 employees, and we expect approximately 24% of such officers and employees to receive awards in 2026.</p> <p>The Incentive Plan also provides for automatic annual awards to non-management directors and for non-management directors to elect to receive director fees or other awards in common stock or restricted stock units. If the nominees for election named in this proxy statement are elected, 9 directors will qualify as non-management directors under the Incentive Plan in 2026.</p> <p>The basis of participation in the Incentive Plan is the Compensation Committee's decision, in its sole discretion, that an award to an eligible participant will further the Incentive Plan's stated objectives (as described above). In exercising its discretion, the Compensation Committee will consider the recommendations of management and the objectives of the Incentive Plan.</p>

<p>Participation</p>	<p>The Compensation Committee may make grants to eligible employees and officers of Williams and our affiliates in its discretion, subject to the limits described below.</p> <p>Annual awards to non-management directors consist of grants to each non-management director of shares and/or restricted stock units as described in “Non-Management Director Awards” below.</p> <p>The Compensation Committee determines participation in the Incentive Plan based on whether an award to an eligible participant will further the Incentive Plan’s objectives, which are described above. In designating participants under the Incentive Plan, the Compensation Committee will consider the recommendations of management.</p>
<p>Offering of Common Stock</p>	<p>If our stockholders approve the proposed increase to the share reserve, 40,959,860 shares of common stock will be available for issuance under the Incentive Plan. (The term “shares” or “stock” in this summary refers to common stock unless otherwise indicated.) The stock delivered under the Incentive Plan may be authorized and unissued shares or treasury shares, including shares repurchased for purposes of the Incentive Plan. If any shares subject to any award are forfeited or payment is made in a form other than shares or the award otherwise terminates without payment being made, the shares subject to such awards generally may again be available for issuance under the Incentive Plan. However, shares retained, withheld by, or delivered to the Company in payment or satisfaction of tax withholding obligations of an award and shares retained, withheld by, or delivered to the Company to pay the exercise price of a stock option or stock appreciation right will not be available for issuance under the Incentive Plan.</p> <p>If a dividend or other distribution (whether in the form of cash, shares, or other property, but excluding regular, quarterly cash dividends), recapitalization, forward or reverse stock split, subdivision, consolidation or reduction of capital, reorganization, merger, amalgamation, consolidation, scheme of arrangement, split-up, spin-off or combination, or similar transaction involving Williams or repurchase or exchange of shares or other securities of Williams or other rights to purchase shares or other securities of Williams, or other similar corporate transaction or event that affects the common stock (but only if the transaction or event does not cause Williams to receive consideration), the Compensation Committee will, in such manner as it deems equitable to prevent dilution or enlargement of the rights of grantees, make an equitable adjustment in the number and kind of securities subject to or to be issued in connection with awards and the exercise price or grant price of an award.</p>
<p>Types of Awards</p>	<p>Awards available under the Incentive Plan include stock options, including ISOs, restricted stock, restricted stock units, performance units, performance shares, stock appreciation rights, other stock-based awards valued in whole or in part by reference to or otherwise based on our common stock or other securities and non-equity incentive awards. Generally, awards under the Incentive Plan are granted for no consideration other than prior or future service. In the discretion of the Compensation Committee, awards may be granted alone or in addition to, in tandem with, or in substitution for any other award under the Incentive Plan or other plan sponsored by us or an affiliate.</p>
<p>Stock Options</p>	<p>The purchase price per share of stock subject to a stock option is determined by the Compensation Committee and cannot be less than 100% of the fair market value of a share on the grant date. Except in the case of a change in the capital structure of Williams or an extraordinary distribution to stockholders, the Compensation Committee has no authority to reprice an option without stockholder approval. The term of each option is fixed by the Compensation Committee, provided that it may not exceed ten years from the grant date. Options are exercisable in whole or in part at such time or times as determined by the Compensation Committee. Options may be exercised by payment of the purchase price in cash or stock or in the manner as determined by the Compensation Committee.</p>
<p>Restricted Stock and Restricted Stock Units</p>	<p>Restricted stock consists of shares that may not be disposed of by grantees until certain restrictions established by the Compensation Committee lapse. A grantee receiving restricted stock will have all of the rights of a stockholder, including the right to vote the shares and the right to receive any dividends on shares once they vest, unless the Compensation Committee otherwise determines. RSUs generally consist of a right to receive shares at the end of a specified period of restriction. Awards of RSUs are subject to such limitations as the Compensation Committee may impose, which limitations may lapse at the end of the restricted period, in installments or otherwise. RSU awards carry no voting or dividend rights or other rights associated with stock ownership. Upon termination of employment during the period of restriction, unvested restricted stock or RSUs will be forfeited subject to such exceptions, if any, as are authorized by</p>

the Compensation Committee. The Compensation Committee may award dividend equivalents in respect of RSUs. Such dividend equivalents will generally be paid once the period of restriction or other applicable limitations or restrictions have ended. Dividend equivalents cannot be paid during the applicable performance period with respect to unearned RSUs that are subject to performance-based vesting criteria.

Performance Units	Performance units entitle a grantee to cash or shares conditioned upon the fulfillment of certain performance conditions and other restrictions specified by the Compensation Committee. A performance unit is valued based upon a value established by the Compensation Committee. It is expected that annual or long-term performance bonuses may be granted as performance units and that the performance measures will be determined by the Compensation Committee. The Compensation Committee may award dividend equivalents in respect of performance units. Dividend equivalents will not be paid except with respect to those performance units that have been earned based on the level of achievement of applicable performance goals.
Performance Shares	Performance shares entitle a grantee to a certain number of shares of common stock, conditioned upon the fulfillment of certain performance conditions and other restrictions as specified by the Compensation Committee. These awards may be granted as a form of annual or long-term performance bonuses. Performance measures will generally be determined by the Compensation Committee. Dividend equivalents will not be paid except with respect to those performance shares that have been earned based on the level of achievement of applicable performance goals.
Stock Appreciation Rights	SARs provide the right to receive upon exercise of the SAR the difference between the base amount of the SAR and the fair market value of a share on the exercise date, multiplied by the number of shares to which the SAR relates. The Compensation Committee determines the terms and conditions of such awards, including the base amount of the SAR. Except in the case of a change in the capital structure of Williams or an extraordinary distribution to stockholders, the Compensation Committee has no authority to reprice a SAR without stockholder approval.
Other Stock-Based Awards	To enable us to respond to significant regulatory developments and trends in executive compensation practices, the Incentive Plan authorizes the Compensation Committee to grant awards that are valued in whole or in part by reference to or otherwise based on our securities. The Compensation Committee may determine the terms and conditions of such awards, including consideration paid for awards granted as share purchase rights and whether awards are paid in shares or cash.
Non-Management Director Awards	<p>Generally, each member of our Board who is not our employee will be granted on each regularly scheduled annual meeting of the stockholders RSUs representing and/or shares having a fair market value on the grant date of up to \$750,000. Notwithstanding the foregoing, a non-management director may not be provided with compensation for any calendar year in excess of \$750,000 in the aggregate, including cash payments and equity awards, including any awards made under the Incentive Plan. To the extent permitted by the Board, non-management directors may elect to defer receipt of such RSUs and shares until a time after the date that they would otherwise vest.</p> <p>Non-management directors may also elect to receive director fees otherwise payable in cash in the form of shares of RSUs valued at the fair market value of the common stock at the close of business on the date the fees would otherwise have been payable in cash. Directors may also elect to defer receipt of director fees. All such deferrals will be in the form of RSUs in lieu of cash or shares.</p>
Performance-Based Awards	<p>The Compensation Committee may require satisfaction of pre-established performance goals, consisting of one or more business criteria and a targeted performance level with respect to such criteria, as a condition of awards being granted or becoming exercisable or payable under the Incentive Plan, or as a condition to accelerating the timing of the grant or vesting of an award.</p> <p>The Compensation Committee has the discretion to determine performance measures and to adjust the determinations of the degree of attainment of the performance goals.</p>

Payment and Deferral of Awards	In general, awards may be settled in cash, stock, other awards, or other property, in the discretion of the Compensation Committee. The Compensation Committee may require or permit grantees to defer the distribution of all or part of an award in accordance with such terms and conditions as the Compensation Committee may establish. The Compensation Committee may condition the payment of an award on the withholding of taxes and may provide that a portion of the stock or other property to be distributed will be withheld to satisfy such tax obligations.
Transferability of Award	Except as otherwise approved by the Compensation Committee, awards generally may not be pledged or otherwise encumbered and generally are not transferable except by will or by the laws of descent and distribution. Each award will be exercisable during the grantee's lifetime only by the grantee or, if permitted under applicable law, by the grantee's guardian or legal representative. Certain transfers of awards for estate planning purposes may be permitted in the discretion of the Compensation Committee.
Change in Control	The Compensation Committee can include in individual award agreements the effect of a Change in Control on such awards. Awards will vest and, if applicable, become exercisable upon a Change in Control in which the acquiring or surviving corporation fails to assume awards previously made or provide equivalent awards of substantially the same value.
Recoupment	Awards under the Incentive Plan will be subject to the Company's recoupment, clawback, or similar policy as in effect from time to time as well as similar provisions of applicable law including Section 954 of the U.S. Dodd-Frank Wall Street Reform and Consumer Protection Act, Section 10D of the Exchange Act and any rules promulgated thereunder and any other regulatory regimes. These policies may require repayment of awards under certain circumstances.
Amendment and Termination	<p>The Incentive Plan may be amended, suspended, or terminated by the Board without further stockholder approval, unless such approval of an amendment or alteration is required by law or regulation or under the rules of any securities exchange or other form of securities market on which the common stock is then listed or quoted. The Board, in its discretion, may seek to obtain stockholder approval for amendments or other actions affecting the Incentive Plan for which stockholder approval is not required.</p> <p>Subject to the terms of the Incentive Plan, no amendment or termination of the Incentive Plan may materially and adversely affect the right of a grantee under any award granted under the Incentive Plan (other than an amendment to the change in control provisions of the Incentive Plan prior to the time of a Change in Control).</p>

NEW PLAN BENEFITS

A new plan benefits table for the amended and restated Incentive Plan and the benefits or amounts that would have been received by or allocated to participants for the last completed fiscal year under the Incentive Plan if the Incentive Plan was then in effect, as described in the federal proxy rules, are not provided because all awards made under the amended and restated Incentive Plan will be made at the Compensation Committee's discretion, subject to the terms of the Incentive Plan. Therefore, the benefits and amounts that will be received or allocated under the amended and restated Incentive Plan are not determinable at this time. However, please refer to the 2025 Summary Compensation Table in this proxy statement, which sets forth certain information regarding awards granted to our NEOs during the last completed fiscal year.

EXISTING PLAN BENEFITS

The following table sets forth with respect to each NEO listed in the Summary Compensation Table and each group listed below (i) the number of shares of common stock issuable pursuant to stock options granted under the Incentive Plan and (ii) the number of shares of common stock issuable pursuant to RSUs granted under the Incentive Plan, in each case since the most recent amendment and restatement date through March 3, 2026 (without regard to whether any grants were subsequently forfeited, terminated or canceled). During this same time period, the Company has not made any grants under any other equity incentive plans, other than under the Employee Stock Purchase Plan.

FEDERAL INCOME TAX CONSEQUENCES

We believe that under present law the following are the federal income tax consequences generally arising with respect to awards granted under the Incentive Plan. This summary is for stockholder information purposes and is not intended to provide tax advice to grantees.

Options

The grant of an option (including a stock-based award in the form of a purchase right) will create no tax consequences for the grantee or us. The grantee will have no taxable income upon exercising an ISO (except that the alternative minimum tax may apply) and we will receive no deduction at the time. Upon exercising an option other than an ISO, the grantee must generally recognize ordinary income equal to the difference between the exercise price and the fair market value of the freely transferable and nonforfeitable stock acquired on the date of exercise. In the case of options other than ISOs, we will be entitled to a deduction for the amount recognized as ordinary income by the grantee. The treatment to a grantee of a disposition of shares acquired upon the exercise of an option depends on how long the shares have been held and on whether such shares are acquired by exercising an ISO or by exercising an option other than an ISO. Generally, there will be no tax consequences to us in connection with a disposition of shares acquired under an option except that we will be entitled to a deduction (and the grantee will recognize ordinary taxable income) if shares acquired under an ISO are disposed of before the applicable ISO holding periods have been satisfied. Different tax rules apply with respect to grantees who are subject to Section 16 of the Exchange Act, when they acquire stock in a transaction deemed to be a nonexempt purchase under that statute. Different rules may also apply to an option exercised by a director less than six months after the date of grant.

Other Awards	With respect to other awards granted under the Incentive Plan that may be settled either in cash, in stock or in other property that is either not restricted as to transferability or not subject to a substantial risk of forfeiture, the grantee must generally recognize ordinary income equal to the cash or the fair market value of shares or other property received. We will be entitled to a deduction for the same amount. With respect to awards involving a transfer of stock or other property that is restricted as to transferability and subject to a substantial risk of forfeiture, the grantee must generally recognize ordinary income equal to the fair market value of the shares or other property received at the first time the shares or other property become transferable or not subject to a substantial risk of forfeiture, whichever occurs earlier. We will be entitled to a deduction for the same amount. In certain circumstances, a grantee may elect to be taxed at the time of receipt of shares or other property rather than upon the lapse of restrictions on transferability or the substantial risk of forfeiture.
Limitations on Tax	If an award is accelerated in connection with a “change in control” (as that term is used under the Internal Revenue Code), the Company may not be permitted to deduct the portion of the compensation attributable to such acceleration if it exceeds certain limits, and certain excise taxes may be triggered. Furthermore, the aggregate compensation in excess of \$1,000,000 for a given officer in a given calendar year may not be permitted to be deducted by the Company in certain circumstances.

The foregoing provides only a general description of the application of federal income tax laws to certain types of awards under the Incentive Plan. The summary does not address the effects of foreign, state, and local tax laws. Because of the variety of awards that may be made under the Incentive Plan and the complexities of the tax laws, grantees are encouraged to consult a tax advisor as to their individual circumstances.

Vote Required

The affirmative vote of a majority of the votes cast on the matter is required for the approval of this item.

Registration with the SEC

If our stockholders approve the amended and restated Incentive Plan, we will file with the SEC a registration statement on Form S-8, as soon as reasonably practicable after the approval, to register the additional shares available for issuance under the Incentive Plan.

PROPOSAL 4:

Approve the Amendment and Restatement of The Williams Companies, Inc. 2007 Employee Stock Purchase Plan to Increase the Number of Shares From 5,200,000 to 7,200,000, Extend the Term Six Years, and Make Other Amendments.

THE BOARD UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE “FOR” THE APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE WILLIAMS COMPANIES, INC. 2007 EMPLOYEE STOCK PURCHASE PLAN TO INCREASE THE NUMBER OF SHARES FROM 5,200,000 TO 7,200,000, EXTEND THE TERM SIX YEARS, AND MAKE OTHER AMENDMENTS.

SUMMARY OF THE PROPOSAL

The Board of Directors has approved, subject to stockholder approval, the amendment and restatement of The Williams Companies, Inc. Amended and Restated 2007 Employee Stock Purchase Plan (“Stock Plan”). The amendment and restatement to the Stock Plan was recommended to the Board by our Compensation Committee and is subject to approval by our stockholders. A copy of the Stock Plan as amended and restated is attached as Appendix C to this proxy statement. The description that follows is qualified in its entirety by reference to the full text of the Stock Plan as set forth in Appendix C.

The Stock Plan was most recently approved by our stockholders at our annual meeting of stockholders held in 2020. We are asking our stockholders to approve the amendment and restatement of the Stock Plan, which includes the following material amendments to the Stock Plan:

1. Increase by 2,000,000 the number of shares available for issuance under the Stock Plan from 5,200,000 shares to 7,200,000. This increase in shares is intended to replenish the shares issuable under the Plan.
2. Extend the expiration date of the Stock Plan to April 28, 2036, the 10th anniversary of the approval of this amendment and restatement of the Stock Plan.
3. Provide for Delaware as the applicable choice of law.
4. Modify the Administration section to reflect that day-to-day administration may be delegated to the Company’s senior human resources officer, or such other officer or officers the Compensation Committee deems appropriate.

Our stockholders initially approved the Stock Plan in 2007, which provided for 2,000,000 shares for sale. On May 22, 2014, stockholders approved an amendment and restatement of the Stock Plan that increased the shares available for sale by 1,600,000 shares. On April 28, 2020, stockholders approved a further amendment and restatement that increased the shares for sale by an additional 1,600,000 shares. As of January 30, 2026, approximately 473,261 shares remained available for sale pursuant to the Stock Plan. The closing market price of Williams’ common stock on January 30, 2026 was \$67.26.

As of the Record Date, the additional 2,000,000 shares we are requesting stockholders approve for issuance pursuant to the Stock Plan represents less than 0.20% of all outstanding shares of Williams’ common stock. The Board believes the number of shares reserved for issuance under the Stock Plan represents a reasonable amount of potential additional equity dilution.

The Stock Plan is currently set to expire April 28, 2030. We are requesting stockholders approve an extension of the expiration date by six years to April 28, 2036.

The Board believes that the Stock Plan has helped Williams to compete for, motivate, and retain high caliber employees and to help align the interests of Stock Plan participants with the interests of our stockholders. If approved by our stockholders, the amendment and restatement of the Stock Plan will become effective as of the date of stockholder approval. If our stockholders fail to approve the amended and restated Stock Plan, the amendments will not be given effect, and the Stock Plan will continue as in effect prior to its amendment and restatement.

PRINCIPAL FEATURES OF THE PLAN

We describe below the other principal terms of the Stock Plan, as amended and restated.

KEY PROVISION	DESCRIPTION
Administration	The Stock Plan is administered by the Compensation Committee as designated by our Board. Subject to the provisions of the Stock Plan, the Compensation Committee has full power and authority to promulgate rules and regulations as it deems necessary for the proper administration of the Stock Plan, to interpret the provisions, and supervise the administration of the Stock Plan and to take all action in connection with or related to the Stock Plan as it deems necessary or advisable. All actions taken and determinations or interpretations made by the Compensation Committee will be binding and conclusive on all participants. The Compensation Committee may delegate the routine day-to-day administration of the Stock Plan (including the selection of a designated broker) to the Company's senior human resources officer, or such other officer or officers of the Company it deems appropriate.
Eligibility and Participation	Employees are generally eligible to participate in the Stock Plan if they are employed by us or one of our designated subsidiaries and employed as of the first day of the offering period; but in all cases excluding each employee who is a highly compensated employee within the meaning of Section 414(q) of the Internal Revenue Code and who holds a position with the title of Vice President and above and has been classified as an executive. Our non-employee directors and officers are also not eligible to participate in the Stock Plan. To participate in the Stock Plan, an eligible employee must actively enroll by completing our enrollment process. Participation will be effective for the first offering period following a complete submission. As of January 1, 2026, we estimate that 56% of our eligible employees participate in the Stock Plan.
Offering Period	Offering periods under the Stock Plan generally begin on the first day of the year and the first day of the seventh month of the year (the "Offering Date") and conclude on the last day of the sixth month after the Offering Date (the "Purchase Date"). The Compensation Committee has the authority to change the duration, frequency, and commencement dates of Offering Periods. The period for which an offering is effective is referred to as an "Offering Period."
Payroll Deductions	Participants make after-tax payroll deductions during the Offering Period. The maximum annual payroll deduction for the Stock Plan is \$15,000, or such greater amount as designated by the Compensation Committee. The maximum payroll deductions that a participant may elect for any Offering Period may not exceed \$7,500. The maximum payroll deductions a participant may elect per pay period may not exceed \$576.
Purchases and Limitations	Unless a participant elects to withdraw from an Offering Period and ceases their payroll deductions, or otherwise becomes ineligible, the purchase of shares of common stock will be exercised automatically on each Purchase Date, and, subject to applicable limitations, the maximum number of shares will be purchased for such participant at the applicable purchase price with the accumulated payroll deductions. Participants may not purchase shares under the Stock Plan to the extent that their rights to purchase shares under the Stock Plan, when combined with the benefits under all employee stock purchase plans, would permit them to purchase shares with a fair market value in excess of \$25,000 for any calendar year. To comply with this \$25,000 limitation, we may decrease or cease payroll deductions at any time during the Offering Period.

We have set aside a maximum of 7,200,000 shares for sale pursuant to the Stock Plan. This number may be adjusted for stock splits and similar events. If the total number of shares that would otherwise be subject to rights to purchase at the beginning of an Offering Period exceeds the number of shares then available under the Stock Plan, the Compensation Committee will make a pro rata allocation of the shares remaining available under the Stock Plan. As of January 30, 2026, approximately 4,726,739 shares of common stock had been purchased under the Stock Plan.

Purchase Price	<p>The purchase price per share of common stock under the Stock Plan will be the lesser of (a) 85% of the fair market value of a share of common stock on the Offering Date and (b) 85% of the fair market value of a share of common stock on the Purchase Date.</p> <p>Fair market value of a share of common stock on a given date is determined by reference to the closing sale price reported for such shares on such date, or if no sale was reported on such date, on the last date on which a sale was reported on the NYSE. Because employee participants may purchase shares at a discount to the fair market value of our common stock, the value of the purchase of common stock under the Stock Plan is not currently determinable.</p>
Withdrawal and Termination	<p>A participant may withdraw from an Offering Period by ceasing payroll deductions at any time during an Offering. Amounts remitted to the Stock Plan prior to the cessation of payroll deductions will be returned to the participants, and no shares will be purchased for the participant with respect to the Offering Period.</p> <p>Upon termination of a participant's employment during the Offering Period for any reason, including voluntary termination, retirement, or death, the payroll deductions credited to the Stock Plan (that have not been used to purchase shares of common stock) will be returned.</p>
Transferability	<p>Rights under the Stock Plan are not transferable by participants, other than by will or the laws of descent and distribution or as otherwise allowed by the Stock Plan by way of designation of a beneficiary.</p>
Holding Period	<p>The Compensation Committee may require that the shares be retained with the Stock Plan's broker for a designated period of time and/or may establish other procedures to permit tracking of disqualifying dispositions of such shares. All shares purchased by a participant cannot be sold or otherwise transferred by the participant to anyone else until one year after the Purchase Date.</p>
Amendment and Termination	<p>The Board may at any time and for any reason terminate or amend the Stock Plan. Except as allowed by the Stock Plan generally with respect to changes in capitalization or corporate transactions, no amendment or termination of the Stock Plan may adversely affect the option to purchase shares that a participant has previously been provided with respect to an Offering Period. We will obtain stockholder approval of any amendment to comply with Section 423 of the Code or any other applicable law, regulation or stock exchange rule.</p>

NEW PLAN BENEFITS

A new plan benefits table for the amended and restated Stock Plan and the benefits or amounts that would have been received by or allocated to participants for the last completed fiscal year under the Stock Plan if the Stock Plan was then in effect, as described in the federal proxy rules, are not provided because all amounts under the Stock Plan are based on voluntary participant elections, subject to the terms of the Stock Plan. Therefore, the benefits and amounts that will be received or allocated under the amended and restated Stock Plan are not determinable at this time. However, please refer to the 2025 Summary Compensation Table in this proxy statement, which sets forth certain information regarding awards granted to our NEOs during the last completed fiscal year. However, NEOs are not eligible to participate in the Stock Plan.

EXISTING PLAN BENEFITS

The following table sets forth with respect to each named executive officer listed in the Summary Compensation Table and each group listed below (i) the number of shares of common stock purchased under the Stock Plan and (ii) and the average weighted share price, in each case since the most recent amendment and restatement date through March 3, 2026. During this same time period, the Company has not made any equity grants under any other equity plans, other than under The Williams Companies, Inc. 2007 Incentive Plan.

FEDERAL INCOME TAX IMPLICATIONS

The following summary is for general information only and is based on U.S. Federal income tax laws in effect on the date of this proposal summary, which are subject to change, possibly retroactively. This summary does not discuss all aspects of Federal income taxation, which may be important to participants. Moreover, this summary does not address state, local or foreign tax consequences. This summary assumes that the common stock acquired pursuant to the Stock Plan will be held as a “capital asset” (generally property held for investment). Participants should consult with a qualified tax adviser regarding tax consequences of the Stock Plan.

The Stock Plan, and participants’ rights to make purchases under the Stock Plan, are intended to qualify for treatment under Sections 421 and 423 of the Internal Revenue Code. Under these provisions, no income will be taxable to the participant until the disposition of the shares purchased under the Stock Plan. The tax consequences will depend upon how long the shares are held.

If a participant holds shares more than two years from the first day of the Offering Period in which purchased (and more than one year from the date of purchase), the participant generally will recognize ordinary income based on the lesser of (i) the excess of the fair market value at the time of sale or disposition over the purchase price, or (ii) 15% of the fair market value of the shares as of the first day of the applicable Offering Period. If a participant holds shares less than two years from the first day of the Offering Period in which purchased, the participant will realize ordinary income generally measured as the excess, if any, of the fair market value of the shares on the date of the purchase over the actual price paid for such shares. Any additional gain or loss will be long-term or short-term capital gain or loss, depending on how long the shares were held.

Net capital gain (i.e., generally, capital gain in excess of capital losses) from the sale of shares held more than twelve months will generally be subject to tax as long-term capital gain. Net capital gain from the sale of shares held for 12 months or less will be subject to tax at ordinary income rates. If a participant holds the shares for twelve months, and the fair market value of the shares on the date of sale is less than the amount paid, there will be no ordinary income and any loss will generally be a long-term capital loss.

We expect to receive certain tax deductions, depending on the number and timing of purchases and sales of shares by employees.

Vote Required

The affirmative vote of a majority of the votes cast on the matter is required for the approval of this item.

Registration with the SEC

If our stockholders approve the amended and restated Stock Plan, we will file with the SEC a registration statement on Form S-8, as soon as reasonably practicable after the approval, to register the additional shares available for issuance under the Stock Plan.

PROPOSAL 5:

Ratify the Selection of Ernst & Young LLP as the Company's Independent Registered Public Accounting Firm for the Fiscal Year ending December 31, 2026.

THE BOARD UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE “FOR” THE RATIFICATION OF THE SELECTION OF ERNST & YOUNG LLP AS THE COMPANY’S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2026.

The Audit Committee is responsible for the appointment, compensation, retention, and oversight of the Company’s independent, registered public accounting firm (“Independent Auditor”). At a meeting held on January 26, 2026, the Audit Committee selected Ernst & Young LLP (“EY”) as the independent registered public accounting firm to audit our financial statements for the fiscal year ending December 31, 2026. EY was our Independent Auditor for the 2025 fiscal year and has been our Independent Auditor since 1962. The Audit Committee believes that the appointment of EY as our Independent Auditor is in the best interests of our stockholders.

The Audit Committee considered several factors in selecting EY, including the following:

- Professional Qualifications
- Industry Expertise
- Resources and Capabilities
- Past Performance
- Independence
- Tenure
- Competitiveness of Fees
- Disruption from Auditor Change

Oversight and Independence Controls

- **Pre-approval of all EY Services.** The Audit Committee pre-approves all audit and non-audit services provided by EY.
- **Lead Partner Selection Process.** The Audit Committee chair has direct involvement in the selection of EY’s lead engagement partner as part of the mandatory five-year rotation.
- **Meeting Without Management.** The Audit Committee regularly meets with EY in executive session without management present.
- **Performance Review.** At least annually, the Audit Committee evaluates EY’s qualifications and performance, including obtaining and reviewing a report by the Independent Auditor describing its internal quality control procedures, any material issues raised by the internal quality control review, or peer review, or by any inquiry or investigation by governmental or professional authorities within the preceding five years regarding independent audits conducted by EY.
- **Independence Review.** At least annually, the Audit Committee evaluates EY’s independence and obtains and reviews a report by EY describing any relationships with the Company or individuals in financial reporting oversight roles that may reasonably be thought to bear on independence.
- **Internal EY Independence Process.** EY conducts periodic internal reviews of its audit and other work, assesses the adequacy of partners and other personnel working on the Company’s account, and rotates the lead assurance engagement partner, the coordinating partner, and other partners on the engagement consistent with independence requirements.
- **Regulatory Oversight of External Auditor.** EY is an independent registered public accounting firm subject to Public Company Accounting Oversight Board and SEC oversight.

Benefits of Long Tenure

- **Strong Audit Quality.** EY's deep institutional knowledge and expertise regarding the Company's business, accounting policies and practices, and internal controls over financial reporting enhance audit quality. This knowledge also supports an effective and efficient audit process that enhances responsiveness to material transactions and other changes within the Company when they occur.
- **Competitive Audit Fees.** EY's institutional knowledge of the Company helps maintain competitive fees.
- **No Onboarding Burden.** The Company would incur significant costs and time commitments to switch independent registered public accounting firms and familiarize a new firm with our accounting policies and practices and internal controls.

A representative of EY will attend the virtual Annual Meeting and be available to respond to appropriate questions. EY has indicated that it does not intend to make a formal statement. Stockholder approval of the appointment of EY is not required, but the Audit Committee and the Board are submitting the selection of EY for ratification to obtain our stockholders' views. If a majority of the stockholders do not ratify the selection of EY as the Independent Auditor to audit our financial statements for the fiscal year 2026, the Audit Committee and the Board will consider the voting results and evaluate whether to select a different Independent Auditor.

THE PROCESS FOR APPROVAL OF EY'S SERVICES, INCLUDES THE FOLLOWING STEPS:

1

On an ongoing basis, our management presents specific projects and categories of service to the Audit Committee to request advance approval.

2

The Audit Committee reviews those requests and determines whether to approve the engagement of EY.

The Audit Committee may also delegate the authority to pre-approve audit and permitted non-audit services, excluding services related to the Company's internal controls over financial reporting, to a subcommittee of one or more committee members, provided that any such pre-approvals are reported at a subsequent Audit Committee meeting.

Principal Accountant Fees and Services

Fees for professional services provided by our Independent Auditor for each of the last two fiscal years were as follows:

	2025 (MILLIONS)	2024 (MILLIONS)
Audit Fees	\$8.8	\$8.9
Audit-Related Fees	\$1.0	\$1.1
Tax Fees	\$0.1	\$0.0
All Other Fees	\$0.0	\$0.0
Total	\$9.9	\$10.0

Audit fees include fees associated with the annual audits of all of our registrants for SEC and Federal Energy Regulatory Commission reporting purposes, the reviews of our quarterly reports on Form 10-Q, the audit of internal controls as required by Section 404 of the Sarbanes-Oxley Act of 2002, and services performed in connection with other SEC filings. Audit-related fees include audits of employee benefit plans and services performed for other compliance purposes. Tax fees include tax planning, tax advice, and tax compliance. EY does not provide tax services to our executives.

In 2024 and 2025, all of EY's services were pre-approved by the Audit Committee.

Audit Committee Report

The Audit Committee oversees Williams' financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. The Audit Committee meets separately with management, the internal auditors, the Independent Auditors, and the General Counsel. The Audit Committee operates under a written charter approved by the Board, a copy of which is available on our website at www.williams.com. The charter, among other things, provides that the Audit Committee has full authority to appoint, oversee, compensate, evaluate, and terminate, when appropriate, the Independent Auditor. In this context, the Audit Committee:

- Reviewed and discussed Williams' audited financial statements in Williams' annual report on Form 10-K with management.
- Discussed with Ernst & Young LLP the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board and the SEC, including the critical audit matters addressed during the audit, the Company's financial reporting process, and the effectiveness of the Company's internal accounting controls.
- Received the written disclosures and the letter from Ernst & Young LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding Ernst & Young LLP's communications with the Audit Committee concerning independence.
- Discussed with Ernst & Young LLP its independence from management and Williams.
- Based on the foregoing reviews and discussions, recommended to the Board that Williams' audited financial statements be included in Williams' annual report on Form 10-K for the year ended December 31, 2025 for filing with the SEC.

By the members of the Audit Committee of the Board:

Rose M. Robeson, Chair
Michael A. Creel
Stacey H. Doré
Peter A. Ragauss
Jesse J. Tyson

Williams is committed to strengthening communities for the future and upholding our legacy as a trusted neighbor.

Other matters that may properly come before the Annual Meeting may require more than a majority vote pursuant to our By-laws, our Restated Certificate of Incorporation, Delaware law, or other applicable laws. WHAT IS THE DIFFERENCE BETWEEN A STOCKHOLDER OF RECORD AND A BENEFICIAL HOLDER?

If, as of the close of the business on the Record Date, your shares were registered in your name with our transfer agent, Computershare, then you are a stockholder of record, and the Notice or printed copies of our proxy materials were sent to you directly by Computershare.

If, as of the Record Date, you were not holding shares in your name but rather you were holding shares in an account at a broker, bank, or other nominee, then you are a beneficial holder, and your shares are held in street name. The stockholder of record for your shares, meaning the party who has the legal right to vote such shares at the Annual Meeting, is your broker, bank, or such other nominee. As the beneficial holder of the shares, the Notice or printed copies of the proxy materials were forwarded to you by your broker, bank, or other nominee, and you have the right to direct such party to vote your shares. Such party should have provided you with instructions for directing it how to vote your shares. The Company urges you to instruct your broker, bank, or other nominee on how to vote your shares. As a beneficial holder, you may attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares at the Annual Meeting unless you request and obtain a valid proxy from the broker, bank, or other nominee. Please see **“I AM A BENEFICIAL HOLDER WHO WISHES TO VOTE DURING THE ANNUAL MEETING. WHAT MUST I DO TO OBTAIN A CONTROL NUMBER FROM COMPUTERSHARE AND VOTE AT THE ANNUAL MEETING?”** Please understand that, if you are a beneficial holder, the Company does not know that you are a stockholder or how many shares you own.

HOW DO I VOTE IF I AM A BENEFICIAL HOLDER?

As a beneficial holder, you have the right to direct your broker, bank, or other nominee how to vote your shares by following the instructions sent to you by such party. You should receive proxy materials and voting instructions for each account you have with a broker, bank, or other nominee. If you wish to change the direction you provided your broker, bank, or other nominee, you should follow the instructions sent to you by such party. As a beneficial holder, you may attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares at the Annual Meeting unless you obtain a signed legal proxy from your broker, bank, or other nominee giving you the right to vote the shares.

I AM A BENEFICIAL HOLDER WHO WISHES TO VOTE DURING THE ANNUAL MEETING. WHAT MUST I DO TO OBTAIN A CONTROL NUMBER FROM COMPUTERSHARE AND VOTE AT THE ANNUAL MEETING?

If you are a beneficial holder who wishes to vote during the Annual Meeting, you must register with Computershare and obtain a control number.

Please note that banks, brokers, and other nominees typically provide their own control numbers to their account holders. These are not the same as a Computershare generated control number. A Computershare generated control number is required to be used to participate and vote at the Annual Meeting. To obtain a Computershare generated control number, you must submit proof to Computershare of your proxy (“Legal Proxy”), which may be obtained from your broker, bank, or other nominee, and reflect your Williams holdings along with your name and email address.

Requests to obtain a control number as set forth above must be labeled as “Legal Proxy” and be received by Computershare no later than 4:00 p.m., Central Daylight Time, on April 24, 2026. You will receive a confirmation of your registration by email after Computershare receives your registration materials.

Requests for registration should be directed to the following:

By email:

Forward the email from your broker, bank, or other nominee granting you a Legal Proxy, or attach an image of your Legal Proxy, to: legalproxy@computershare.com.

By mail:

Computershare
The Williams Companies, Inc. Legal Proxy
P.O. Box 43006
Providence, RI 02940-3006

Once you obtain a control number from Computershare, you may participate and vote at the Annual Meeting. Please see the detailed instructions contained in **“WHEN IS THE ANNUAL MEETING AND HOW CAN I ATTEND AND PARTICIPATE?”** Once you have accessed the Annual Meeting, you may vote by clicking on the “Vote” tab. Doing so will take you to Computershare’s InvestorVote site where you will enter and submit your control number to access voting for the business brought before the Annual Meeting.

AS A BENEFICIAL HOLDER, WILL MY SHARES HELD IN STREET NAME BE VOTED IF I DO NOT TELL MY BROKER, BANK, OR OTHER NOMINEE HOW I WANT THEM VOTED?

Pursuant to the NYSE Listed Company Manual, if you are a beneficial holder, your broker, bank, or other nominee only has discretion to vote on certain “routine” matters without your voting instructions. The proposal to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm is considered a routine matter. The election of directors, the advisory vote to approve the compensation of our named executive officers, the approval of the amendment and restatement of The Williams Companies, Inc. 2007 Incentive Plan, and the approval of the amendment and restatement of The Williams Companies, Inc. 2007 Employee Stock Purchase Plan are not considered routine matters. Accordingly, your broker, bank, or other nominee will not be permitted to vote your shares on such matters unless you provide proper voting instructions.

HOW DO I VOTE IF I PARTICIPATE IN THE WILLIAMS INVESTMENT PLUS PLAN?

If you hold shares in The Williams Investment Plus Plan (“Investment Plus Plan”), Computershare sent you the Company’s proxy materials directly. You may direct the trustee of the Investment Plus Plan how to vote your Investment Plus Plan shares by calling the toll-free number shown on the proxy card, voting on the Internet on the website shown on the proxy card, or completing and returning the enclosed proxy card in the postage-paid envelope. Please note that, to permit the trustee to tally and vote all shares of Williams’ common stock held in the Investment Plus Plan, your instructions, whether by Internet, by telephone, or by proxy card, must be completed and received prior to 1:00 a.m. Central Daylight Time on April 24, 2026. You may not change your vote related to the Investment Plus Plan shares after this deadline. If you do not instruct the trustee how to vote, your plan shares will be voted by the trustee in the same proportion that it votes shares in other plan accounts for which it did receive timely voting instructions. The proportional voting policy is detailed under the terms of the Investment Plus Plan and the trust agreement.

WHAT SHARES ARE INCLUDED ON MY PROXY CARD?

If you receive printed copies of the proxy materials by mail, you will receive one proxy card for all shares of Williams’ common stock which you hold as a stockholder of record and in The Williams Investment Plus Plan. If you are a beneficial holder, you will receive voting instructions for each account you have with a broker, bank, or other nominee.

WHAT IF I RETURN MY PROXY CARD BUT DO NOT SPECIFY HOW I WANT TO VOTE?

If you are a stockholder of record and sign and return the proxy card or complete the Internet or telephone voting procedures, but do not specify how you want to vote your shares, we will vote them as follows:

- **FOR** the election of each of the director nominees.
- **FOR** the approval, on an advisory basis, of the Company's compensation of its named executive officers.
- **FOR** the approval of the amendment to The Williams Companies, Inc. 2007 Incentive Plan to increase the number of issuable shares from 50,000,000 to 85,000,000, remove the plan expiration date, increase the annual director equity grant limit, eliminate share recycling for tax withholding, remove certain change in control provisions, and make other amendments.
- **FOR** the approval of the amendment and restatement of The Williams Companies, Inc. 2007 Employee Stock Purchase Plan to increase the number of issuable shares from 5,200,000 to 7,200,000, extend the term six years, and make other clarifying amendments.
- **FOR** the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2026.

CAN I CHANGE MY VOTE OR REVOKE MY PROXY?

If you are a stockholder of record, you can change your vote within the regular voting deadlines by voting again by telephone or on the Internet, executing and returning a later dated proxy card, or virtually attending the Annual Meeting and voting online. If you are a stockholder of record, you can revoke your proxy by delivering a written notice of your revocation to our Corporate Secretary at One Williams Center, MD 47, Tulsa, Oklahoma 74172.

HOW MANY VOTES DO I HAVE?

Each stockholder will have one vote on each matter for every share of common stock owned on the Record Date. No shares have cumulative voting rights. On the Record Date, we had 1,222,856,952 shares of common stock outstanding. The shares held in our treasury are not considered outstanding and will not be voted or considered present at the Annual Meeting. Our Series B Preferred Stock does not have voting rights.

WHO WILL COUNT THE VOTES?

A Computershare representative will serve as the inspector of elections and count the votes.

WHAT IS THE QUORUM REQUIREMENT FOR THE ANNUAL MEETING FOR STOCKHOLDERS?

There must be a quorum to take action at the Annual Meeting (other than for adjournment or postponement of the meeting). A quorum will exist if stockholders of record holding a majority of the shares entitled to vote at the meeting are present in person or by proxy. Abstentions are counted as "present" for determining a quorum. Uninstructed broker votes, also called "broker non-votes," are also counted as "present" for determining a quorum if a broker may vote on at least one matter without specific

instructions from a beneficial holder. See “**AS A BENEFICIAL HOLDER, WILL MY SHARES HELD IN STREET NAME BE VOTED IF I DO NOT TELL MY BROKER, BANK, OR OTHER NOMINEE HOW I WANT THEM VOTED?**”

WHO IS PAYING FOR THIS PROXY SOLICITATION?

The Company pays all costs to solicit proxies on behalf of the Board and prepare, print, and distribute this proxy statement. Solicitations of proxies are being made through the mail and may also be made in person, by telephone, or by other electronic means by directors, director nominees, and employees of the Company. The Company requests brokers, banks, and other nominees forward soliciting materials to the beneficial holders of Company stock held of record by such persons, and the Company will reimburse them for their reasonable forwarding expenses. In addition, the Company has retained OKAPI Partners LLC (“OKAPI”), to assist with proxy solicitation. We anticipate that we will pay OKAPI a fee of approximately \$19,000 plus reasonable expenses for these services.

ARE YOU “HOUSEHOLDING” FOR STOCKHOLDERS OF RECORD SHARING THE SAME ADDRESS?

Yes. For those stockholders who elect to receive printed materials, the SEC’s rules permit us to deliver a single copy of this proxy statement, our 2025 Annual Report, and the Notice, as applicable, to an address shared by two or more stockholders. This method of delivery is referred to as “householding” and can significantly reduce our printing and mailing costs. It also reduces the volume of mail you receive. We will deliver only one proxy statement, our 2025 Annual Report, and the Notice, as applicable to multiple registered stockholders sharing an address, unless we receive instructions to the contrary from one or more of the stockholders. We will still send each stockholder who receives a printed version of these proxy materials an individual proxy card. If you would like to receive more than one copy of the proxy materials, you can call Computershare toll free at 1-800-884-4225 or write to Computershare Investor Services at P.O. Box 43006, Providence, Rhode Island 02940-3006. You can use the same phone number or mailing address to notify us that you wish to receive a separate proxy statement, annual report, and the Notice, as applicable, in the future, or to request delivery of a single copy of any materials if you are receiving multiple copies now.

WHERE CAN I FIND THE VOTING RESULTS OF THE ANNUAL MEETING?

We will announce the voting results at the Annual Meeting. We also will disclose the voting results in a current report on Form 8-K filed with the SEC within four business days after the Annual Meeting.

HOW CAN I COMMUNICATE WITH THE BOARD OF DIRECTORS?

APPENDIX A

Non-GAAP Reconciliations

The accompanying materials may include certain financial measures – Adjusted EBITDA, adjusted income (“earnings”), adjusted earnings per share, and available funds from operations – that are non-GAAP financial measures as defined under the rules of the SEC.

Our segment performance measure, Modified EBITDA, is defined as net income (loss) before income (loss) from discontinued operations, income tax expense, net interest expense, equity earnings from equity-method investments, other net investing income, impairments of equity investments and goodwill, depreciation and amortization expense, and accretion expense associated with asset retirement obligations for nonregulated operations. We also add our proportional ownership share (based on ownership interest) of Modified EBITDA of equity-method investments, including our indirect share from interests owned by equity-method investees.

Adjusted EBITDA further excludes items of income or loss that we characterize as unrepresentative of our ongoing operations. Such items are also excluded from net income to determine adjusted income and adjusted earnings per share. Management believes these measures provide investors meaningful insight into results from ongoing operations.

Available funds from operations (“AFFO”) is defined as cash flow from operations excluding the effect of changes in working capital and certain other changes in noncurrent assets and liabilities, reduced by preferred dividends and net distributions to noncontrolling interests. AFFO may be adjusted to exclude certain items that we characterize as unrepresentative of our ongoing operations.

These materials are accompanied by a reconciliation of these non-GAAP financial measures to their nearest GAAP financial measures. Management uses these financial measures because they are accepted financial indicators used by investors to compare company performance. In addition, management believes that these measures provide investors an enhanced perspective of the operating performance of assets and the cash that the business is generating.

Neither Adjusted EBITDA, adjusted income, nor available funds from operations are intended to represent cash flows for the period, nor are they presented as an alternative to net income or cash flow from operations. They should not be considered in isolation or as substitutes for a measure of performance prepared in accordance with United States generally accepted accounting principles.

3.1 Committee.

(a) Subject to Articles 14 and 15, and to Section 3.2, the Plan shall be administered by a committee (the “Committee”). Except to the extent the Board reserves administrative powers to itself or appoints a different committee to administer the Plan, the Committee shall be ~~(i) the Board, with respect to all Non-Management Directors, (ii) the Compensation and Management Development Committee (“CMDC”) of the Board, with respect to all executive officers of the Company (which~~

~~term shall have the same meaning as the term “officer” as defined in Rule 16a-1(f) promulgated under the Exchange Act and shall in any event include all of the members of the Company’s Executive Officer Team (“EOT”) and any other Eligible Person with respect to whom it elects to act as the Committee, and (iii) except as the Committee may provide, if the CEO is a member of the Board, a committee consisting of the CEO, with respect to any Eligible Person other than an executive officer of the Company.~~

(b) The Board or the ~~Compensation Committee~~CMDC may, by resolution, appoint and delegate to another committee ~~of~~ one or more officers of the Company (including the CEO) (a “Management Committee”) any or all of the authority of the Board or the Committee, as applicable, with respect to Awards to Grantees other than Grantees who are ~~executive officers of the Company, Non-Management Directors, and/or~~ Section 16 Persons ~~at the time any such delegated authority is exercised; provided, however,~~ that the resolution so authorizing such Management Committee shall specify the total number of Shares that may be subject to Awards (if any) such Management Committee may award pursuant to such delegated authority, and any such Award shall be subject to the form(s) of Award Agreement theretofore approved by the ~~Compensation Committee~~CMDC. Any delegation of authority pursuant to this Section 3.1(b) shall comply with the requirements of applicable law, including ~~Section~~Sections 152(b) and 157(c) of the General Corporation Law of the State of Delaware to the extent applicable.

For avoidance of doubt, notwithstanding any provision of the Plan to the contrary, any action taken by the Compensation Committee of the Board shall be treated as a valid action of the Committee, except as limited by the terms of the Board’s delegation of authority to the Compensation Committee of the Board or in the event that such action would violate applicable law.~~

3.2 Powers of Committee. Subject to and consistent with the provisions of the Plan (including Article 14 ~~and any limitations in scope of authority established in accordance with Section 3.1 above~~), the Committee has full and final authority and sole discretion as follows:

(a) to determine when, to whom and in what types and amounts Awards should be granted;

(b) to grant Awards in any number and amount to Eligible Persons, and to determine the terms and conditions applicable to each Award (including the number of Shares or the amount of cash or other property to which an Award will relate, any exercise price, grant price, Base Amount or purchase price, any limitation or restriction, any schedule for or performance conditions relating to the earning of the Award or the lapse of limitations, forfeiture restrictions, restrictions on exercisability or transferability, any Performance Measures including those relating to the Company and/or an Affiliate and/or any division thereof and/or an individual, and/or vesting based on the passage of time, based in each case on such considerations as the Committee shall determine); *provided* that, other than with respect to Awards to Non-Management Directors, no Award of Options, Stock Appreciation Rights or Other Stock-Based Awards that are valued based on appreciation in the value of a Share following the Grant Date may vest or be ~~settled~~exercised in full prior to the twelfth month following its Grant Date (with partial vesting prior to such date permitted), except that the Committee may (i) provide for the vesting satisfaction and/or lapse of some or all conditions under any such Award in the event of the applicable Eligible Person’s death, disability, Retirement, involuntary separation of service, or in connection with a Change in Control or (ii) grant Awards of Options or Stock Appreciation Rights that may vest or be ~~settled~~exercised in full prior to the twelfth month following its Grant Date so long as the aggregate number of Shares subject to such Awards does not exceed five percent (5%) of the total share reserve set forth in Section 4.1 below;

(c) to determine the benefit payable under any Award subject to Performance Unit, Performance Share, Other Stock-Based Award or Non-Equity Incentive Award~~Measures~~ and to determine whether any performance or vesting conditions have been satisfied;

(d) to determine whether or not specific Awards shall be granted in connection with other specific Awards, and if so, whether they shall be exercisable cumulatively with, or alternatively to, such other specific Awards and all other matters to be determined in connection with an Award;

(e) to determine the Option Term;

(f) to determine the amount, if any, that a Grantee shall pay for Shares of Restricted Stock, when Shares of Restricted Stock shall be forfeited and whether such Shares shall be held in escrow;

Appendix B

(g) to determine whether, to what extent and under what circumstances an Award may be settled in, or the exercise price of an Award may be paid in, cash, Shares, other Awards or other property, or an Award may be accelerated, vested, canceled, forfeited or surrendered or any terms of the Award may be waived, and to accelerate the exercisability of, and to accelerate or waive any or all of the terms and conditions applicable to, any Award or any group of Awards for any reason and at any time;

(h) to determine with respect to Awards whether, to what extent and under what circumstances cash, Shares, other Awards, other property and other amounts payable with respect to an Award will be deferred either automatically ~~(whether to limit loss of deductions pursuant to Section 162(m) of the Code or otherwise)~~, at the election of the Committee or at the election of the Grantee;

(i) to construe and interpret the Plan and to make all determinations, including factual determinations, necessary or advisable for the administration of the Plan;

(j) to make, amend, suspend, waive and rescind rules and regulations relating to the Plan;

(k) to appoint such agents as the Committee may deem necessary or advisable to administer the Plan;

(l) to determine the terms and conditions of all Award Agreements applicable to Eligible Persons and Non-Management Directors (which need not be identical) and, ~~with the consent of the Grantee,~~ to amend any such Award Agreement ~~at any time, among other things, to permit transfers of such Awards to the extent permitted by the Plan; provided that the consent of the Grantee shall not be required for any amendment (i) which does not materially adversely affect the rights of the Grantee, or (ii) which is necessary or advisable (as determined by the Committee) to carry out the purpose of the Award as a result of any new applicable law or change in an existing applicable law, (iii) to correct scrivener's errors, (iv) to the extent the Award Agreement specifically permits amendment without consent, or (v) provided for or specifically contemplated in the Plan (such as Section 6.4 or Article 13);~~

(m) to make such adjustments or modifications to Awards or to adopt such sub-plans for Grantees working outside the United States as are advisable to fulfill the purposes of the Plan (including to comply with local law);

(n) to impose such additional terms and conditions upon the grant, exercise or retention of Awards as the Committee may, before or concurrently with the grant thereof, deem appropriate, including, as applicable, limiting the percentage of Awards which may from time to time be exercised by a Grantee;

(o) to make adjustments in the terms and conditions of, and the criteria in, Awards in recognition of unusual or nonrecurring events (including events described in Section 4.2) affecting the Company or an Affiliate or the financial statements of the Company or an Affiliate, or in response to changes in applicable laws, regulations or accounting principles;

(p) to correct any defect or supply any omission or reconcile any inconsistency, and to construe and interpret the Plan, the rules and regulations, and Award Agreement or any other instrument entered into or relating to an Award under the Plan; and

(q) to take any other action with respect to any matters relating to the Plan for which it is responsible and to make all other decisions and determinations as may be required under the terms of the Plan or as the Committee may deem necessary or advisable for the administration of the Plan.

Any action of the Committee with respect to the Plan shall be final, conclusive and binding on all persons, including the Company, its Affiliates, any Grantee, any person claiming any rights under the Plan from or through any Grantee, and stockholders, except to the extent the Committee may subsequently modify, or take further action not consistent with, its prior action. If not specified in the Plan, the time at which the Committee must or may make any determination shall be determined by the Committee, and any such determination may thereafter be modified by the Committee. The express grant of any specific power to the Committee, and the taking of any action by the Committee, shall not be construed as limiting any power or authority of the Committee. ~~The Committee may delegate to officers or managers of the Company or any Affiliate the authority, subject to such terms as the Committee shall determine, to perform specified functions under the Plan (subject to Sections 3.1(b), 4.3, 4.4 and 5.7(b)).~~

Article 4.- Shares Subject to the Plan, ~~and Maximum Awards, Adjustments~~ and Performance Conditions

4.1 Number of Shares Available for Grants. Subject to adjustment as provided in Section 4.2, the number of Shares hereby ~~reserved for delivery~~available for issuance under the Plan shall be ~~fifty-eighty-five million (5085,000,000)~~. The number of Shares available for ~~delivery~~issuance pursuant to Incentive Stock Options shall be the number set forth in the first sentence of this Section 4.1.

If any Shares subject to an Award granted hereunder are forfeited or such Award is settled in cash or otherwise terminates without the delivery of such Shares, the Shares subject to such Award, to the extent of any such forfeiture, settlement or termination, shall again be available for ~~grant under the Plan. Except with respect to Shares associated with Options or SARs, the aggregate number of shares available for delivery under the Plan at any time shall not be reduced by Shares retained or withheld by the Company to pay the withholding taxes related to an Award. Except with respect to Shares associated with Options or SARs, Shares that have been delivered (either actually or by attestation) to the Company in payment or satisfaction of the purchase price or tax withholding obligation of an Award shall be available for delivery under this~~issuance under the Plan. Notwithstanding anything herein to the contrary, Shares retained, withheld by or delivered to the Company in payment or satisfaction of the tax withholding obligation of an Award and Shares retained, withheld by or delivered to the Company to pay the exercise price ~~of an~~or Option ~~or the withholding taxes related to~~Price of an Option or SAR shall not be made available again for delivery under the Plan. Shares delivered pursuant to the Plan may be, in whole or in part, authorized and unissued Shares, or treasury Shares, including Shares repurchased by the Company for purposes of the Plan.

Notwithstanding the foregoing, the limit set forth in this Section 4.1 shall not be reduced by any Shares issued pursuant to Acquired Entity Awards granted in assumption of, or in substitution for, an outstanding award previously granted by an Acquired Entity, so long as the terms of the acquisition of such awards previously granted by an Acquired Entity do not expressly provide for the issuance of Shares authorized under this Section 4.1.

4.2 Adjustments in Authorized Shares and Awards. In the event of any dividend or other distribution (whether in the form of cash, Shares, or other property, but excluding regular, quarterly cash dividends), recapitalization, forward or reverse stock split, subdivision, consolidation or reduction of capital, reorganization, merger, amalgamation, consolidation, scheme of arrangement, split-up, spin-off or combination involving the Company or repurchase or exchange of Shares or other securities of the Company or other rights to purchase Shares or other securities of the Company, or other similar corporate transaction or event that affects the Shares, provided that any such transaction or event referred to heretofore does not involve the receipt of consideration by the Company, then the Committee shall, in such manner as it deems equitable in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, adjust (a) the number and type of Shares (or other securities or property) with respect to which Awards may be granted, (b) the number and type of Shares (or other securities or property) subject to outstanding Awards, (c) the grant ~~or~~ exercise price, Option Price or Base Amount with respect to any applicable Award or, if deemed appropriate, make provision for a cash payment to the holder of an outstanding Award, (d) the number and kind of outstanding Shares of Restricted Stock or relating to any other outstanding Award in connection with which Shares are issued or otherwise subject, (e) the number ~~of Shares with respect to which Awards may be granted to a Grantee, as set forth in Section 4.3, (f) the number~~ and type of Shares (or other securities or property) as to which Awards may be settled, and ~~(g)~~ the number of Shares subject to outstanding Restricted Stock or Restricted Stock Units granted under Article 14; *provided*, in each case, that with respect to Awards of Incentive Stock Options intended as of their Grant Date to qualify as Incentive Stock Options, no such adjustment shall be authorized to the extent that such adjustment would cause the Plan to violate Section 422(b)(1) of the Code; and *provided, further*, that the number of Shares subject to any Award denominated in Shares shall always be a whole number. By way of example and not limitation, neither the conversion of any convertible securities of the Company nor any open market purchase of Shares by the Company shall be treated as a transaction that “does not involve the receipt of consideration” by the Company.

4.3 Performance-Measures Annual Individual Limitations. ~~During any calendar year, no Grantee may be granted Awards (other than Awards that cannot be satisfied in Shares) with respect to more than three million five hundred thousand (3,500,000) Shares, subject to adjustment as provided in Section 4.2.~~

Appendix B

~~4.4 Performance Measures.~~ The Committee shall have discretion to condition one or more awards on the satisfaction of specified performance measures (“Performance Measures”), which may ~~include one or more of the following:~~

- ~~(a) Earnings (either in the aggregate or on a per-share basis);~~
- ~~(b) Net income;~~
- ~~(c) Operating income;~~

~~provided that the Performance Measures in subsections (a) through (g) may be measured on a pre- or post-tax basis; and provided further that as determined by the Committee. In addition, the Committee~~ may, at any time, provide that the formula for such Award may include or exclude items to measure specific objectives, such as losses from discontinued operations, extraordinary gains or losses, the cumulative effect of accounting changes, acquisitions or divestitures, foreign exchange impacts and any unusual, nonrecurring gain or loss. The levels of performance required with respect to Performance Measures may be expressed in absolute or relative levels and may be based upon a set increase, set positive result, maintenance of the status quo, set decrease or set negative result, and may be measured annually, cumulatively over a period of years or over such other period determined by the Committee. Performance Measures may differ for Awards to different Grantees. The Committee shall specify the weighting (which may be the same or different for multiple objectives) to be given to each Performance Measure for purposes of determining the final amount payable with respect to any such Award. Any one or more of the Performance Measures may apply to the Grantee, to a department, unit, operating area or function within the Company or any one or more Affiliates; or to the Company and/or any one or more Affiliates; and may apply either alone or relative to the performance of other businesses or individuals (including industry or general market indices).

The Committee shall have the discretion to adjust the determinations of the degree of attainment of the pre-established Performance Measures.

Article 5.- Eligibility and General Conditions of Awards

5.1 Eligibility. Awards may be granted to any Eligible Person or Non-Management Director, whether or not he or she has previously received an Award; *provided* that Non-Management Directors may only receive Awards granted under Article 14 of the Plan. A prospective employee of the Company or an Affiliate may be granted an Award so long as the Grant Date does not occur prior to the date that such Person commences employment or the performance of services for the Company or an Affiliate.

5.2 Award Agreement. To the extent not set forth in the Plan, the terms and conditions of each Award shall be set forth in an Award Agreement.

5.3 General Terms and Separation from Service. The Committee may impose on any Award or the vesting, exercise or settlement thereof, at the Grant Date or, subject to the provisions of Section 15.2, thereafter, such additional terms and conditions not inconsistent with the provisions of the Plan as the Committee shall determine, including terms requiring forfeiture, acceleration or pro-rata acceleration of Awards in the event of a Separation from Service by the Grantee. Except as may be required under the Delaware General Corporation Law, Awards may be granted for no consideration other than prior and future services. Except as otherwise determined by the Committee pursuant to this Section 5.3, all Awards that have not been exercised or settled and that are subject to (a) a risk of forfeiture, (b) deferral by the Committee (and not voluntary deferral by the Grantee), (c) vesting, (d) unexpired Performance Periods, or (e) unexpired Periods of Restriction at the time of a Separation from Service, shall be forfeited to the Company.

5.4 Nontransferability of Awards.

(a) Each Award and each right under any Award shall be exercisable only by the Grantee during the Grantee's lifetime, or, if permissible under applicable law, by the Grantee's guardian or legal representative ~~or~~. Unless determined otherwise by the Committee, no Award or right thereunder shall be exercisable by a transferee receiving such Award pursuant to a domestic relations order ("DRO").

(b) No Award (prior to the time, if applicable, Shares are delivered in respect of such Award), and no right under any Award, may be assigned, alienated, pledged, attached, sold or otherwise transferred or encumbered by a Grantee otherwise than by will or by the laws of descent and distribution (or in the case of Shares of Restricted Stock, to the Company) ~~or pursuant to a DRO~~, and any such purported assignment, alienation, pledge, attachment, sale, transfer or encumbrance shall be void and unenforceable against the Company and any Affiliate; *provided* that the designation of a beneficiary shall not constitute an assignment, alienation, pledge, attachment, sale, transfer or encumbrance; *provided, further, that an Award (and any right thereunder) shall only be transferable pursuant to a DRO with the Committee's prior approval.*

(c) Notwithstanding subsections (a) and (b) above, to the extent provided in the Award Agreement, Director Annual Grants, Restricted Stock Units, Stock Appreciation Rights and Awards other than Incentive Stock Options and Non-Equity Incentive Awards, may be transferred to one or more trusts or persons during the lifetime of the Grantee in connection with the Grantee's estate planning, and may be exercised by such transferee in accordance with the terms of such Award. If so determined by the Committee, a Grantee may, in the manner established by the Committee, designate a beneficiary or beneficiaries to exercise the rights of the Grantee, and to receive any distribution with respect to any Award upon the death of the Grantee. A transferee, beneficiary, guardian, legal representative or other person claiming any rights under the Plan from or through any Grantee shall be subject to and consistent with the provisions of the Plan and any applicable Award Agreement, except to the extent the Plan and Award Agreement otherwise provide with respect to such persons, and to any additional restrictions or limitations deemed necessary or appropriate by the Committee.

(d) Nothing herein shall be construed as requiring the Committee to honor a DRO except ~~as required under the respective Award Agreement or~~ to the extent required under applicable law.

5.5 Cancellation and Rescission of Awards. Unless the Award Agreement specifies otherwise, the Committee may cancel, rescind, suspend, withhold, or otherwise limit or restrict any unexercised Award at any time if the Grantee is not in compliance with all applicable provisions of the Award Agreement and the Plan or if the Grantee has a Separation from Service.

5.6 Stand-Alone, Tandem and Substitute Awards.

(a) Awards granted under the Plan may, in the discretion of the Committee, be granted either alone or in addition to, in tandem with, or in substitution for, any other Award granted under the Plan or any other plan of the Company or any Affiliate. In connection with the Company's acquisition, however effected, of another corporation or entity (the "Acquired Entity") or the assets thereof, the Committee may, at its discretion, grant Awards ("Substitute Awards") associated with the stock or other equity interest in such Acquired Entity ("Acquired Entity Award") held by a Grantee immediately prior to such Acquisition in order to preserve for Grantee the economic value of all or a portion of such Acquired Entity Award on such terms as the Committee determines necessary to achieve preservation of economic value. If an Award is granted in substitution for another Award or any non-Plan award or benefit, the Committee shall require the surrender of such other Award or non-Plan award or benefit in consideration for the grant of the new Award. Awards granted in addition to or in tandem with other Awards or non-Plan awards or benefits may be granted either at the same time as or at a different time from the grant of such other Awards or non-Plan awards or benefits.

(b) The Committee may, in its discretion and on such terms and conditions as the Committee considers appropriate in the circumstances, grant Awards under the Plan in substitution for stock and stock-based Awards held by employees of another corporation who become employees of the Company or an Affiliate as the result of a merger or consolidation or other combination of the employing corporation with the Company or an Affiliate or the acquisition by the Company or an Affiliate of property or stock of the employing corporation.

5.7 Compliance with Rule 16b-3.

(a) Reformation to Comply with Exchange Act Rules. To the extent the Committee determines that a grant to or other transaction by a Section 16 Person should comply with applicable provisions of Rule 16b-3 (except for transactions exempted under alternative Exchange Act rules), the Committee shall take such actions as necessary to make such grant or other transaction so comply, and if any provision of this Plan or any Award Agreement relating to a given Award does not comply with the requirements of Rule 16b-3 as then applicable to any such grant or transaction, such provision will be construed or deemed amended, if the Committee so determines, to the extent necessary to conform to the then applicable requirements of Rule 16b-3 without the consent of or notice to the affected Section 16 Person.

(b) Rule 16b-3 Administration. Any function relating to a Section 16 Person shall be performed solely by the Committee or the Board if necessary to ensure compliance with applicable requirements of Rule 16b-3, to the extent the Committee determines that such compliance is desired. Each member of the Committee or person acting on behalf of the Committee shall be entitled to, in good faith, rely or act upon any report or other information furnished to him by any officer, manager or other employee of the Company or any Affiliate, the Company's independent certified public accountants or any executive compensation consultant or attorney or other professional retained by the Company to assist in the administration of the Plan. ~~For purposes of Section 5.7(a) and this Section 5.7(b), references to "Committee" means the Compensation Committee of the Board or, if a separate body, the Independent Committee.~~

5.8 Deferral of Award Payouts. The Committee may permit or require a Grantee to defer receipt of the payment of cash or the delivery of Shares that would otherwise be due ~~by virtue of the lapse or waiver of restrictions with respect to Shares of Restricted Stock, the satisfaction of any requirements or goals with respect to Performance Units or Performance Shares, the lapse or waiver of the Period of Restriction for Restricted Stock Units, or the lapse or waiver of restrictions with respect to Other Stock-Based Awards.~~ ~~The Committee may also require such a deferral of receipt in order to avoid non-deductibility of any amounts associated with such Award or to comply with the requirements of applicable law~~ in respect of any Award. If any such deferral is required or permitted, the Committee shall, in its sole discretion, establish rules and procedures for such payment deferrals. Except as otherwise provided in an Award Agreement or this Section 5.8, any payment of any Shares that are subject to such deferral shall be made or delivered to the Grantee upon the Grantee's Separation from Service. Notwithstanding anything herein to the contrary, any deferral with respect to an Award shall be intended to be made in accordance with the requirements of Section 409A, and in no event will any deferral or payment ~~of a deferred number of Shares or any other payment~~ with respect to any Award be allowed if the Committee determines, in its sole discretion, that the deferral would result in the imposition of the additional tax under Section 409A(a)(1)(B) of the Code.

Article 6.- Stock Options

6.1 Grant of Options. Subject to and consistent with the provisions of the Plan, Options may be granted to any Eligible Person in such number, and upon such terms, and at any time and from time to time as shall be determined by the Committee.

6.2 Award Agreement. Each Option grant shall be evidenced by an Award Agreement that shall specify the Option Price, the Option Term (which shall be for a period of not more than ten (10) years from its Grant Date), the number of Shares to which the Option pertains, the time or times at which such Option shall be exercisable and such other provisions as the Committee shall determine; *provided, further,* that, notwithstanding anything to the contrary, any Award to an Eligible Person of an Option shall, to the extent applicable, include the minimum vesting requirement set forth in Section 3.2(b).

6.3 Option Price; No Repricing. The Option Price of an Option under this Plan shall be determined in the sole discretion of the Committee, and, except with respect to an Option granted as an Acquired Entity Award, shall be at least equal to 100% of the Fair Market Value of a Share on the Grant Date. Subject to the adjustment under Section 4.2, neither the Committee nor the Board shall have the authority or discretion to reduce, directly or indirectly, the Option Price of any outstanding Option without stockholder approval, including, without limitation, by (a) canceling previously awarded Options and regranting them with a lower Option Price, (b) at any time when the Option Price of a previously awarded Option is above the Fair Market Value of a Share, exchanging or buying out such previously granted Option for a payment in cash, Shares or other Award, notwithstanding any authority otherwise

granted the Committee or the Board under the Plan or (c) take any other action with respect to an Option that would be treated as a repricing under the rules and regulations of the principal securities exchange on which the Shares are traded.

6.4 Grant of Incentive Stock Options. At the time of the grant of any Option, the Committee may in its discretion designate that such Option (or portion thereof) shall be made subject to additional restrictions to permit it to qualify as an Incentive Stock Option. Notwithstanding anything in the Plan to the contrary, no Incentive Stock Option shall be granted after the date that is ten (10) years from the Restatement Date. Any Option (or portion thereof) designated as an Incentive Stock Option:

(a) shall be granted only to an employee of the Company or a Subsidiary Corporation (as defined ~~below~~ in Section 424(f) of the Code);

(b) shall have an Option Price of not less than 100% of the Fair Market Value of a Share on the Grant Date, and, if granted to a person who owns capital stock (including stock treated as owned under Section 424(d) of the Code) possessing more than 10% of the total combined voting power of all classes of capital stock of the Company or any Subsidiary Corporation (a "10% Owner"), have an Option Price not less than 110% of the Fair Market Value of a Share on its Grant Date;

(c) shall be for a period of not more than 10 years (five years if the Grantee is a 10% Owner) from its Grant Date, and shall be subject to earlier termination as provided herein or in the applicable Award Agreement;

(d) shall not have an aggregate Fair Market Value (as of the Grant Date) of the Shares with respect to which Incentive Stock Options (whether granted under the Plan or any other stock option plan of the Grantee's employer or any parent or Subsidiary Corporation ~~—"Other Plans"~~) are exercisable for the first time by such Grantee during any calendar year ("Current Grant"), determined in accordance with the provisions of Section 422 of the Code, which exceeds \$100,000 ~~—(the "\$100,000 Limit")~~;

(e) shall require the Grantee to notify the Committee of any disposition of any Shares delivered pursuant to the exercise of the Incentive Stock Option under the circumstances described in Section 421(b) of the Code (relating to holding periods and certain disqualifying dispositions) ~~—(a "Disqualifying Disposition")~~, within 10 days of such ~~a Disqualifying Disposition~~ disposition; and

(f) shall by its terms not be assignable or transferable other than by will or the laws of descent and distribution and may be exercised, during the Grantee's lifetime, only by the Grantee; *provided* that the Grantee may, to the extent provided in the Plan in any manner specified by the Committee, designate in writing a beneficiary to exercise his or her Incentive Stock Option after the Grantee's death.

~~For purposes of this Section 6.4, "Subsidiary Corporation" means a corporation other than the Company in an unbroken chain of corporations beginning with the Company if, at the time of granting the Option, each of the corporations other than the last corporation in the unbroken chain owns stock possessing 50% or more of the total combined voting power of all classes of stock in one of the other corporations in such chain.~~ Notwithstanding the foregoing and Section 3.2, the Committee may, without the consent of the Grantee, at any time before the exercise of an Option (whether or not an Incentive Stock Option), take any action necessary to prevent such Option from being treated as an Incentive Stock Option.

Notwithstanding anything in this Section 6.4 to the contrary, Options designated as Incentive Stock Options shall not be eligible for treatment under the Code as Incentive Stock Options (and will be deemed to be Non-Qualified Stock Options) to the extent that ~~either (a) the aggregate Fair Market Value of the Shares (determined on the Grant Date) with respect to the Current Grant and all Incentive Stock Options previously granted under the Plan and any Other Plans which are exercisable for the first time during a calendar year would exceed the \$100,000 Limit, or (b) such Options otherwise remain exercisable but are not exercised within three (3) months of Separation from Service (or such other period of time provided in Section 422 of the Code).~~

The Committee may award a Grantee Dividend Equivalents in respect of Options that are the subject of an Award Agreement, as specified in and according to the terms of such Award Agreement; *provided* that no such Dividend Equivalents shall be paid unless and until the Period of Restriction or other applicable limitations or restrictions have ended and the Option has been exercised; and *provided, further*, that in no event shall any such Dividend Equivalent be awarded if it is determined that doing so could cause the Options to be subject to Section 409A.

6.5 **Payment.** Except as otherwise provided by the Committee in an Award Agreement or otherwise, Options shall be exercised by the delivery of a written notice of exercise to the Company or its designee, setting forth the number of Shares with respect to which the Option is to be exercised, accompanied by full payment for the Shares made by any one or more of the following means, subject to the approval of the Committee:

- (a) cash, personal check or wire transfer;
- (b) Shares, valued at their Fair Market Value on the date of exercise;
- (c) withholding of Shares otherwise deliverable upon exercise valued at their Fair Market Value on the date of exercise; or
- (d) subject to applicable law, pursuant to procedures previously approved by the Company, in cash through the sale of the Shares acquired on exercise of the Option through a broker-dealer to whom the Grantee has submitted an irrevocable notice of exercise and irrevocable instructions to deliver promptly to the Company the amount of sale or loan proceeds sufficient to pay for such Shares, together with, if requested by the Company, the mandatory amount of federal, state, local and foreign withholding taxes payable by Grantee by reason of such exercise.

Article 7.- Shares of Restricted Stock

7.1 **Grant of Shares of Restricted Stock.** Subject to and consistent with the provisions of the Plan, the Committee, at any time and from time to time, may grant Shares of Restricted Stock to any Eligible Person in such amounts as the Committee shall determine.

7.2 **Award Agreement.** Each grant of Shares of Restricted Stock shall be evidenced by an Award Agreement that shall specify the Period(s) of Restriction, the number of Shares of Restricted Stock granted, and such other provisions as the Committee shall determine. (ii) the date such Restricted Stock Units shall be paid (subject to such Period of Restriction and other limitations as may be specified by counsel to the Company).

(c) Deferral Account. The Company shall establish an account (“Deferral Account”) on its books for each Non-Management Director who makes a Deferral Election. A number of Restricted Stock Units (determined in the case of a Deferrable Amount otherwise payable in cash by dividing the amount of cash to be deferred by the Fair Market Value of a Share at the close of business on the date such cash would otherwise be paid) shall be credited to the Non-Management Director’s Deferral Account as of each date a Deferrable Amount subject to a Deferral Election would otherwise be paid. Deferral Accounts shall be maintained for recordkeeping purposes only and the Company shall not be obligated to segregate or set aside assets representing securities or other amounts credited to Deferral Accounts. The obligation to make distributions of securities or other amounts credited to Deferral Accounts shall be an unfunded unsecured obligation of the Company.

(d) Settlement of Deferral Accounts. The Company shall settle a Non-Management Director’s Deferral Account by delivering to the holder thereof (which may be the Non-Management Director or his or her beneficiary) a number of Shares equal to the number of Restricted Stock Units then credited to such Deferral Account (or a specified portion in the event of any partial settlement); *provided* that if less than the value of a whole Share remains in the Deferral Account at the time of any such distribution, the number of Shares distributed shall be rounded up to the next higher whole number of Shares if the fractional portion of a Share remaining is equal to or in excess of one-half Share, and otherwise shall be rounded down to the next lower whole number of Shares. Such settlement shall be made at the time or times specified in the applicable Deferral Election.

14.4 Insufficient Number of Shares. If at any date insufficient Shares are available under the Plan for the automatic grant of Director Annual Grants, or the delivery of Shares in lieu of cash payment of Director Fees, or crediting Restricted Stock Units pursuant to a Deferral Election, (a) Director Annual Grants under Section 14.1 automatically shall be granted proportionately to each Non-Management Director eligible for such a grant to the extent Shares are then available (*provided* that no Director Annual Grant shall be granted with respect to a fractional number of Shares), and (b) then, if any Shares remain available, Director Fees elected to be received in Shares shall be paid in the form of Shares or Restricted Stock Units proportionately among Non-Management Directors then eligible to participate to the extent Shares are then available and otherwise in the form of cash.

14.5 Non-Forfeitability. The interest of each Non-Management Director in Director Annual Grants granted or delivered under the Plan at all times shall be non-forfeitable, except to the extent the Board provides otherwise.

~~14.6 — No Duplicate Payments. No payments or Awards shall be made or granted under this Plan with respect to any services as a Non-Management Director if a payment or award has been or will be made for the same services under The Williams Companies, Inc. 1996 Stock Plan for Non-Employee Directors or The Williams Companies, Inc. 2002 Incentive Plan, as amended from time to time.~~

Article 15.- Amendment, Modification, and Termination

15.1 Amendment, Modification, and Termination. Subject to Section 15.2, the Board may, at any time and from time to time, alter, amend, suspend, discontinue or terminate the Plan in whole or in part without the approval of the Company's stockholders, except that (a) any amendment or alteration shall be subject to the approval of the Company's stockholders if such stockholder approval is required by any federal or state law or regulation or the rules of any securities exchange or other form of securities market on which the Shares may then be listed or quoted, (b) the Board may otherwise, in its discretion, determine to submit other such amendments or alterations to stockholders for approval and (c) no amendment or alteration of Section 6.3 or Section 10.4 (except to correct a scrivener's error) shall be made without the approval of the Company's stockholders.

15.2 Awards Previously Granted. Except as otherwise specifically permitted in the Plan, including Section 3.2, or an Award Agreement, no termination, amendment, or modification of the Plan, other than amendments or modifications required by applicable law, shall adversely affect in any material way any Award previously granted under the Plan, without the written consent of the Grantee of such Award; *provided* that at any time prior to a Change in Control, Article 13 may be removed, amended or modified in a manner that adversely affects Awards previously granted under the Plan, without the consent of any Grantee.

Article 16.- Withholding

16.1 Mandatory Tax Withholding.

(a) Whenever, under the Plan, (i) Shares are to be delivered upon payment of an Award, (ii) Shares of Restricted Stock become nonforfeitable, (iii) a cash payment is made for any Award, or (iv) any other payment event occurs with respect to rights and benefits hereunder, the Company or any Affiliate shall be entitled to require (A) that the Grantee remit an amount in cash or in Shares (valued at their Fair Market Value on the date the withholding obligation arises) in connection with the employer's federal, state, and local tax withholding obligations related thereto in an amount approved by the Committee in advance ("Applicable Withholding"), (B) the withholding of such Applicable Withholding from compensation otherwise due to the Grantee or from any Shares valued at their Fair Market Value at the date the withholding obligation arises, or from any other payment due to the Grantee under the Plan or otherwise or (C) any combination of the foregoing.

(b) If any Grantee makes an election under Section 83(b) of the Code, the Company or any Affiliate shall be entitled to require (i) that the Grantee remit an amount in cash or in Shares (valued at their Fair Market Value on the date the withholding obligation arises) sufficient to satisfy the resulting Applicable Withholding, (ii) the withholding of such Applicable Withholding from compensation otherwise due to the Grantee or from any Shares or other payment due to the Grantee under the Plan or otherwise or (iii) any combination of the foregoing.

16.2 Notification under Code Section 83(b). If any Grantee makes the election permitted under Section 83(b) of the Code to include in such Grantee's gross income in the year of transfer the amounts specified in Section 83(b) of the Code, then such Grantee shall notify the Company of such election within ten (10) days of filing the notice of the election with the Internal Revenue Service, in addition to any filing and notification required pursuant to regulations issued under Section 83(b) of the Code. The Committee may, in connection with the grant of an Award or at any time thereafter, prohibit a Grantee from making the election described above.

Article 17.- Additional Provisions

17.1 Successors. All obligations of the Company under the Plan with respect to Awards granted hereunder shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise of all or substantially all of the business and/or assets of the Company.

17.2 Severability. If any part of the Plan is declared by any court or governmental authority to be unlawful or invalid, such unlawfulness or invalidity shall not invalidate any other part of the Plan. Any Section or part of a Section so declared to be unlawful or invalid shall, if possible, be construed in a manner which will give effect to the terms of such Section or part of a Section to the fullest extent possible while remaining lawful and valid.

17.3 Requirements of Law. The granting of Awards and the delivery of Shares under the Plan shall be subject to all applicable laws, rules, and regulations, and to such approvals by any governmental agencies or securities exchanges as may be required. Notwithstanding any provision of the Plan or any Award, Grantees shall not be entitled to exercise, or receive benefits under, any Award, and the Company (and any Affiliate) shall not be obligated to deliver any Shares or deliver benefits to a Grantee, if such exercise or delivery would constitute a violation by the Grantee or the Company of any applicable law or regulation.

17.4 Securities Law Compliance.

(a) If the Committee deems it necessary to comply with any applicable securities law, or the requirements of any securities exchange or other form of securities market upon which Shares may be listed, the Committee may impose any restriction on Shares acquired pursuant to Awards under the Plan as it may deem advisable. All certificates for Shares delivered under the Plan pursuant to any Award or the exercise thereof shall be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations and other requirements of the SEC, any securities exchange or other form of securities market upon which Shares are then listed, any applicable securities law, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions. If so requested by the Company, the Grantee shall make a written representation to the Company that he or she will not sell or offer to sell any Shares unless a registration statement shall be in effect with respect to such Shares under the Securities Act of 1933, as amended, and any applicable state or foreign securities law or unless he or she shall have furnished to the Company, in form and substance satisfactory to the Company, that such registration is not required.

(b) If the Committee determines that the exercise, nonforfeitability of, or delivery of benefits pursuant to, any Award would violate any applicable provision of securities laws or the listing requirements of any securities exchange or other form of securities market on which are listed any of the Company's equity securities, then the Committee may postpone any such exercise, nonforfeitability or delivery, as applicable, but the Company shall use all reasonable efforts to cause such exercise, nonforfeitability or delivery to comply with all such provisions at the earliest practicable date.

17.5 No Rights as a Stockholder. No Grantee shall have any rights as a stockholder of the Company with respect to the Shares (other than Shares of Restricted Stock) which may be deliverable upon exercise or payment of such Award until such Shares have been delivered to him or her. Shares of Restricted Stock, whether held by a Grantee or in escrow by the Secretary of the Company, shall confer on the Grantee all rights of a stockholder of the Company, except as otherwise provided in the Plan or Award Agreement. At the time of a grant of Shares of Restricted Stock, the Committee may require the payment of cash dividends thereon to be deferred and, if the Committee so determines, reinvested in additional Shares of Restricted Stock. Stock dividends and deferred cash dividends issued with respect to Shares of Restricted Stock shall be subject to the same restrictions and other terms as apply to the Shares of Restricted Stock with respect to which such dividends are issued. The Committee may in its discretion provide for payment or crediting of interest on deferred cash dividends.

17.6 Nature of Payments. Unless otherwise specified in the Award Agreement, Awards shall be special incentive payments to the Grantee and shall not be taken into account in computing the amount of salary or compensation of the Grantee for purposes of determining any pension, retirement, death or other benefit under (a) any pension, retirement, profit-sharing, bonus, insurance or other employee benefit plan of the Company or any Affiliate, except as such plan shall otherwise expressly provide, or (b) any agreement between (i) the Company or any Affiliate and (ii) the Grantee, except as such agreement shall otherwise expressly provide.

17.7 Non-Exclusivity of Plan. Neither the adoption of the Plan by the Board nor its submission to the stockholders of the Company for approval shall be construed as creating any limitations on the power of the Board to adopt such other compensatory arrangements for employees or Non-Management Directors as it may deem desirable.

17.8 Governing Law. The Plan, and all agreements hereunder, shall be construed in accordance with and governed by the laws of the State of Delaware, other than its laws respecting choice of law.

17.9 Share Certificates. Any certificates for Shares delivered under the terms of the Plan shall be subject to such stop-transfer orders and other restrictions as the Committee may deem advisable under federal or state securities laws, rules and regulations thereunder, and the rules of any foreign securities laws, rules and regulations thereunder, and the rules of any national securities exchange or other form of securities market on which Shares are listed or quoted. The Committee may cause a legend or legends to be placed on any such certificates to make appropriate reference to such restrictions or any other restrictions or limitations that may be applicable to Shares. In addition, during any period in which Awards or Shares are subject to restrictions or limitations under the terms of the Plan or any Award Agreement, or during any period during which delivery or receipt of an Award or Shares has been deferred by the Committee or a Grantee, the Committee may require any Grantee to enter into an agreement providing that certificates representing Shares deliverable or delivered pursuant to an Award shall remain in the physical custody of the Company or such other person as the Committee may designate.

17.10 Unfunded Status of Awards; Creation of Trusts. The Plan is intended to constitute an “unfunded” plan for incentive and deferred compensation. With respect to any payments not yet made to a Grantee pursuant to an Award, nothing contained in the Plan or any Award Agreement shall give any such Grantee any rights that are greater than those of a general creditor of the Company; *provided* that the Committee may authorize the creation of trusts or make other arrangements to meet the Company’s obligations under the Plan to deliver cash, Shares or other property pursuant to any Award which trusts or other arrangements shall be consistent with the “unfunded” status of the Plan unless the Committee otherwise determines.

17.11 Employment. Nothing in the Plan or an Award Agreement shall interfere with or limit in any way the right of the Company or any Affiliate to terminate any Grantee’s employment at any time, for any reason or no reason, or shall confer upon any Grantee the right to continue in the employ or as an officer of the Company or any Affiliate.

17.12 Participation. No employee or officer shall have the right to be selected to receive an Award under this Plan or, having been so selected, to be selected to receive a future Award.

17.13 Military Service. Awards shall be administered in accordance with Section 414(u) of the Code and the Uniformed Services Employment and Reemployment Rights Act of 1994 to the extent required by law or as determined by the Committee.

17.14 Construction; Gender and Number. The following rules of construction will apply to the Plan: (a) the word “or” is disjunctive but not necessarily exclusive, and (b) words in the singular include the plural, words in the plural include the singular, and words in the neuter gender include the masculine and feminine genders and words in the masculine or feminine gender include the other neuter genders.

17.15 Headings. The headings of articles and sections are included solely for convenience of reference, and if there is any conflict between such headings and the text of this Plan, the text shall control.

17.16 Obligations. Unless otherwise specified in an Award Agreement, the obligation to deliver, pay or transfer any amount of money or other property pursuant to Awards under this Plan shall be the sole obligation of a Grantee’s employer; *provided* that the obligation to deliver or transfer any Shares pursuant to Awards under this Plan shall be the sole obligation of the Company.

17.17 No Right to Continue as Director. Nothing in the Plan or any Award Agreement shall confer upon any Non-Management Director the right to continue to serve as a director of the Company.

17.18 Code Section 409A Compliance. The Board intends that, except as may be otherwise determined by the Committee, any Awards under the Plan satisfy the requirements of Section 409A of the Code and related regulations and Treasury pronouncements (“Section 409A”) to avoid the imposition of any taxes, including additional income taxes, thereunder. If the Committee determines that an Award, Award Agreement, payment, distribution, deferral election, transaction or any other action or arrangement contemplated by the provisions of the Plan would, if undertaken, cause a Grantee to become subject to Section 409A, unless the Award is granted with a deferral feature under Section 5.8 or 14.3 hereof, or the Committee expressly determines otherwise, such grant of Award, payment, distribution, deferral election, transaction or other action or arrangement shall not be undertaken and the related provisions of the Plan and/or Award Agreement will be amended or deemed modified in as close a manner as possible to give effect to the original terms of the Award, or, only if necessary because a modification or deemed modification would not be reasonably effective in avoiding the additional income tax under Section 409A(a)(1)(B) of the Code, rescinded in order to comply with the requirements of Section 409A to the extent determined by the Committee without the consent

of or notice to the Grantee. Notwithstanding the foregoing, with respect to any Award intended by the Committee to be exempt from the requirements of Section 409A which is to be paid out when vested, such payment shall be made as soon as administratively feasible after the Award becomes vested, but in no event shall such payment be made later than 2-1/2 months after the end of the calendar year in which the Award became vested unless (a) deferred pursuant to Section 5.8 or 14.3 or (b) otherwise permitted under the exemption provisions of Section 409A.

Any payments described in the Plan that are due within the “short-term deferral period” as defined in Section 409A ~~of the Code~~ shall not be treated as deferred compensation unless applicable laws require otherwise. For purposes of Section 409A, any installment payment provided for under this Plan or an Award hereunder shall be treated as a separate payment. Notwithstanding anything to the contrary in the Plan, to the extent required to avoid accelerated taxation and tax penalties under Section 409A ~~of the Code~~, amounts that would otherwise be payable and benefits that would otherwise be provided pursuant to the Plan during the six (6) month period immediately following the Grantee’s “separation from service” (used here within the meaning of Section 409A ~~of the Code~~) shall instead be paid on the first payroll date after the six-month anniversary of the Grantee’s separation from service (or the ~~Participant’s~~Participant’s death, if earlier). Notwithstanding the foregoing, neither the Company nor the Committee shall have any obligation to take any action to prevent the assessment of any additional tax or penalty on any Grantee under Section 409A ~~of the Code~~ and neither the Company nor the Committee will have any liability to any Grantee for such tax or penalty.

17.19 Recoupment Policy. Subject to the terms and conditions of the Plan, the Committee may (and shall, to the extent required by applicable laws, rules, regulations or stock exchange listing standard, including Section 954 of the U.S. Dodd-Frank Wall Street Reform and Consumer Protection Act, Section 10D of the Exchange Act and any rules promulgated thereunder and any other regulatory regimes, including Rule 10D-1 of the Exchange Act and Section 303A.14 of the NYSE Listed Company Manual) provide that any Grantee and/or any Award, including any Shares subject to an Award, is subject to any recovery, recoupment, clawback and/or other forfeiture policy maintained by the Company from time to time, including, without limitation, The Williams Companies, Inc. Financial Statement Compensation Recoupment Policy as may be amended from time to time, or any successor thereto.

5. **Participation.**

(a) An eligible Employee may become a participant in the Plan by completing required documents ("Enrollment Documents") and submitting them to the stock brokerage or other financial services firm designated by the Company ("Designated Broker") as required at any time on or prior to the applicable Offering Date, ~~unless a later time for submission of the Enrollment Documents is set by the Compensation Committee for all eligible Employees with respect to a given Offering Period; provided however, that notwithstanding anything to the contrary, such later time for submission shall not be after the beginning of the Offering Period.~~ The Enrollment Documents and their submission may be electronic, as directed by the Company. 6. **Method of Payment of Contributions.**

(a) Subject to the limitations set forth in Section 3(b), a participant shall elect at the time and manner prescribed by the Designated Broker to have payroll deductions made on each payday during the Offering Period in a dollar amount of not less than \$10.00 but not to exceed \$576 per payday (or such greater amount as the Compensation Committee may establish from time to time before an Offering Date) of such participant's Compensation on each payday during the Offering Period; provided further that once such election has been made and the Offering Period begins, the participant may not increase such election amount during such Offering Period and may decrease such election amount only as detailed in Section 6(b) or elsewhere in this Plan. All payroll deductions made by a participant shall be credited to his or her account under the Plan. A participant may not make any additional payments into such account. Further, the maximum payroll deductions that a participant may elect per Offering Period shall not exceed \$7,500 and the maximum payroll deductions that a participant may elect for any calendar year shall not exceed \$15,000 (or, subject to the limitations set forth in Section 3(b), such greater amount as the Compensation Committee may establish from time to time before an Offering Date). Such change to zero will apply for the whole Offering Period and will be irrevocable with respect to the Option Offering Period. A participant's Contributions prior to the processing of the change in his or her payroll deduction rate to zero will be paid returned to such participant, and his or her option for the current Offering Period

will be automatically terminated, and no further Contributions for the purchase of Shares shall be made during the Offering Period. Such a participant will be required to actively make a new election for the next Offering Period that he or she chooses to participate in, in accordance with the election procedures described in the Plan. ~~(b) — The fair market value of the Company's Common Stock on a given date (the "Fair Market Value") shall be the closing sales price on the New York Stock Exchange on such date (or, in the event that the Common Stock is not traded on such date, on the immediately preceding trading date), as reported in The Wall Street Journal. In the event the Company's Common Stock is not publicly traded at the time a determination of its value is required to be made hereunder, the determination of its fair market value shall be made by the Compensation Committee in such manner as it deems appropriate.~~

8. **Exercise of Option.** Subject to Section 10, a participant's option for the purchase of Shares will be exercised automatically on each Purchase Date of an Offering Period, and the greatest number of Shares subject to the option will, subject to the limitations set forth in Sections 3(b), 7 and 12, be purchased at the applicable Purchase Price with the accumulated Contributions in his or her account. Fractional Shares up to three decimal places shall be issued, as necessary; provided that any excess Contributions in a participant's account that cannot purchase a fractional Share up to three decimal points may be returned to such participant. ~~The Shares purchased upon exercise of an option hereunder shall be deemed to be transferred to the participant on the Purchase Date.~~ During his or her lifetime, a participant's option to purchase Shares hereunder is exercisable only by him or her.

9. **Holding Period and Delivery.** As promptly as practicable after a Purchase Date, the number of Shares purchased by each participant upon exercise of his or her option shall be deposited into an account established in the participant's name with the Designated Broker. Any payroll deductions accumulated in a participant's account that are not applied toward the purchase of Shares on a Purchase Date due to limitations imposed by the Plan may be returned to the participant or applied toward the purchase of Shares on the next Purchase Date, as determined by the Company. The Compensation Committee may require that Shares be retained with the Designated Broker for a designated period of time and/or may establish other procedures to permit tracking of disqualifying dispositions of such Shares for purposes of Section 423 of the Code. Subject to the holding period described in the following sentence, a participant may, at any time, direct the Designated Broker to sell his or her Shares and deliver to the participant the proceeds therefrom, less applicable expenses. Notwithstanding any other provision of the Plan to the contrary, all Shares purchased by a participant cannot be sold or otherwise transferred by the participant to anyone else until one year after the Purchase Date.

10. **Withdrawal; Termination of Employment.**

(a) A participant may withdraw all but not less than all the Contributions credited to his or her account under the Plan as detailed in Section 6(b).

(b) Upon termination of the participant's status as an eligible Employee and/or Continuous Status as an Employee prior to the Purchase Date of an Offering Period for any reason, whether voluntary or involuntary, including retirement or

(c) In the event an Employee fails to remain in Continuous Status as an Employee ~~of the Company~~ during the Offering Period in which the employee is a participant, he or she will be deemed to have elected to withdraw from the Plan and the Contributions credited to his or her account will be returned to him or her and his or her option terminated.

(d) An Employee's withdrawal from an offering (other than under Section 10(b) or 10(c)) will not have any effect upon his or her eligibility to participate in a succeeding offering or in any similar plan that may hereafter be adopted by the Company.

11. **Interest.** No interest shall accrue on the Contributions of a participant in the Plan.

~~12. **Stock.**~~

(a) ~~12.~~ **Stock.** Subject to adjustment as provided in Section 18, the maximum number of Shares that shall be made available for sale under the Plan shall be ~~five million two hundred thousand (5,200,000)~~ seven million two hundred thousand (7,200,000) Shares. If the Compensation Committee determines that, on a given Purchase Date, the number of shares with respect to which options are to be exercised may exceed (1) the number of ~~shares of Common Stock~~ Shares that were available for sale under the Plan on the Offering Date of the applicable Offering Period, or (2) the number of ~~share~~ Shares available for sale under the Plan on such Purchase Date, the Compensation Committee may in its sole discretion provide ~~(x) that the Company shall make a pro rata allocation of the Shares of Common Stock available for purchase on such Offering Date or Purchase Date, as applicable, in as uniform a manner as shall be practicable and as it shall determine in its sole discretion to be equitable among all participants exercising options to purchase Common Stock on such Purchase Date, and continue the Plan as then in effect, or~~ ~~(y) that the Company shall make a pro rata allocation of the Shares available for purchase on such Offering Date or Purchase Date, as applicable, in as uniform a manner as shall be practicable and as it shall determine in its sole discretion to be equitable among all participants exercising options to purchase Common Stock on such Purchase Date, and~~ (x) continue the Plan as then in effect, or (y) terminate the Plan pursuant to Section 19 below. The Company may make a pro rata allocation of the Shares available on the Offering Date of any applicable Offering Period pursuant to the preceding sentence, notwithstanding any authorization of additional Shares for issuance under the Plan by the Company's stockholders subsequent to such Offering Date.

~~(b) — The participant shall have no interest or voting right in Shares covered by his or her option until such option has been exercised.~~

13. **Administration.**

(a) The Compensation Committee shall supervise and administer the Plan and shall have full power to adopt, amend and rescind any rules deemed desirable and appropriate for the administration of the Plan and not inconsistent with the Plan, to construe and interpret the Plan, to correct any defect, supply any omission or reconcile any inconsistency or ambiguity in the Plan, and to make all other determinations necessary or advisable for the administration of the Plan. The Compensation Committee ~~delegates~~ may delegate the routine day-to-day administration of the Plan (including the selection of a Designated Broker for the Plan) to the ~~Vice President of Human Resources~~ Company's senior human resources officer, or such other officer or officers of the Company it deems appropriate. The decisions of the Committee or its delegate shall be final and binding on all persons.

(b) Without stockholder consent and without regard to whether any participant rights may be considered to have been adversely affected, the Compensation Committee shall be entitled to change the Offering Periods (as provided in Section 4 above), limit the frequency and/or number of changes in the amount withheld during an Offering Period (solely prior to the commencement of the affected Offering Periods), establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a participant in order to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common Stock for each participant properly correspond with amounts withheld from the participant's Compensation, and establish such other procedures as the Compensation Committee determines in its sole discretion advisable that are consistent with the Plan.

14. **Designation of Beneficiary.**

(a) A participant may designate a beneficiary who is to receive any Shares and cash, if any, from the participant's account under the Plan in the event of such participant's death subsequent to the end of an Offering Period but prior to delivery to him or her of such Shares and cash. ~~In addition, a participant may designate a beneficiary who is to receive any cash from the participant's account under the Plan in the event of such participant's death prior to the Purchase Date of an Offering Period.~~ If a participant is married and the designated beneficiary is not the spouse, spousal consent shall be required for such designation to be effective. Beneficiary designations under this Section 14(a) shall be made in the form and manner prescribed by the Designated Broker.

(b) Such designation of beneficiary may be changed by the participant (and his or her spouse, if any) at any time by submission of the required notice, which required notice may be electronic. In the event of the death of a participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such participant's death, the Company shall deliver such Shares and/or cash to the executor or administrator of the estate of the participant, on behalf of such estate, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may deliver such Shares and/or cash to the applicable heirs at law.

15. **Transferability.** Neither Contributions credited to a participant's account nor any rights with regard to the exercise of an option or to receive Shares under the Plan may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution, or as provided in Section 14) by the participant. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Company may treat such act as an election to withdraw funds in accordance with Section 10.

16. **Use of Funds.** All Contributions received or held by the Company under the Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such Contributions.

In the event that the successor corporation refuses to assume or substitute for outstanding options, each Offering Period then in progress shall be shortened and a new Purchase Date shall be set (the "New Purchase Date"), as of which date any Offering Period then in progress will terminate.

The New Purchase Date shall be on or before the date of consummation of the transaction and the Board shall notify each participant in writing, at least ten (10) days prior to the New Purchase Date, that the Purchase Date for his or her option has been changed to the New Purchase Date and that his or her option will be exercised automatically on the New Purchase Date, subject to Section 10. For purposes of this Section 18, an option granted under the Plan shall be deemed to be assumed, without limitation, if, at the time of issuance of the stock or other consideration upon a Corporate Transaction, each holder of an option under the Plan would be entitled to receive upon exercise of the option the same number and kind of shares of stock or the same amount of property, cash or securities as such holder would have been entitled to receive upon the occurrence of the transaction if the holder had been, immediately prior to the transaction, the holder of the number of Shares of Common Stock covered by the option at such time (after giving effect to any adjustments in the number of Shares covered by the option as provided for in this Section 18); provided however that if the consideration received in the transaction is not solely common stock of the successor corporation or its parent (as defined in Section 424(e) of the Code), the Board may, with the consent of the successor corporation, provide for the consideration to be received upon exercise of the option to be solely common stock of the successor corporation or its parent equal in Fair Market Value to the per Share consideration received by holders of Common Stock in the transaction.

In addition, to the extent necessary to comply with Rule 16b-3 under the Exchange Act, or under Section 423 of the Code (or any successor rule or provision or any applicable law or regulation), the Company shall obtain stockholder approval in such a manner and to such a degree as so required.

20. **Notices.** All notices or other communications by a participant to the Company under or in connection with the Plan shall be deemed to have been duly given when received in the form specified by the Company at the location, or by the person, designated by the Company for the receipt thereof.

As a condition to the exercise of an option, the Company may require the person exercising such option to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned applicable provisions of law.

22. **Term of Plan; Effective Date.** The Plan originally became effective upon approval by the Company's stockholders with the first offering period beginning October 1, 2007. 24. **Not a Contract of Employment.** The adoption and maintenance of the Plan shall not be deemed to be a contract between the Company or any Designated Subsidiaries and any person or to be consideration for the employment of any person. Participation in the Plan at any given time shall not be deemed to create the right to participate in the Plan, or any other arrangement permitting an employee of the Company or any Designated Subsidiaries to purchase Common Stock at a discount, in the future. The rights and obligations under any participant's terms of employment with the Company or any of the Designated

Subsidiaries shall not be affected by participation in the Plan. Nothing herein contained shall be deemed to give any person the right to be retained in the employ of the Company or any of the Designated Subsidiaries or to restrict the right of the Company or any of the Designated Subsidiaries to discharge any person at any time, nor shall the Plan be deemed to give the Company or any of the Designated Subsidiaries the right to require any person to remain in the employ of the Company or any of the Designated Subsidiaries or to restrict any person's right to terminate his employment at any time. The Plan shall not afford any participant any additional right to compensation as a result of the termination of such participant's employment for any reason whatsoever.

27. **Applicable Law.** The laws of the State of will govern all questions concerning the construction, validity and interpretation of the Plan, without regard to such state's conflict of law rules.
